It will be as well to get one's tickets at Muller's cigar store before going to the Woodbine, and thus maintain a mental equilibrium. One of the finest race meetings ever One of the finest race meetings ever held in this country is fast drawing to an end, and this fact was recognized by the patrons of the Woodbine yesterday, for the attendance was one of the largest of the meeting, particularly on the members' lawn. This meeting has never been surpassed, even at the famous oid Washington Park at Chicago, where the people, like in Teronto, went out to the track to see the races as much for the love of the the races as much for the love of the the races as much for the love of the sport as for the financial gain they might reap. The class of horses even yesterday, the next to last day, was first-class, notwithstanding the fact that many stables shipped away on Thursday pight to start at Montreal on the opening to-day. The card yesterday had only half a dozen races, the fields in most cases being on the large size, the Royal Canadian steeple-chave bringing together a cracking fine chase bringing together a cracking fine lot. This was another of the startling finishes that have been the custom in the events thru the field at the Woodbine this spring. The card was a fea-tureless one, but this in no way de-tracted from the keenness of the sport. The finishes were close in the major ity of the events, while there was only

ity of the events, while there was only one straggling start.
