Frederick Gets New Battery.
Joe Ford, manager of the Frederick Baseball Club, has signed Charles O'Brien, a catcher, and Jim McCourt, a southpaw pitcher, for the coming season. Both were members of Newburyport, Mass., team last season.

BOWLING.
Y. M. C. I. Win Match.
In an exhibition game played last evening between the Y. M. C. I. and the team from Halifax, which participated in the bowling tournament, the local quintette won out by a narrow margin of two pins. The individual scores were as follows:

Y. M. C. I.	Halifax
Powers 84	87
McNulty 77	83
Pipatrick 80	98
Cosgrove 78	79
Garvin 77	81

BASKETBALL.
Portland Team Wins.
The Portland Trail Blazers defeated the Central Baptist team in a play-off for the first place in the Tuxis League last night by a score of 2 to 0. After a very interesting game the Portland team won the city title. The line-up was as follows:

Portland	Central
Barbour	Forwards
Yeomans	M. Prebble
Williams	Centre
Priest	Defence
Coder	McLeod
Healey	R. Prebble

The referee was Connell.

St. David's Win.
The St. David's All Star team defeated the Ludlow street Baptist Tuxis team last night, 1 to 0. R. Connell refereed. The line-ups were as follows:

St. David's	Ludlow
Turner	Forwards
Shaw	Waring
Hutchinson	Hammond
Sinclair	Defence
Clark	Hart
McTigue	McHarg

McTigue To Sail May 5.
New York, April 27.—Mike McTigue yesterday called his manager here that he would sail for this country May 5 and arrive here May 15.

Heater Loses Decision.
Halifax, N. S., April 27.—"Billy" Woods, of Cambridge, Mass., was given a close decision over "Neddy" Healey, Halifax, in a ten round bout here last night.

Sydney Bout a Draw.
Sydney, N. S., April 27.—Jack McNeil of Inverness battled ten rounds to a draw here last night.

ATHLETIC.
New Zealanders To Compete.
Melbourne, April 27.—(Canadian Press via Reuters)—Forty Australian and fifty New Zealand athletes are expected to compete in the Olympic games in Paris in 1924.

SOCCER FOOTBALL.
Practice Tomorrow.
Soccer football players will hold a practice tomorrow afternoon on the Barrack Square. All those interested in the formation of a league are asked to be present.

ATHLETE'S HEART
IS CALLED A MYTH
Physicians Who Examined
Marathon Runners Discovered No Strain on Vital Organs.

Boston, April 27.—The "athlete's heart" admittedly a bugbear to the medical profession for many years, failed to put in an appearance among the contestants in the American marathon run here last Thursday.

Dr. S. A. Levine of Boston, who, with two other members of the staff of the Peter Bent Brigham Hospital, and Dr. Albert Wilhelms of Belgium, conducted a series of experiments upon the long-distance runners taking part in the grueling twenty-five mile test, said today that, although it had not been scientifically proved, success in long-distance running was probably more a matter of legs than heart or wind power.

The experiments conducted on the marathon runners were designed, according to Dr. Levine, who had charge of the research work, to bring to light information on the old controversy concerning "athlete's heart"—among other things, to try to learn whether there really is such a phenomenon and whether it may be induced by over-exertion. The American Marathon was chosen for the test, as it is believed to be the most strenuous of all accredited athletic events.

The condition of each athlete's heart immediately after the race and at normal was determined by the taking of X-ray pictures of each runner immediately after the finish and again later after the man had rested for several hours. The pictures then were compared.

"The surprising thing in our results was that the heart in no case became any larger as a result of the race, but in a number of instances it became smaller," Dr. Levine said, the old view that dilation of the heart is apt to follow over-exertion.

The runners also were examined as to their wind power, or the "vital capacity of the lungs." The physicians concluded from comparisons of their tests before and after the race that in general the wind power of the runners was above normal, but that there were some who were slightly below normal. The winner, Clarence De Mar of Mel-

CARPENTIER TO START FOR U. S. JUNE 25, DESCAMPS CABLES
New York, April 27.—Georges Carpentier, French light-heavyweight, will arrive here about June 25 for his match with Mike McGigue, world's light-heavyweight champion on July 14. This information was contained in a cablegram received Tuesday by promoter Tex Rickard from Francois Descamps, manager of Carpentier. In his letter to the Madison Square Garden promoter, Descamps said that he planned to leave for this country immediately. Carpentier's bout against Joe Beckett in London on June 14. Under this arrangement Carpentier will have at least three weeks at his disposal in which to train here for the meeting with McGigue. Rickard has not yet determined upon the site for the bout.

Fred Colman, aged seven, the son of Charles H. Colman, was taken to his home yesterday afternoon suffering from serious injuries sustained when he was struck by Simmons' Ltd. truck at the corner of Duke and Sydney streets.

AN OPEN LETTER!
To the Ladies of St. John
Dear Madam:—
Are you interested in buying your clothes direct from the Manufacturer at wholesale price? Certainly you are, then do not lay this letter aside but read further.

For the past twenty-six years I have been wholesale manufacturing Ladies' Suits and Coats in this city under the firm name of M. Grosweiner & Co., also under United Clothing Mfg. Co. at 24 Union street, and have been selling only the trade strictly wholesale. Beginning May 1st I am adopting a new business policy. I am selling direct to the consumer at the same prices as I formerly sold to the retailer. I am opening up a new place of business at No. 625 Main street, where I will manufacture the garment to your special order and save you the quarter of a century will now be put into each individual garment. I will have the latest fashion plates from New York from which you can choose your style and I will do the rest. The garment will be well tailored and will have a distinctive appearance. Absolute perfect fit is guaranteed.

I will also carry a full line of ready-to-wear Ladies' Garments which will be manufactured right on my premises and be sold to you at manufacturer's price.

Come in at any time and talk over your requirements with me. You will be under no obligation to buy.

Yours faithfully,
M. GROSWEINER.

"THE CUSTARD CUP"
The William Fox Special, featuring Mary Carr, is a bright and entertaining story of modern life, filled with sunshine and optimism. The characters are all human, many of them delightfully so, and the humor is rich and plentiful. Skillfully blended into the plot are a number of sensational episodes, a thrilling lambast fire and rescue scene being among them. A novel feature of this incident is the introduction of a hydroplane in the work of rescue. A raid on a counterfeiter's den which involves "Penic" the character played by Mary Carr, is another of the dramatic episodes of the picture.
