Pure Blood in Spring

Is certain if you take Hood's Sarsaparilla. This great medicine cures those eruptions, pimples and boils that appear at all seasons; cures scrofula sores, salt rheum or eczema; adapts itself equally well to, and also cures, dyspepsia and all stomach troubles; cures rheumatism and catarrh; cures nervous troubles, debility and that tired feeling.

Mrs. L. Frink, 31 Dowd St., Montreal, Que., says: "I have taken Hood's Sarsaparilla for the last two years and am pleased to say that I have found it a cure for the blood. My blood was impoverished, I was quite thin and pale, and had no appetite, but as soon as I began to use Hood's Sarsaparilla I found relief. I gained in weight, and my appetite improved rapidly. I now recommend Hood's to all my friends that are suffering from impure blood and loss of appetite, as I have found it better than any other medicine I have taken."

WILL ASK FOR CHANCE TO TAKE LOCAL OPTION VOTE

Rate Payers of Four Wards Decide to Petition Government for Amendment to Liquor Law to Provide Opportunity to Banish the Saloons From the Wards in Question.

The following resolution was passed by a standing vote last night at a meeting of the electors of Dukes, Victoria, Lorne and Lansdowne wards held to consider the local veto question: "Whereas the government, in their reply to the request for a prohibitory law, have placed their intention to amend section 21 of the liquor license act so as to give a fair opportunity for the expression of public opinion upon the question of the granting of licenses; and Whereas in the wards of Dukes, Lorne, Lansdowne and Victoria, in this city, 1,000 ratepayers have expressed their desire to vote upon the said question; We, the ratepayers assembled in public meeting, strongly urge that the government amend the liquor license act so as to provide for a vote upon the license question at the approaching civic election, the decision, if against the granting of licenses, to go into force May 1, 1910."

A copy of this resolution will be laid before the meeting of the New Brunswick Moral and Social Reform Council this afternoon in the Y. M. C. A. rooms and it will be presented to the government by a deputation from that body which will wait on the government on Thursday evening.

The meeting last evening was in Portland Methodist church and was attended by about forty men, including a number of clergymen. Rev. A. A. Graham was in the chair and A. M. Belding acted as secretary.

Rev. Mr. Graham first read the report of the executive committee, which detailed the efforts made to secure a vote on the question of the liquor license in the wards until the meeting of the common council on Jan. 11, subsequent to which the petitions were withdrawn.

The report went on to say that the committee had no confidence in the legal judgment of Recorder Skinner on the liquor question. He had been, it was stated, for years the legal adviser of the liquor license commission and it was through his advice that licenses in excess of the legal number were granted in the city. Besides, he had appeared frequently before the commissioners, it was stated, as counsel for applicants for licenses. Besides, the report went on, the recorder had appeared in Frederickton in behalf of the liquor interests. The report was concluded with acknowledgment of and thanks to A. A. Wilson, R. C. and A. M. Belding.

Mr. Belding then introduced the resolution quoted and said that it was within the power of the government to introduce the amendments promised and have them carried before the civic election. If they did this there would be ample opportunity to have an expression of the will of the people in the four wards on the local veto question. He thought that it was a fair proposition that the vote, if in favor of the prohibition of saloons from the wards, should not become operative before May 1910.

George Blewett seconded the resolution. His spoke of necessity for a secret ballot, if it was granted it would not be necessary.

FREDERICTON'S NEW COUNCIL IN OFFICE
Men Elected on Monday Took Oath of Office Yesterday—Delegates to Meeting of Union of Municipalities

Fredericton, N. B., March 9.—The members of the new city council were formally sworn in to office by Mayor Chestnut at the council chamber this afternoon, and his worship, in a brief speech, cordially welcomed the new members and referred briefly to matters of importance likely to engage their attention during the coming year.

He referred to the necessity of having the river dredged at Oromocto, and also to the St. John Valley railway project, and in this connection expressed the hope that the council would co-operate heartily with other public leaders in an effort to induce the local government to provide a substantial bond guarantee to any company undertaking the work.

The coming exhibition was also referred to, and the hope was expressed that the council would grant liberal financial assistance if it should be needed.

The mayor, City Clerk McCreedy, Auditor McKay and Ald. Kitchen and Hooper were appointed delegates to a meeting of the New Brunswick Union of Municipalities, which will convene at Moncton tomorrow.

Charles H. Hatt, manager of the Marryville cotton mill, has consented to a candidate for the mayoralty of that town at the election next month. It is said that Mayor Gibson does not intend offering for reelection.

To Girls and Women!

