

MILES OF AUTOS TO CARRY SOLDIERS

Mobilization Today Will Be Great Spectacle as Well as Test.

FOUR MILES OF MOTORS

Inspection by Duke of Connaught Will Not Be Open to the Public.

The public will not be admitted to the Exhibition grounds during the visit of the Duke of Connaught tomorrow. The inspection will be formal and even base-holders will not be permitted to enter the grounds while the governor-general is there.

Today's Mobilization. The big feature of the test mobilization today by the contingent infantry and the newly formed Ontario Motor Corps, from the public's point of view, will be the huge parade of the troops in motor cars thru the city streets.

The parade will be headed by three mounted quick-firing guns. General Lesard and staff will come next. Their car will be in charge of Dr. P. E. Doonish, chief commandant of the Ontario Motor Corps, and will bear the standard of the corps. At a meeting of the Ontario Motor Corps yesterday which was attended by 300 members, it was decided that at least 500 cars would participate in the mobilization test.

Blue Paper Warning. A blue envelope containing word that "the Germans" are massed at the west end of the city and preparing for an attack, will be handed to the commander of the motor car corps, and the "parade" to High Park will commence, the motors filled with troops leaving Queen's Park at the north end at 3 p.m. They will proceed east along Bloor to Jarvis, down Jarvis to King and along King to Roncesvalles, where the parade will split into two sections, one half going to High Park via Roncesvalles and Howard Park avenue, and the other half by the Lake Shore road. At High Park a series of manoeuvres, in which "supposed"

enemies will be repelled, are to be carried out. The soldiers will march back to the Exhibition Park camp.

Additional equipment, consisting of binoculars and automatic pistols for the officers of the Canadian expeditionary force, was announced yesterday. The order stated that approval has been given for the free use of a pair of binoculars and one automatic pistol to each officer above the rank of lieutenant of units actually mobilized for overseas service.

Dentists Do Good Work. Lieut.-Col. (Dr.) Fotheringham states that the dental clinics are making good progress in attending to the needs of the men's teeth, and that commencing on Monday at 9 a.m. morning and afternoon clinics will be held every day. The camp health continues good, and the man who was reported yesterday as having erysipelas is making good progress towards recovery. Salicava caps are being issued to the men on account of the severe weather, and if it continues cold this afternoon, will probably be worn to protect the ears of the men who take part in the mobilization test and the manoeuvring in High Park. These caps are made of khaki-colored wool and can be drawn down so as to cover almost entirely the head, neck and part of the face.

More Men Struck Off. Fifteen more men were reported as struck off from the camp strength yesterday. Five of those discharged were medically unfit, and six had refused to be inoculated, two more were let go for misconduct, one for not having his wife's consent and one being undesirable.

Bank Opens Branch. The Bank of British North America will have representatives in the dairy building at the camp on Mondays, Wednesdays and Fridays from 12 to 2 p.m., commencing today, for the purpose of taking deposits and issuing money orders.

Armored Car Exhibited. A large armored motor car, painted gray, was inspected by the military authorities at the camp yesterday. The car is being submitted to Ottawa headquarters for approval. The machine has a quick-firing gun mounted in a circular tower. The gunners stand inside the tower and can fire in any direction. The car is heavily armored and is fitted with detachable wire wheels.

More Men From Coast. Another detachment from the Pacific coast will arrive at the Exhibition grounds on Monday. The detachment consists of 14 men from Vancouver. They will join the transport division of the Army Service Corps and do duty as lorry drivers.

Lecture Tonight. "Medical Services in the Field," will be the subject of a lecture to be given at the camp tonight by Lieut.-Col. Fotheringham, A.D.M.S.

Court Martial Today. A court-martial with Lieut.-Col. S. F. Smith, Ontario Rifles Regiment, presiding, and Major R. K. Barker and other officers present, will be held at 2 p.m. today.

