

N.S. to B.C. on the "Air Line"

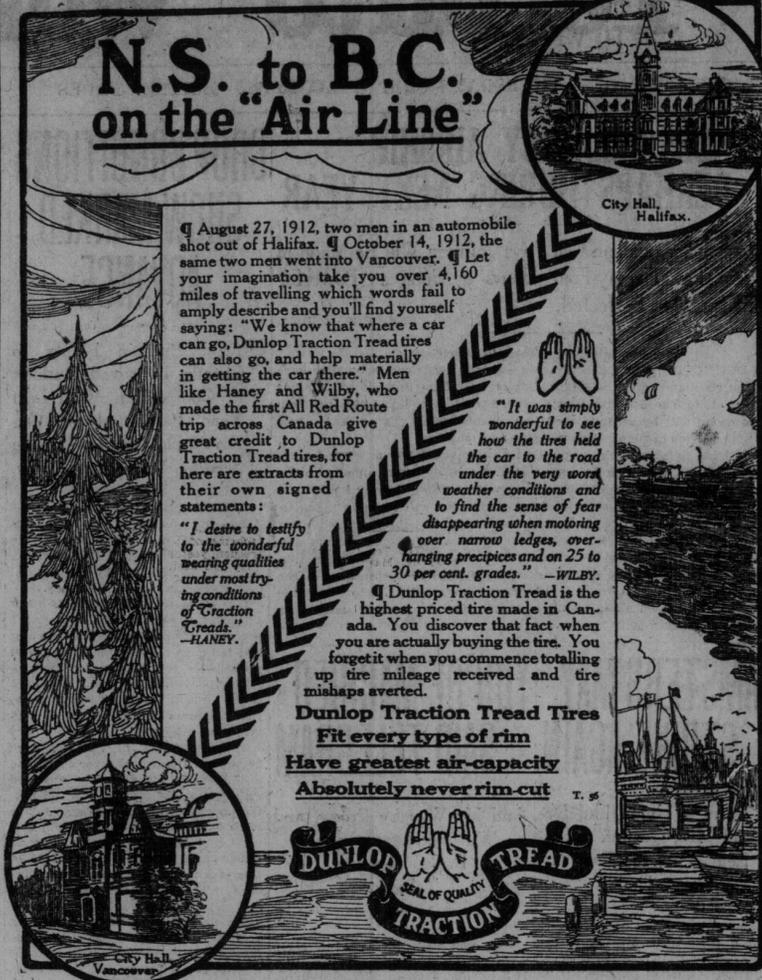

August 27, 1912, two men in an automobile shot out of Halifax. October 14, 1912, the same two men went into Vancouver. Let your imagination take you over 4,160 miles of travelling which words fail to amply describe and you'll find yourself saying: "We know that where a car can go, Dunlop Traction Tread tires can also go, and help materially in getting the car there." Men like Haney and Wilby, who made the first All Red Route trip across Canada give great credit to Dunlop Traction Tread tires, for here are extracts from their own signed statements:

"I desire to testify to the wonderful wearing qualities under most trying conditions of Traction Tread tires." —HANEY.

"It was simply wonderful to see how the tires held the car to the road under the very worst weather conditions and to find the sense of fear disappearing when motoring over narrow ledges, overhanging precipices and on 25 to 30 per cent grades." —WILBY.

Dunlop Traction Tread is the highest priced tire made in Canada. You discover that fact when you are actually buying the tire. You forget it when you commence totalling up the mileage received and tire mishaps averted.

Dunlop Traction Tread Tires
Fit every type of rim
Have greatest air-capacity
Absolutely never rim-cut

MISS PERCY HASWELL

MISS PERCY HASWELL RETURNS TO TORONTO

Will Open Her Season of Summer Stock a Week From Monday.

ATTRACTIONS NEXT WEEK

Carlotta Nilsson in New Play at Princess—Gertrude Hoffmann at the Alexandra.