Read Dr. Hamilton's Message

The reputation of this noted physician needs no comment. For years he was one of the most noted and distinguished practitioners in England. In speaking of the ill from which women suffer, Dr. Hamilton points out that nine out of every ten women are by nature inclined to habitual constipation. Hard purgatives are resorted to which only intensify the trouble. Although not generally known, it is a constipated condition of the bowels that causes half the sickness and tired weariness with which all womankind is so familiar. It is after long years of study that Dr. Hamilton perfected the pills which have been of such marvelous benefit to women the world over. In his pills of Mandrake and Butternut every sufferer will find an absolute specific for constipation, sick headache and biliousness. It is safe to say that Dr. Hamilton's Pills bring better health, keep the system in a more vigorous condition than any other medicine ever discovered.

SIR FREDERICK BORDEN TALKS OF CANADA'S ARMY

Dominion Can Now Put 100,000 Trained Men in the Field and Has Stores and Equipment for 100,000 More—Country's Defences Are in an Excellent State—Military Training Advocated in the Schools.

Ottawa, March 9.—On account of criticism evoked by a decrease in the militia estimates for the current year, the annual statement by the minister of militia and defence was anticipated with more than usual interest. Sir Frederick Borden had his opportunity today and he replied to his critics at considerable length and with some vigor. The occasion gained in importance from the fact that it was marked by perhaps the most comprehensive, complete and instructive survey of the military situation in Canada that has ever been submitted to parliament.

Realizing the necessity of having the position of the militia clearly set before the people, Sir Frederick had prepared a memorandum dealing in detail with the organization and equipment of the militia force and the policy of the department generally, and printed copies of this document were distributed among the members, who were thus able to follow the minister's statement with a fund of valuable information in their possession. The principal points in the memorandum which Sir Frederick emphasized in his speech were as follows:

That the expenditure on militia services for 1908-09 shows a decrease of \$46,813 as compared with that of 1907-08, in which year the estimate for 1908-09 was \$1,000,000. The final effect of the transfer of Halifax and Esquimaux was first fully felt, while the estimates for 1908-09 show a still further decrease of \$203,275.

That while the expenditure for annual drill of the active militia rose from \$980,224 in 1904-05 to \$1,075,000 (exclusive of the cost of the Quebec celebration) in 1908-09 and is, for the year 1909-10 estimated at \$880,000, the increase in cost has been accompanied by a large increase in the number of both men and horses trained, viz., from 32,000 men and 7,800 horses in 1905-06, to 47,500 men and 8,600 horses in 1908-09.

That the increase in the votes for clothing and necessities, provisions and supplies, transport and freight, and warlike stores, are directly consequent upon the increase in the number of the active militia and of the permanent force, due in the latter case to the garrisoning of Halifax and Esquimaux and to additional requirements of the active militia.

That the increase in the votes for engineer services and maintenance of military properties are directly due to the increased number of military rifle ranges, built in 1904-05, the increase in charge of the militia department.

That the increase in the numbers of the permanent force, the militia force, and the militia reserve, has been in accordance with the views of all the departments who have served in Canada during the past seven years, and has been largely forced upon by the withdrawal of the imperial troops from Halifax and Esquimaux, and is absolutely necessary if the militia force is to be able to take the place of the imperial troops in the field, and lastly is closely proportionate to the increase which has taken place in the militia force.

A vote—"Perhaps they will do as they did in Frederickton yesterday." Rev. Mr. Graham—"Oh, no, the conditions are different. The militia force is not a vote against the Scotts Act or temperance." Mr. Blewett moved that the question of a campaign be left in the hands of the executive. This was seconded and carried.

Rev. J. W. Kierstead spoke in favor of the temperance party employing an attorney to draw up a suggestive clause as an amendment to the recorder had proposed. The chairman said this had already been attempted to.

Mr. Belding said that if the temperance party secured the vote of the militia force would be greatly improved. The meeting then adjourned.

Before the meeting the chairman said that one reason for the meeting was that special meetings were being called on in Main street, Victoria street and Douglas avenue Christian churches. Rev. Neil MacLaughlin said he had been asked to state by the Victoria street church brotherhood that they were unanimously in favor of the local veto question being decided by the majority of those going to the polls and also in favor of a secret ballot. They had also declared they would favor the advanced proposal made by the meeting.

NO HIGHER SALARY FOR THE POLICE MAGISTRATE UNTIL THE CITY HAS APPOINTMENT
Safety Board Turns Down Judge Ritchie's Request for a Maximum Salary of \$4,000—New Fire House for Carleton—Every Day Club Gets City Hall Room.

At a special meeting of the safety board yesterday afternoon, Police Magistrate Ritchie made a personal application to the board to have the Union Act amended to permit his salary to be increased. But the board declined to make any recommendation until the right of appointment was settled in the city. A communication from the City Council, dated March 4, was read. Several matters referred back by the council were again referred to the board. These included new lights and more hydrants and a hose house for the west side. The Every Day Club on the west side was also granted a lease of the large room in the public hall, Carleton, at \$1 for one year, this being a matter in which the board had power to act.