Sports Flourish. At an indoor baseball game held in the transportation building last night the 5th Field Artillery transports defeated "B" Co., 20th Battalion by a score of 55 to 54. Other games were scheduled, but owing to the team members just being inoculated they were cancelled.

Dentists Inspected. The Toronto Dental Rifle Company will be inspected at 4.30 this afternoon at the Armories. Tomorrow night about a dozen companies of the Toronto Military Training Association will be inspected at Winchester and Williamson Road Schools.

Field Artillery. A detachment from the 5th Field Artillery, Toronto, is expected to mobilize at the camp today. They will form part of the additional battery which is to be under the command of Major L. E. W. Irving, D.S.O., Toronto, and which will be made up of units from Toronto, St. Catharines and Hamilton.

LABOR AND SAM McBRIDE

Indications of Hot Opposition to His Candidature—Others Endorsed.

A warm time is in store for Aid Sam McBride at the ward meeting to be held in Victoria Hall next Saturday evening, if present indications are reliable. Certain labor men are determined to oust the aidman from his present office, and to that end are said to be working tools and mud. When the question of endorsements came up before the Trades and Labor Council last night, a heated discussion ensued, the candidature of Aid. McBride being particularly referred to. The aidman came in for many scathing remarks from the delegates present. A deputation will attend the ward meeting on Saturday to do all they can to block his candidature.

Candidates Endorsed. The following endorsements were passed: For board of education, Rev. E. S. James, in ward seven; H. Cheesman, ward one; Miss Fraser, ward five; Isaac Bainbridge, ward three; G. Alderman—H. Dwarshin, ward four; H. Pettit, ward six; Max Armstrong, ward 7, and Alfred Mason, ward six. Joseph Marler of the city to support the association by buying the toys manufactured by them. He was well received and promised the support of the council. It is likely that a meeting will be opened in the Labor Temple at once to push the sale of the products of the association. It was also reported that \$85 had so far been subscribed to the Belgian relief fund.

Carpenters Ask Legislation. A resolution from the carpenters asking that legislative action on the part of the Dominion and Provincial Parliaments, and the municipal authorities, be applied for, to enact a six-hour day law, to alleviate the present unemployment situation, was next submitted.

This resolution was the subject of considerable discussion on the part of the delegates. One delegate felt that the civic employes should be the first to have their hours reduced, but this plan did not meet with universal favor. After practically every delegate had voiced his opinion, a resolution was referred to the matter to the different local unions, to be taken up with their different employers.

8 Pages in Rotogravure

The Sunday World's Illustrated Section

will this coming Sunday be eight pages, printed by the new rotogravure process. The pictures will include the most recent and best war pictures received, and photos of local interest.

The rotogravure process, being used by The Sunday World for the first time by any large Canadian paper, is far more expensive than half-tone printing, but the results, in clearness of detail and artistic appearance, more than justify the added expenditure.

In addition to this fine Art Section, there will be several magazine pages, illustrated stories of uncommon interest, and pages that reflect the Christmas season.

Where Is A. McLelland?

"Will A. McLelland, or anybody that knows him, or knows where he is—please stand up? In other words, will you please communicate either with this paper or Helen? He is wanted urgently by William B. McLelland and Miss Helen McLelland. They say it is very important.

As a matter of fact William is just six months old, and his sister being dead a half year, speaks for him. But "Please dad," she writes, "come on home. It's getting Christmas time and Christmas can't come without you. William makes a noise like your name now and it's all he can say. When it gets dark at nights all of us wonder where you are, and sometimes I get on a kitchen chair and look out the window to see if you are coming."

Somewhere in Canada—that's all the small family knows—McLelland is resolutely in the big stretch of emptiness between coast and coast. With rublime faith in the goodness of a generous world Helen and Bill send out this appeal.

McLelland, if you're anywhere around, put up your hand—or at least write a line to Helen at 201 N. Broom street, Madison, Wisconsin. And in case this paper doesn't go where you live we hope other papers will take up the appeal. As Helen says: "Please, dad, come on home."