Miss Percy Haswell is home again. She arrived in Toronto yesterday, accompanied by her manager, Lee Grove, and several members of her company, who will open their season's summer stock engagement at the Alexandra in two weeks. To Miss Haswell Toronto is home, and she was delighted to return here. "When I walk up or down the streets in Toronto," she said to "The World" yesterday, "I seem to see people I know, and the people I really do know are glad to see me, I think, and that is why I call Toronto my home."

Miss Haswell has secured practically a new company for her summer season, although some of the old favorites will return when their seasons close. Miss Haswell herself just closed an engagement in Baltimore, where she was in vaudeville. The Baltimore Press Club gave a benefit, and Miss Haswell sang for them, as she is as great a favorite there as she is in Toronto.

Her company will consist of sixteen players, and the repertoire of plays already arranged for includes "Miss Dot," by which the season will be opened on May 26; "Man and Superman," "The Runaway," "The Glad Eye," "Green Stockings," "The Road to Yesterday," "Romeo and Juliet," and many other plays.

Robert Cairn will be Miss Haswell's leading man, while the light comedy roles will be played by Pittsman Pinto. Others in the company are Miss Jean Hanchett, J. T. Galloway, Edna Heberd and many other notable actors.

New Play at the Princess.
Seats go on sale this morning at the Princess Theatre for the engagement of Miss Carlotta Nilsson in W. Legrand-Hodge's new play, "Deborah," which will have its initial performance next Tuesday evening. The play is based upon the greatest love known to humanity, the craving of a woman for children, and Mr. Howland, working upon advanced lines of thought, has brought forth a dramatic story which is destined to create interest and deep thought. Miss Nilsson in the title role has been given what she deems her greatest opportunity, and her return here will signal her return to the American stage after an absence of two years spent in travel and study. A sumptuous production has been provided, the scenes showing modern life, and the supporting cast with income such as Irving Pichel, Frank Gilmore, Isabelle Lee, Elliott Dexter, Myra Brooke, Maud Sinclair, Marie Day, Helen Mellington and Florence Windhor. The usual Wednesday and Saturday matinees will be given during the engagement.

Gertrude Hoffmann and her large company of entertainers will be the attraction at the Alexandra Theatre next week, when the Winter Garden

Company offers Miss Hoffmann in "Broadway to Paris," a modernized musical comedy built along spectacular lines. The organization comes to this city fresh from its successful engagement at the Winter Garden, the home of musical successes.

"Broadway to Paris" is a city cousin to "The Passing Show of 1912," and in many respects is bigger, for there are two acts and twelve scenes. The no-star rule which is in force at the Winter Garden had to be abandoned for the time being in order to allow Miss Hoffmann to twinkle, and now she is going on tour with fresh laurels to her credit. One finds that the book and lyrics are by George Bronson Howard and Harold Atteridge, and the music by Max Hoffmann. Mr. Ned Wayburn is the producer, while Morris Gest directs the tour. There will be matinees on Tuesday, Thursday and Saturday.

"The Third Degree"
"The Third Degree" process of ex-tortoring confessions dates back to long before the Christian era; was practised during the Caesar regime; it was instituted in Spain by Ferdinand and Isabella when Columbus was promoting his first voyage, and since then has been used by the police departments of every large city in the world. This attack by Charles Klein is the first blow ever struck at the process, and the recent ruling of the supreme court of the United States fully demonstrates the convincing power of the remarkable drama, "The Third Degree." Since this play was launched, a little over a year ago, sweating and abusing of prisoners has been restricted in several states, and Commissioner Bingham of the New York police was forced to resign on account of the publicity given his brutal methods. Chief of Police Kohler of Cleveland, after witnessing a performance at the Euclid Avenue Theatre in that city, announced that no more prisoners would be questioned until counsel had been appointed. "The Third Degree," with a strong company, will be the attraction at the Grand next week.

