EXPERIENCE PROVES THE CASE. recreation. In the disposal of its sur-plus property on the Island the city ought to handle it so as to make it produce the largest revenue. A liberal of any enactment, municipal or nationand comprehensive policy is essential al, will soon demonstrate its practical Secretary and Treasurer of the Comto this end, and to develop the Island utility. Whether the operation of pany owning that property, and the

to this end, and to develop the Island as it should be developed. The citizens who have built cottages on the sand-bar have done more to popularize the place than any one else. There is room on the Island for two or three times as many cottages as are now there, and without crowding, too. A proper Island policy will encourage the erection of new cottages. As things are running along at present, however.

are running along at present, however, ment in favor of adopting a Sunday formation with reference to any prothe outlook in this direction is not service here is the fact that not a perty or stock, whether handled by me promising. Citizens who had taken a pride in beautifying their Island cot-tages and grounds found themselves single city that has had experience of tages and grounds found themselves single city that has had experience of their use. If the operation of street their use. If the operation of street

tages and grounds found themselves subject to harsh and unfair treatment when the question of renewals was up for settlement recently. The result was that several of them decided to hand over their properties to the city at a sacrifice, rather than submit to what they held to be niggardly treat-ment. Not only has the Island lost
