THE ATLANTIC

Mutual Life Insurance Company,
OF ALBANY, N. Y.,

Is the only Company in Canada authorized to issue Registered Policies

The Superintendent certifies that every

Registered Policy

IS SECURED BY SPECIAL DEPOSIT.

"The deposits of Stocks in this Department are for the purpose of securing the payment of the Policies, and such Deposits are adequate for the purpose."—Hon. Wm. BARNES, Sup't. Insurance Dept't. N.Y.

SUPERINTENDENT MILLER, in his last Report, says that a Registered Policy offers the following advantages:

1st. That the legal reserve according to the Department computation, is faithfully set aside to meet the company's liabilities.

2nd. That such reserve fund consist of securities of the highest class, and which have passed not only the examination of the officers and counsel of the Company, but also the scrutiny of the Department.

3rd. The obligation of the State that the deposits shall be faithfully kept and applied.

4th. The impossibility of any loss or great inconvenience even, from the loss of any policy, a duplicate always being on the file in the Department, and a copy obtainable on application.

Perfect assurance that a company has, securely invested and in entirely safe keeping, the amount which, by the legal standard, will be sufficient to meet its liabilities, is about the highest security which can reasonably be expected. This assurance would seem to be fairly the result of the registered policy system. It certainly removes all question as to the amount of a company's reserve fund being made up of fictitious items, or assets which look large on paper, but fail to meet expectations when wanted to pay losses. There are but few of our non-registering companies but which credit themselves with items of assets to make up the required reserve, which would be entirely unavailable as a deposit under the registered policy system. There are many who believe that this system should be made compulsory; that the public interests demand that the Legislature should provide this protection to those interested in life insurance. The Superintendent, however, in this, as in other particulars, is inclined to think it the better policy to leave both insurer and insured unrestricted by law to the widest possible degree compatible with ultimate security. If investigation discloses that companies are not honestly and faithfully reserving assets to an amount and of a character adequate to meet their ultimate liabilities, a remedy will very likely be provided by the Legislature compelling the adoption of this system.—Hon. Geo. W. MILLER, Supt. Ins. Dept't. New York.

PHENIX MUTUAL

Life Insurance Company,

HARTFORD, CONN.

JUNE 15TH, 1871.

ASSETS, securely invested.....\$6,554,476 54
SURPLUS, free of all liabilities..... 1,761 147 19
Ratio of Assets to Liabilities larger than that of any other Company of equal age, being

140.68 of Assets to every 100 of Liabilities.

DIVIDENDS paid to Policy-holders.....\$1,255,593 65
INCOME for the year..... \$937,939 85

As indicating the uninterrupted and rapid increase of the business of the Company, the following statement is given, comparing the business of 1868 and 1871 respectively.

	No. of Policies Issued.	Income.	Assets.
1868.....	7,167	\$1,445,211.50	\$2,992,840.11
1871.....	9,107	2,937,939.85	6,554,476.54

And in the same period of time the yearly Dividends paid to policy-holders have been increased from

\$85,382.00 to \$585,364.00.

Thus it appears that while there has been so large an increase in Dividends within the past three years, the Company has still been able to nearly three-fold its Assets, as well as to maintain a large and regularly accumulating Surplus over all Liabilities. And it is to be further considered, that within the same time there has been paid in losses by death the sum of

\$1,253,566.00.

These facts afford sufficient evidence that the Company is, in all particulars, ever watchful of the present interests of policy-holders, in order that in the end it may not only be just, but liberal toward them.

That the business of the Company is managed with strictest economy, is indicated by the fact that notwithstanding the large increase in business the expenses have been in inverse proportion, as will be seen by the following table:—

	1870.	1869.	1868.	1867.
Ratio of Expense to Prem. Receipts	17.39	19.27	19.67	22.53
Ratio of Expense to Gross Receipts	15.41	17.20	18.07	20.53

As evidence of the special care taken by the Company in the selection of risks, it is sufficient to state that its ratio of losses paid to amount at risk, is smaller than that of any other Company of equal age, namely, 0.91.

Since the commencement of business, the Company has issued more than

47,000 POLICIES,

and has paid in losses

Nearly Two Million Dollars

To the families of those who have deceased while members of the Company.