"The Man From Home"
"The Man From Home," a comedy drama in four acts, by Booth Tarkington and Harry Leon Wilson, and William Hodge's greatest success, will be presented by the Bonstelle Players at the direction of Mr. Bortray on Wednesday. Street car after street car packed with boys and girls all glowing with excitement arrived at the grounds, all hurried from the street railway company, to roam at will over the vast transportation building, and under the care of Mr. Bortray they had the wonderful and instructive stories of the far east explained and witnessed the remarkable panoramas, models and inductions of this vast presentation. The school board were very wise to accept this most generous offer of the Rev. S. Schor, for a more striking educational trip could not be given the young people of our city. Literally thousands are now pouring into the grounds daily.

MR. LOCKE TO SPEAK.
An invitation has been received by Mr. George H. Locke, chief librarian of the Public Library Association, asking him to deliver an address at the annual meeting to be held this year at Eastbourne. The invitation mentions the work of the Toronto Public Library as an educational institution of a municipality affording educational opportunities entirely apart and different from the work of schools and universities. The Toronto Public Library, in its reference department, is peculiarly that kind of an institution, as in it are used each year almost as many books as are circulated as fiction through the library system. The other phase, in which British friends are interested, is the great advance made in the municipal reference library in the city hall.

Star Stock Company
An all-star bill has been arranged by Miss Blanche Baird and her English Folly Burlesque Stock Company for next week at the Star Theatre. The patrons may be assured of nothing but the highest class entertainment, as an attempt is being made to make this the most successful season of stock burlesque in the career of the Star Theatre. A chorus of twenty-five singers and dancers have been secured, picked from the cream of the burlesque wheel. At the Gaiety Theatre
—One of the most important burlesque attractions that will be brought to this

city will be Charles H. Waldron's Trocadero. The production is entirely new, and Frank Finney, the principal author-comedian, is said to have surpassed himself in his newest musical farce, which he has named "The Three Dukes." The play contains many comical touches of nature, and those who have seen it speak of it as one of the most satisfying of comedies offered this season to the lovers of musical burlesque.

PALESTINE IN TORONTO VISITED BY CHILDREN
Nine Hundred Pupils From Public Schools Saw Instructive Exhibit.

Elaborate preparations for the demonstration and mass meeting in the Mutual Street Arena next Monday are being made by the several Conservative associations and clubs of the city. Each will be represented by a large delegation in the procession, which will escort the Right Hon. Mr. Borden and his cabinet associates from the Queen's Hotel to the Arena, and after the meeting in torchlight parade to the North Toronto Station.

SUIT OVER INSURANCE.
Gustavus Hamilton, who died at the Western Hospital some time ago, bequeathed his insurance to his sister-in-law, Matilda Kenney, 97 Shaw street, to whom the policy was assigned. Hamilton's brother, John, sought to have the assignment made void in the non-jury assize court yesterday, on the ground that his brother was delirious when his signature was made.

The evidence of Mr. and Mrs. William Fuller, with whom Gustavus Hamilton had resided, resulted in Mr. Justice Latchford dismissing the action on the premises that no evidence had been submitted to show that the deceased was mentally weak when he assigned the policy.

KEEN PRICES.
A man's clothes must be made to his measure to give him a measure of satisfaction and individuality and character, which every man claims he prides himself in. At E. B. Score & Son, Limited, prices are no barrier to a gentleman having his clothes made, for him.

Mrs. C. L. Wells will meet any ladies interested in good health today 10 a.m. at Guild Hall on McGill street.

ELABORATE PLANS NEARLY COMPLETE

Borden Meeting on Monday Will Be "Finished" in All Respects.

SLIGHT CHANGES MADE

Flood of Applications For Tickets From All Over Ontario.

Elaborate preparations for the demonstration and mass meeting in the Mutual Street Arena next Monday are being made by the several Conservative associations and clubs of the city. Each will be represented by a large delegation in the procession, which will escort the Right Hon. Mr. Borden and his cabinet associates from the Queen's Hotel to the Arena, and after the meeting in torchlight parade to the North Toronto Station.

