THE WESTERN PARADE AT RHYL,
NORTH WALES

In the summer time this parade is gay with the summering element of all that part of England.

QUESTIONS AND ANSWERS
IN THE LEGISLATURE

Hon. Mr. Foster in reply to Mr. Smith (Albert):
1.—Who are the employees of the workmen's compensation board, and their respective salaries?
Ans.—The employees of the workmen's compensation board, and their respective salaries are as follows:
John A. Sinclair, chairman \$4,000
Frank C. Robinson, vice-chairman 3,000
James L. Sugrue, commissioner 3,000
H. Russell Sturges, chief accountant 2,500
Douglas R. Brown, claims officer 2,000
Robert B. Irving, bookkeeper 1,500
Alphonse T. LeBlanc, inspector 1,200
J. F. L. Brown, M. D., advisory medical officer 500
Miss Hilda B. Williams, secretary 750
Miss Genevieve M. Killen, claims stenographer 750
Miss Florence T. Nugent, stenographer 520
Miss Mary K. Lannan, stenographer 520
2.—On whose recommendation was each appointed?
Ans.—The commissioners constituting the board were appointed by the lieutenant-governor-in-council. The employees under the commissioners are appointed by the board, and there were no recommendations in these cases other than the board satisfying themselves that the staff was fit and competent to discharge their duties.

The Roads.
Hon. Mr. Veniot in reply to Mr. Smith (Carleton), said:
1. Q.—What amount has been expended on ordinary roads during the last fiscal year?
Ans.—The amount expended on ordinary roads during the last fiscal year was \$184,022.39 including \$8,843.19 accounts payable, taken up in balance sheet or province at October 31, 1934.
2. Q.—What has been charged under this head since the close of the fiscal year?
Ans.—The amount expended on ordinary roads from November 1, 1934, to March 1, 1935, was \$25,239.77 including \$12,105.29 accounts payable taken up in balance sheet of Province at October 31, 1934.

At Rothsay.
Hon. Mr. Veniot in reply to Mr. Dickson, said:
Q.—At whose request was the work done in raising the level of the road through what is known as the park at Rothsay?
Ans.—Request of property owners in park.
2. Q.—What is the estimated quantity of rock used for such work?
Ans.—800 to 900 cubic yards.
3. Q.—Was not the road in use through the park quite sufficient for requirements? If not so, what was the need of raising the road?
Ans.—It was not considered so. The need of raising the road was particularly apparent at freshet time when the water backed up from the Kennebec and the overflowed this entrance to a depth, sometimes as much as three feet. It was not possible for property owners to get to their residences because both entrances to the park were submerged, and since within a few years, very expensive residences suitable for all the year around have been erected in the park, the raising of the road so as to enable them to use it at any time of the year was considered necessary. The larger property owners occupying or owning valuable residences in the park include such well known men as S. A. M. Skinner, Fred B. Sayre, W. B. Tennant, leasing from Geo. W. Fowler, Judge J. R. Armstrong, Howard P. Robinson, R. D. Patterson, A. Harrison, Colonel B. R. Armstrong, as well as many others.

4. Q.—Was not said road only in use to give access to summer cottages?
Ans.—No. It was in use to give access to valuable residences at all seasons of the year.
5. Q.—What is the estimated length of said road?
Ans.—600 feet.
6. Q.—What amount was paid per cubic yard for stone for such road?
Ans.—Stone was furnished without charge by Messrs. Allison, Fleming, Gibson, Maynes, and others.
7. Q.—What amount was paid per cubic yard for hauling such stone?
Ans.—From fifty cents to \$1.30 according to distance hauled.
8. Q.—What amount was paid per day per team for hauling such stone?
Ans.—Paid according to amount hauled.
9. Q.—To what width is such road being widened?
Ans.—Sixteen feet on top.

10. Q.—Was not such road previously known as a one-way road?
Ans.—Not officially.
11. Q.—Was not its use as a one-way road quite sufficient for the traffic?
Ans.—It was not considered so.
12. Q.—What is the amount of road tax collected from properties in Rothsay park so-called?
Ans.—Information not in department.
13. Q.—What is the estimated cost of work done on such road since the first day of September last together with the estimated cost of completing such road to put the road in good usable condition again?
Ans.—
Hauling stone \$1,017.90

