ATHLETIC. Planning New Rink. The members of the St. Francis Xavier Athletic Association are already beginning to prepare for the celebration of the diamond jubilee of the college in 1915. One of the features they plan upon is the opening of a new rink before that time. The members of the alumni of the college are to be asked to help, and various means are to be taken to raise funds. Committees have been appointed for the purpose. W. R. Walsh, of St. John, has charge of the campaign for New Brunswick.

THE TURF Turf Notes. Frederick Gleaner—Driver Tommy Raymond will not be alone at the Frederick Trotting Park very long. Trainers Wm. Sharen and Sandy Stewart are preparing to get to the track just as soon as the weather gets a little warmer. The former will have Lella Burns, Frederick's new "grey ghost," Norway W., Sam Boyle's handsome trotting mare, and some others, while Stewart's string will include the horses owned by H. J. Morgan, of this city.

BASEBALL Some Baseball Gossip. The East End league enthusiasts have been hard at work for the last few weeks and have furthered the reorganization of the league to such an extent that it is now almost certain that there will be baseball again on the East End diamond this year. The same four teams, Alerts, Nationals, Glenwoods and Commercial, will probably be in line this year and with the addition of some new material should supplement their success of last season.

Death of Ball Player. John Malvey, a well-known athlete, died at his home in Lewiston, Me., on Monday. There is to be a four team league this year. Last year the league was composed of three teams—St. Peter's, North Stars and Red Sox, and the enthusiasts were afforded a fine brand of ball. This year, however, should even the league last season, as there will be another team.

Five Men Team League Enjoy a Banquet

Commissioner McLellan's Project to Provide a Good Athletic Field and Track—An Interesting Gathering

AQUATIC. Launching May Be Delayed. London, May 7.—It is not certain that the Shamrock IV will be launched on May 28. She may not take the water until the last week in June.

Work is now being rushed, however, to get the boat ready by the 20th, for, if she is not launched then, it will be necessary to wait until June, as twelve or fourteen days intervene between suitable tides.

SHEEP RAISING IN WEST. Saskatoon, Sask., May 6.—For \$200 a farmer can start the nucleus of a flock as so many of our progressive men are now doing. Probably no branch of animal husbandry has ever rushed more rapidly into a deserved popularity than has the sheep in Saskatchewan.

What the Audience Wanted. With hisses and groans the audience greeted the new musical comedy. All hope, then, was at an end.

PRAYER BOOK REVISION

Anglican Church Committee Has Completed Its Work

Toronto, May 7.—The committee appointed by the General Synod of the Anglican Church in Canada for the purpose of preparing a revision of the Prayer Book, has completed its labors and has issued a statement which, while not giving details as to the work done, explains the general lines upon which the revision, which is now ready for presentation to the general synod, was carried out.

The work has been carried out on very conservative lines, and no feature of the book has been impaired or altered, while the enrichments and additions were considered by nearly all present, representing as they did practically all schools of thought, as increasing in large measure the value of the book for the needs of the church at the present day.

Two details which are calculated to make the new book capable of being more easily followed by those unfamiliar with it, and which are recommendations of the committee, are uniform paging (so that the minister can announce upon what page any special service or portion of a service will be found), and the inclusion of a brief instruction as to how to use the book to the use of those unfamiliar with the prayer book.