The executive of the Ward Six Association has decided upon a large float, emblematic of the Borden naval policy, to be drawn by a team of industrial horses at the head of their representation in the line. The Robert Simpson Co. are now preparing a design which will be submitted for approval at noon today. There is no little rivalry between the various organizations in the matter of decorations and imposing array.

Plans Changed.

Several changes in plans have been found necessary by the committee in charge of arrangements on account of the flood of applications for accommodation at the Arena. Ticket-holders will be admitted at 7 o'clock and at 7:30 the doors will be thrown open to the general public. The procession will enter from the Mutual street side of the hall and occupy the entire floor of the auditorium. It has become abundantly plain that all who would wish to march with the procession cannot be admitted, and it is said that the representatives from wards one and two would fill the entire space available. Ward Six Association have considered the matter carefully and the men have agreed that success of the meeting is the first consideration, and that if necessary they will stay outside after marching to the Arena with the other delegations. Ward One Association offered to change places with their fellow-Conservatives from the west end, but the offer was declined although appreciated as evidence of the harmonious spirit in which the various organizations are co-operating.

Everyone Will Hear.
The executive committee visited the Arena and practically completed the hall arrangements. The platform will be constructed in the Wilson avenue end of the hall, sufficiently large to seat seven persons comfortably. A sounding board six feet in diameter is under construction, and is expected to secure easy hearing of the prime ministers' address from any part of the vast auditorium. Provision has been made for some 50 press representatives immediately in front of the speaker's platform. The executive is considering a novel feature in the form of a large dreadnought, outlined in electric lights, hung immediately over the platform. The lights will be turned on by a button when the premier rises to make his speech, and is expected to add much to the effectiveness of his appearance, indicating as it will, in tangible form, the policy of the Borden administration.

Summer Tourist Rates to the Pacific Coast
Via Chicago and Northwestern Railway. Special low rate round trip tickets on sale from all points in Canada to Los Angeles, San Francisco, Portland, Tacoma, Seattle, Vancouver, Victoria, etc., during June, July, August and September. Excellent train service. For rates, illustrated folders, timetables and full particulars address B. H. Bennett, general agent, 46 Yonge street, Toronto, Ont. 461616

Ladies desiring to hear Mrs. Wells on good health subjects should meet today at the Y.W.C.A. parlor on McGill street. Those who have heard her are greatly interested in her work.

Neuralgic Condition Of the Nerves
In this age of nervous disorders neuralgia is fearfully common. The first thought is of neuralgia in the head or splitting headache, but neuralgia may affect any part of the body in which there are sensitive nerves. The teeth are often blamed and extracted in error, when the cause of the trouble is in the impoverished condition of the blood and the starved nervous system.

Dr. Chase's Nerve Food
50 cents a box, 6 for \$2.50; at all dealers, or Edmanson, Bates & Co., Limited, Toronto.

Neuralgic Condition Of the Nerves

In this age of nervous disorders neuralgia is fearfully common. The first thought is of neuralgia in the head or splitting headache, but neuralgia may affect any part of the body in which there are sensitive nerves. The teeth are often blamed and extracted in error, when the cause of the trouble is in the impoverished condition of the blood and the starved nervous system.

While neuralgic pains are usually sharp and shooting, and consequently difficult to locate, the seat of trouble is usually sore and tender under pressure.

Neuralgia is pain, and as such is the symptom of a disease—nervous exhaustion. The nerves must be re-

stored before cure can possibly be effected.

In many cases neuralgia is easily curable by the use of Dr. Chase's Nerve Food. The patient is thin and bloodless and needs tonic treatment to form new, rich blood.

The application of a cloths rung from hot water will afford relief from the suffering, and the regular use of Dr. Chase's Nerve Food for a few weeks will completely overcome the neuralgic condition.

Powerful drugs are to be avoided, because of their injurious effect in further weakening the nervous system. The Nerve Food cures by building up the feeble, wasted nerve cells, and for this reason is of lasting benefit.
