

season, and we had all kinds of grain threshed, and were in every respect highly pleased with the work done. For lightness of draught, threshing perfectly clean, and thoroughly separating the grain from the straw without waste, we have no hesitation in saying that it is the best threshing machine ever brought into this part of the country.

Yours truly,

JAMES JOHNSTONE.
JOHN DEVINS.

THOMAS HAMILTON.
JOHN N. MULLER.

HIRAM D. ANDRUS.

ROD EAV, CO. KENT, Aug. 7, 1871.

MESSRS. MACPHERSON, GLASGOW & Co.

GENTS,—I find by the report in the *Globe* of the trial of threshing machines at Paris, that the Ayr Agitator threshed twenty-eight bushels in 18 minutes, and the Climax eighteen bushels in seventeen minutes. Thinking that there was something unexplained in the report in reference to the latter machine, I determined to satisfy myself in regard to the merits of these two machines in this respect. The first opportunity I timed my Climax, running it exactly eighteen minutes, and threshed forty and a half bushels of fall wheat; and if the sheaves could only have been handed to me I could have threshed a few bushels more. And while threshing at this rate it cleaned the grain well and separated it from the straw better than any machine I ever used, and I have owned a great many, having threshed upwards of twenty-four years. The Climax has certainly no rival in the Dominion.

Yours respectfully,

RICHARD HUGHSON.

CHATHAM, Feb. 14, 1872.

MESSRS. MACPHERSON, GLASGOW & Co.

GENTS,—Your Climax Threshing Machine is undoubtedly the best machine in Ontario. It threshes fast, runs easy, cleans remarkably well, and throws no grain on the stack. If you pass through a settlement where you see green stacks, you may rest assured that there is no Climax Machine in that neighborhood. The second cylinder is a splendid improvement. It saves the grain and keeps the other cylinder always clear. It never clogs or chokes. Our advice to threshers is buy no other.

Yours truly,

GALLOWAY & BLACKBURN.

ROCKTON, CO. WENTWORTH, Feb. 27, 1872.

MESSRS. MACPHERSON, GLASGOW & Co., Fingal.

GENTLEMEN,—The Climax Double Cylinder Threshing machine I got from you last fall works to my entire satisfaction. I recommend it to all threshers who want to give satisfaction to those for whom they thresh as being the best machine in the country.

Yours truly,

HENRY FISHER.
