"A stitch in time saves nine," is an adage that can well be applied to the consideration of health. At this sea, from fresh air, sunshine and exercise body an easy victim to disease. The blood is impoverished and lacking in those red corpuscles that denote strength and purity. Hard work seems an impossibility, and even a slight exertion produces dragging weariness and depression.

How baffling the effort to obtain sleep, how distressingly poor the appetite has become—how the heart and nerves flutter and twitch—a dangerous condition, surely, because there is no power to resist disease when the constitution is so terribly run down.

If you're to be well this winter you must start now and build up with Ferrozone, which is the most nutritive and vitality in tonic made. This is how

Firemen Saved Many Employes. New York, Jan. 27.—Fire which started in Wick's Planing Mill, at West Thirty-second-street and Twelfth-avenue, this afternoon quickly spread to the Jenn Stanley Soap Works and a large stable searby. Within the first half hour one fireman had been seriously injured and 12 horses burned to ueath. Several policemen who attempted to save the horses were badly burned. Many persons employed in the Wick Planing Mill were rescued by the firemen with great difficulty just before the walls collapsed.

A shift in the wind finally turred the flames back. The loss is estimated at \$75,000.

The office and warehouse staff of Andrew Wilson & Co., wholesale tobacconists, to the number of over 30, tendered Andrew Wilson a banquet at McCoukey's last evening, on the occasion of the twenty-fifth an universary of his connection with the tobacco industry. The celebration was a unique testimony to the high regard entertained for Mr. Wilson by his employes, several of whom spoke as representatives of the staff, wishing their employer a long life of health and continued prosperity. A feature of the evening's proceedings was the presentation to Mr. Wilson of a silver service, in a cabinet, suitably engraved, as a souvenir of the occasion. A Pleasant Re-Union.