Heart Palpitated
Could Count Every Beat

When the heart begins to palpitate, it will beat fast for several seconds, then slow, then start to flutter, and a feeling of utter depression will come over your whole system, accompanied by weak, fainting and dizzy spells.
When the heart gets into this condition, you become weak, worn and miserable, and are unable to attend to either social, business or household duties.
Milburn's Heart and Nerve Pills will give prompt and permanent relief to all sufferers from any heart weakness or nerve derangements.
Mrs. Walter Grives, Apsley, Ont., writes: "I had been run down, and doctors told me I was anemic, but did not help me with their medicines. I could not sleep nights, my heart palpitated so, and I could count every beat. I used to have such dizzy spells I would have to lie down. I was not able to do any work for eight months. A cousin of mine had taken Milburn's Heart and Nerve Pills and told me what they had done for her. I took eight boxes of them, and now I am able to help every day with the work. I am so thankful to tell others what they have done for me, so that they may try this great and wonderful remedy. I hope this may prove good to some one who is suffering the way I did."
Milburn's Heart and Nerve Pills are 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

IMPLEMENTS CHEAPER
FOR SOLDIER SETTLERS

Ottawa, March 15—Soldiers who participate in the benefits of the Land Settlement Act will have the advantage of considerable reductions in price on the purchase of agricultural implements, black stock and harness.
W. J. Black, chairman of the Soldier Settlement Board, announces that very favorable arrangements have been made with manufacturers of implements and harness by which soldiers will be given a wide range of choice of first class implements at prices substantially below those quoted to civilians. The manufacturers also have guaranteed that soldier settlers will receive from any of their agents the same service and consideration as the public, and that the machinery and supplying repairs and spare parts as is given civilians who pay the regular retail prices.

WELCOME TO SOLDIERS
The fraternal welcome of the people of St. John to the boys returning from overseas has outdone that of any other Atlantic port. This was stated by Dr. T. Albert Moore, of Toronto, in his sermon at the Centenary Methodist church last evening. Dr. Moore is the secretary of the department of evangelism and social service of the Methodist church and has also just returned from overseas where he was sent as a member of the commission representing the Canadian Methodist church.

In his sermon Dr. Moore dealt with the great value of men and women of human life in the present day, and of the great and ever increasing necessity of economizing in humanity. He said that every effort must be made to conserve human life and that every child must be developed as high as possible until humanity is found to be rising into a loftier position than it has ever attained.

German Steamers to be Divided
Among France, Great Britain
and United States—Allies to Supply Crews

London, March 15—(By the Associated Press)—The Associated Press learns that the total tonnage of German shipping to be surrendered cannot be accurately ascertained, but including ships in neutral ports, roughly estimated, it would be 3,500,000 tons.
As Italy is already in possession of the Austrian shipping, the management of a very small proportion of the German shipping will be entrusted to that country. France will receive big ocean-going steamers to the extent of 1,000 to 1,500 tons. The balance of the tonnage will be divided equally between the United States and Great Britain. The allies will be required to supply crews for the ships.

The German ships will be delivered at various ports, those at present in neutral harbors being handed over there. There will be nothing in the shape of a formal surrender. The ships, according to information here, will be manned almost exclusively by British, French and American crews—exclusively so when they are used for the transport of troops.

An allied economic commission is being established at Hamburg to deal with the matter of freight and cognate subjects. Freight will be paid in accordance with the British blue book rates.

Paris, March 15—Under the agreement which the Germans made at Brussels, the United States will receive eight German ships which will be ready to go to sea within four days. The vessels are: the Graf Zeppelin, of 15,500 tons; the Prinz Friedrich Wilhelm, of 17,000 tons; the Graf Waldersee, of 15,000 tons; the Prinz Heinrich, of 15,000 tons; the Prinz Oskar, of 14,500 tons; the Prinz Adalbert, of 14,500 tons; the Prinz Auguste Victoria, of 14,500 tons; and the Kaiserin Augusta Victoria, of 25,000 tons.

The giant Imperator, of 32,000 tons, also will go to the United States. The ship is in the mud, and it is believed she can be floated in a few days.

The Germans agreed to place a deposit of gold in the National Bank of Belgium, at Brussels, for use as collateral.

Brussels Conference.
Brussels, March 14—(Delayed)—Prior to the signing of the German ultimatum, the agreement for the taking over of the German merchant fleet and the provisioning of Germany, the sub-committee on food supply and merchant shipping had conferences.

At the meeting of the conference sub-committee on food supply Herbert H. Hoover was the only speaker. In the name of the Allied governments, he stated the principal questions examined were the quantities of food to be demanded, the control of accounts and the method of payment. The question of control was the only one to which the German representatives insisted it should be in the hands of the German civil authorities who would be called upon to furnish accounts and statistics regularly. The meeting of the merchant shipping sub-committee was short and formal.

