TIMES ARE TOO HARD
Plea Made That Public is Not
Spending Money
Freely.

The electric sign advertising the beer of Heuer Bros. of Berlin, which is located at the northeast corner of Queen and Yonge streets, and better known as the "German" sign, was the subject of a more than ordinarily heated debate in the works committee yesterday afternoon, the result being that the city solicitor will be asked to report as to whether the permit under which the sign was erected was legal or not, and pending such report, all work is to be suspended.

At the last council meeting it was decided that the permit for the sign should be revoked, subject to the confirmation of the works committee.

Ald. McBride condemned the sign on all scores on account of the wording, because it is an "eye-sore," and because it is a menace to the public safety. He also condemned the sign because it is a German name, and because it is a menace to the public safety. He also condemned the sign because it is a German name, and because it is a menace to the public safety.

Wanted Matter Dropped.
Ald. Wickert characterized the whole objection to the sign as absolutely unworthy of any self-respecting body. "It was started because the goods had a German name, and if you start that sort of thing you can bring in a hundred articles that have German names," said the alderman, and moved that the whole matter be dropped.

Ald. Wickert's attitude aroused Ald. McBride. The latter said that he was taking on all alien enemies and everything that they have to do with, and when Ald. Walton suggested that Berlin, Ont., had a German name, he replied by saying: "I don't care about Berlin, but wherever I find a German name going to try and dislodge him."

He complimented the mayor on his action, and went into a vivid description of the fighting as it is going on in Europe today.

Ald. Remsen would not take the sign down, but would have any words objectionable removed. He referred to the present sign as an insult to the Canadian people, but would not take it down provided the wording was changed.

Controller Spence, also not a member of the committee, was present and took the opportunity to deliver a speech on temperance generally, pointing out that it was one of the most desired things in the Empire to-day.

Ald. McBride, not to be quieted, went off into another tirade at this point. "A man has a right to advertise his business whether it is booze or anything else," said the alderman, "and if the sign is there legally, we should stand behind our officials."

The committee finally decided that it would be just as well to get legal advice on the matter, but as the erection of 600 square feet more sign space is being gone on with the contractors will be notified to discontinue the work until a decision is made.

Paving Pacific Avenue.
The paving of Pacific avenue was again before the works committee yesterday when a deputation asked that steps be taken to have the pavement put down. The alderman pointed out the paving of this street has been delayed because the Toronto Suburban Railway has a franchise for a car line on it, and because the street has been included in the general transportation scheme of the city.

The committee decided, however, to ask Commissioner Harris to bring in a recommendation that a pavement be laid, and as a condition to the work being required should railway tracks be put down he will be asked to state whether it should be that width or 28 feet, which is the regular width on residential streets.

A deputation waited on the works committee yesterday asking that Campbell avenue be opened up to a street a distance of 300 feet. A report will be asked for from the assessment commissioner as to what property will have to be taken and a sub-committee will go into the matter and report back.

Lieut. Geary, corporation counsel, leaves today for Niagara camp, and from there he will go direct to the front. His colleagues in the city legal department presented him with a wrist watch and sleeping kit yesterday.

The complaint of the County Orange Lodge regarding the employment of Germans and other aliens on the Hydro will be dealt with at the next meeting of the commission, according to an announcement made by Mayor Church today.

A suggestion has been made to the mayor that the word "kindergarten" be eliminated from the public schools. "It is a German word," said the mayor when referring to it.

Two graduates of Johns Hopkins University, Miss Ingeborg Steen Hansen and Miss St. Clair Livingston, who were personally thanked by the King, were also decorated when they left that country for the United States.

Japanese women are asking that they be allowed to vote the same as the men in that country.

Austrian women are not taking the places of the men like their sisters in the other countries at war.

The moving picture proprietors of Toronto are feeling the pinch of the provincial fee more this year than ever in the past, and because of it are seeking redress from the government. They claim that their earnings have been decreased that the regular fee is beginning to assume the nature of a burden, and suggest that it be materially reduced.

A large deputation of the owners and managers of many of the smaller places in the city under the guidance of Louis Heydt yesterday upon the provincial treasurer and stated their grievances.

Hon. T. W. McGarry did not encourage them in the idea that their rates might be cut, but promised that he would take the matter up and see if the levy were thoroughly warranted. He advised the deputation to communicate with Chief Inspector R. H. Newman, stating the situation and advancing any suggestions they might have. The minister volunteered the remark that they should not forget that the large number of these places militated against large business being enjoyed by anyone.

KNIGHTS OF COLUMBUS
HOLD ANNUAL SESSION

Unqualified Approval of Canadian Government in Responding to Mother Country.

The twelfth annual meeting of the State Council of Ontario of the Knights of Columbus was held in Columbus Hall, Sherbourne street, yesterday. The meeting was preceded by a solemn high mass at Our Lady of Lourdes Church.

A resolution was first passed expressing the profound regret at the death of the Rev. Hugh J. Canning, whose death has incurred an irreparable loss to the Toronto Council and the order throughout Ontario.

The balloting for officers resulted as follows:
State deputy, James L. Murray, Pembroke, Ont.; state secretary, E. J. Butler, Belleville, Ont.; state treasurer, L. V. O'Connor, Lindsay, Ont.; state advocate, V. McNamara, St. Catharines, Ont.; state warden, Louis Clague, Penetanguishene, Ont.; delegates to the National Convention, J. B. White, L.L.D., Ottawa, Ont.; J. F. Langdon, Ottawa, Ont.; H. J. Zinger, Berlin, Ont.; Alternates to the above, W. Burke, North Bay; Duncan J. McDougall, M. F. Farriat, London, Ont.; Wm. Marrigan, Port Arthur.

Because of existing conditions in Canada the convention was limited to one day, in view of the fact that all Ontario councils have been more or less taxed financially in connection with the overseas forces. This resolution was presented and carried by a large majority.

The meeting was presided over by retiring state deputy, Mr. Thomas N. Phelan, and all entertainments or festivities in connection with such conventions were eliminated because of the death of the Rev. H. J. Canning, Chaplain of Toronto Council, 1388, Knights of Columbus.

Laborite in Cabinet

Arthur Henderson, who has represented the Barnard Castle Division of the County of Durham in the British Parliament since 1903, will be Labor member of the coalition government now in process of formation. His post will be that of president of the local government board, the same office to which John Burns was appointed in 1905.

Box 3, Windsor.

1905. Mr. Henderson, too, started life as a working man, serving his apprenticeship as a moulder at Newcastle. His gift of oratory and his organizing ability brought him quickly to the front in trade union circles and in the labour movement. He was elected by his services on the Newcastle City Council and the Darlington Borough Council, which latter selected him mayor in 1903.
