# GERMANY DOWNS TO CONFERENCE ON PLENIPOTENTIARIES

## PROHIBIT GERMANY FROM TRAINING MEN IN OTHER LANDS

Provision in Peace Treaty to Prevent Formation of Military Machine.  
RUSSIAN ALLIANCE? Menace Particularly Significant in View of Rumors of Pact.

Paris, April 21.—The council of foreign ministers today approved the proposed provision of the peace treaty intended to forestall any effort the Germans might make to re-establish a military machine by utilizing outside forces. The article prohibits the sending of German military instructors to foreign countries. It was referred to the drafting committee.

It was realized that, however, complete might be the restrictions upon Germany by the limitation of her forces and armament, she still had in her power considerable forces which might be indirectly employed, as already indicated by the despatch of German officers to Russia. It was pointed out that unless this practice was checked it would be possible for Germany to create a practicable force in Russia.

This menace has become particularly significant in view of reports of an alliance between Germany and Russia. The ministers also approved two recommendations of the supreme economic council. The first recommended that the Germans be requested to set up as soon as possible to France, technical experts on food, shipping, raw materials, trade and communications, with full powers to negotiate and expedite economic relations between Germany and the allied and associated powers.

## WALLOONS OF PRUSSIA ASK DISANNEKTION

Paris, April 21.—The Walloons of Prussia have elected a delegate to M. Clemenceau, chairman of the peace conference, requesting that their annexation to Prussia be canceled. The message to M. Clemenceau follows: "The Walloons of Prussia, feeling great anxiety on account of the news lately published in the press, earnestly request you to decide for the time being in the occupied regions in order to bring these civilian functions under a single head and at the same time afford a channel of communication for the military authorities."

## REDS HAVEN'T OCCUPIED PORT OF SEBASTOPOLE

Paris, April 21.—The naval port of Sebastopol, in the Crimea, has not been occupied by Russian soviet troops, according to a despatch in the Journal des Debats, dated Sunday at Salonica.

The despatch says that fighting appears to have stopped for the time being in the southern Crimea. The Bolsheviks are said to be slackening their advance in the face of the allied artillery fire.

## THE SITUATION IN EUROPE

The Associated Press issues the following review of the international situation: When apparently the council of four has ready to take decisive action on the Italian claims in the Adriatic, including the coast, islands and Fiume, the Italian delegates, Premier Orlando and Foreign Minister Sonnino, failed to appear at Monday afternoon's session. These ministers had discussed the problem insistently with Premier Lloyd George and Premier Clemenceau earlier in the day, and for the purpose of bringing the matter to a climax, President Wilson attended the afternoon session.

It was then expected that the question, which, up to that time, was considered almost insurmountable, would be decided, but, owing to the absence of the Italian delegates, discussion of the Italian claims was dispensed with. It is announced that the council will take no further action on the subject pending information as to the future course of the Italians.

The alleged libel was the exhibiting in the window of No. 4 Spring Gardens, Charing Cross, of a poster bearing the words: "Sir Alfred Mond is a traitor; he has sold out the Hun during the war."

## AIRPLANE MEN START FOR NEWFOUNDLAND

## ONE EXPLANATION OF TITLES ACTION

Ottawa Discusses Two Explanations of Commons' Division on Nickle Motion.

Special to The Toronto World.—Ottawa, April 21.—Two explanations are offered by friends of the government here, in the matter of division on Mr. Nickle's motion to abolish hereditary titles. The first is that when Sir Robert Borden opposed the motion, he was acting on record as when his colleagues asked the house this session to send the question to a committee, he had in view the possibility that Sir Robert might be retiring at an early date, and if he were offered a peerage he might not be able to accept it.