After a plenary session of the Allied and German delegations in the afternoon, the Germans signed the conditions imposed by the Allies.

The German representatives in the general council sat on one side of a long table while on the other side were an equal number of Allied representatives. There were no greetings, salutations or amenities of any sort. The whole proceedings were marked by impersonal rigidity. The chairman of the German delegation stared at a spot on the table but he was not injured. His chauffeur was wounded.

Copenhagen, March 16—Another attempt has been made against the life of Nikolai Lenine, the Russian Bolshevik premier, at Moscow, according to reports received here. Shots were fired at Lenine but he was not injured. His chauffeur was wounded.

ITALIAN SAILORS
IN BLOODY FIGHT
WITH JUGO-SLAVS

Paris, March 15—(By the Associated Press)—The Jugo-Slav committee in Paris has issued a statement in which it says it learns that grave disturbances have occurred at Spalato, Dalmatia, where, according to information reaching the committee, Italian sailors fought the inhabitants with knives, killing or wounding several persons. Eventually the sailors were driven back aboard their vessels, the statement adds.

The Jugo-Slav authorities have asked that the inter-allied commission open an inquiry into the matter.

It is announced from Belgrade that Italy has recalled its newly appointed minister from that city, but it is stated that this has no connection with the Spalato disturbances.

LETTSISH TROOPS
DEFEAT BOLSHEVIKI

Stockholm, March 15—Lettsish troops captured Fraunberg, northeast of Libau, from the Bolsheviki on Monday and took a great quantity of war material, a large number of machine guns and many prisoners, a despatch from Libau said. The Bolsheviki retired in the direction of Mitau.

CHILD GETS SICK
CROSS, FEVERISH
IF CONSTIPATED

"California Syrup of Figs" Can't Harm Tender Stomach or Bowels

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour. Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat, or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless and in a few hours the child will be as healthy as a horse. A thorough "inside cleansing" is often the first that is needed. It should be the first treatment given in any ailment.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for adults. Look carefully and see that it is made-up plain in printed on the wrapper. Look carefully and see that it is made-up plain in printed on the wrapper.

A summary of the agreement shows that payment by Germany will be made by freight bills according to the Germans, for the use of the shipping; part from credits that Germany may contribute to establish a fund for the use of the shipping; part from German exports; part from the sale of German-owned foreign securities, and part by the use of German gold.

The Germans agreed to place a deposit of gold in the National Bank of Belgium, at Brussels, for use as collateral.

Regarded as Blow
For Government

London, March 15—Politicians took upon the result in the parliamentary election in the West Leyton division yesterday as a sharp reminder to the coalition government of Premier Lloyd George of popular discontent.

The division returned A. E. Newbould an Independent Liberal, who was defeated in December, by a majority of 2,000 over K. F. Mason, a coalition Unionist. In the general election in December the coalition Unionist, Colonel Wright, whose death made today's election necessary, polled 11,000 votes to Newbould's 5,000. This result, with the fact that Rear Admiral Sir W. R. Hall, coalition Unionist, was returned for the West Derby division of Liverpool recently by a greatly decreased majority, is taken to show that the political lid is turning.

In the case of Admiral Hall, the coalitionists were able to argue that the result meant merely that his predecessor, Sir F. E. Smith, since appointed lord high chancellor, enjoyed unusual prestige and personal popularity.

The Newbould case is different. Premier Lloyd George wrote a letter approving the candidacy of Mr. Mason as a supporter of the coalition government. Mr. Newbould then sent a letter to the premier, pointing out that Mason had consistently voted against the Liberal policies of Lloyd George and against his social measures, whereas Newbould had always supported the policy of Lloyd George. The premier failed to reply to the letter, and the Liberals made great capital of the fact.

Politicians credit this change in sentiment to the government's financial policy, which C. F. G. Masterman, a cabinet member, called "The road to ruin."

MANY REPORTED KILLED
IN DISORDERS IN KOREA

Shanghai, March 14—(By the Associated Press)—Thirty persons were killed and forty were wounded at Sun Chum, Korea, on March 4, according to a translation of an account of disorders in that country published in a Japanese newspaper at Seoul and translated by the Reuters agency.

At the village of Suhung, south of Pingyang, says the account, four gendarmes fired on a mob until their ammunition was exhausted, fifty-one persons being killed. The mob eventually killed the gendarmes. At Yangdok twenty rioters were slain in an engagement.
