RECONSTRUCTION.

(Rev. George Scott.  
Men of firm determination.  
Here's a task shall try your skill.  
Whatsoever your reputation  
For imperiousness of will.

Nothing less than the remaking  
Of the manners of our time,  
Hunger for the good awakening  
In the haunts of sordid crime.

Keep the torch of freedom glowing.  
Pass it on from sire to son,  
Future generations showing  
That your work was nobly done.

Be no coward to your training.  
Ever keep your goal in view,  
From earth's chaos and its straining  
Shall evolve the good and true.

Let your hand be always ready,  
Smite the evil in the face,  
Grapple with it strong and steady,  
Yielding not an inch of space.

In this battle give no quarter,  
Smite the evil in the face,  
Grapple with it strong and steady,  
Yielding not an inch of space.

Whatsoever your stations,  
Hear the crying of the nations  
Struggling blindly to be free.

Make your choice, ye men of action,  
Battle boldly for the right,  
Burn the thought of clique or faction  
Wrestling ever towards the light.

Ancient tyrannies which cumber  
Lives of men must pass away,  
Annihilates that slumber,  
Things which shun the light of day.

Men of firm determination.  
Here's no time for standing still,  
When the work before the nation  
Calls for patient strength and skill.

Nothing less than the remaking  
Of the manners of our time,  
Hunger for the good awakening  
In the haunts of sordid crime.

Hair Often Ruined  
By Careless Washing

If you want to keep your hair looking its best, be careful with you wash it with. Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle and ruins it.

The best thing for steady use is just ordinary multifold coconut oil (which is pure and greaseless), and is better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and you have the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get multifold coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

Washing Won't Rid Head Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

Just Apply This Paste And the Hairs Vanish

(Helps to Beauty.)

A safe, reliable home-treatment for the quick removal of superfluous hairs from your face or neck is as follows: Mix a stiff paste with some water and powdered delatone, apply to objectionable hairs and after 2 or 3 minutes rub off, wash the skin and the hairs are gone. This simple treatment is unfailing and no pain or inconvenience attends its use, but to avoid disappointment be certain you get genuine delatone.