The following tenders were opened for steel shelving and lockers in the vault in the chamberlain's office: F. S. Hearn, \$825; The Office Specialty Manufacturing Company, of Toronto, \$447; Estey & Co., \$335.75. The estimate was \$500.

On motion of Ald. Frink, the tender of the Toronto firm, being the lowest, was accepted.

Emma C. Esquimaux was granted a renewal of the lease of a lot in Leicester street at \$10.50.

"Chief Kerr was authorized to employ a lineman for work on the fire alarm system when needed, at a cost not to exceed \$3.00.

Rev. W. R. Robinson briefly addressed the board on the application of the west side Every Day Club for the use of the large room in Carleton public hall. He said he did not think there was any conflict with the Carleton Cornet Band and that arrangements could be made to give them the room for concerts. The club, however, should control the room. They were not prepared to pay more than a nominal rent of \$1. As their preliminary expenses would be very heavy he thought the best the city could do was to forego the rent.

The director read an application from G. H. Clark and W. Curran, who rented the upper hall at \$30 a month, asking for the use of the room wanted by the E. D. club, at \$25 a month. Commenting on the application, the director said he was sorry

OTHER GENERAL USES FOR GOLD DUST
Scrubbing floors, washing clothes and dishes, cleaning wood-work, of doors, drawers and drawers, polishing brass, cleaning bath room, pipes, etc., and making the finest soap.

Made by THE N. K. FAIRBANK COMPANY, Montreal, P. Q.—Makers of FAIRY SOAP.
GOLD DUST makes hard water soft

"Bronchitis"
Is generally the result of a cold caused by exposure to wet and cold weather, and is a very dangerous inflammatory affection of the bronchial tubes.

The symptoms are tightness across the chest, sharp pains and a difficulty in breathing, and a secretion of thick phlegm, at first white, but later of a greenish or yellowish color.

Neglected Bronchitis is one of the most general causes of Consumption. Cure it at once by the use of Dr. Wood's Norway Pine Syrup.

Mrs. D. D. Miller, Allandale, Ont., writes: "My husband got a bottle of Dr. Wood's Norway Pine Syrup for my little girl who had Bronchitis. She wheezed so badly you could hear her from one room to the other, but it was not long until we could see the effect your medicine had on her. That was last winter when we lived in Toronto."

"She had a bad cold this winter, but instead of getting another bottle of Dr. Wood's Norway Pine Syrup, I tried a home made receipt which I got from a neighbor, but found that her cold lasted about twice as long. My husband highly praises 'Dr. Wood's,' and says he will use a bottle of it is always kept in the house."

It is put up in a yellow wrapper, three pine trees the trade mark, the price 25c. Be sure and accept none of the many substitutes.

MONCTON NEWS
Board of Trade Discusses Future of I. C. R.—Little Use to Ask Local Government for Exhibition Grant.

Moncton, N. B., March 9.—At a meeting of the board of trade tonight the question of intercolonial control was the principal matter discussed. A resolution was introduced by President Cole, favoring any change that would remove the road from political influence or control, by placing it in the hands of a practical governing body having the same power as the auditor-general.

After a great deal of discussion, this resolution was referred back to a committee for further consideration. It was suggested that the board pass a resolution endorsing the stand taken by Hon. Mr. Emmerson at Ottawa, but this was not done. The question of making an application for the government exhibition grant for 1910 was also discussed, and a motion that the application be made was unanimously withdrawn.

It seemed to be the general impression that there was little or no hope of getting the grant now, and it would be useless to make the application.

The question of mail accommodation between Moncton and St. John, which has previously been complained of, was again discussed, and the necessity urged for placing a postal car on the Maritime express. The matter was referred to the mail committee, who are to take up the question.

A special service was held in Charlotte street Baptist church, Carleton, last evening and one candidate received for baptism and three members of other churches received by letter. An offering was taken amounting to \$25 and was presented to Rev. Dr. R. Heine as a mark of appreciation of his services in connection with the series of meetings which have just closed. Much interest has been shown. Twenty members have been added to the church and others will be received on next Sunday.

Under the auspices of Martello Lodge, I. O. G. T., an entertainment was held in the West End W. C. T. U. rooms last night. Rev. W. R. Robinson presided and outlined briefly the plans for the formation of the Carleton Every Day Club and told of the organizing of committees to further the work of the club. Rev. Jacob Heaney spoke briefly and vocal solos by Miss Lucinda Brown and Mr. Morrish, reading by C. R. Wasson; violin solo by John Christopher, and harmonica selection by Geo. Ring were enjoyed.

The bill forbidding the purchase of lands in Cuba was defeated in the Canadian house of representatives yesterday by a vote of 49 to 11.
