ADVENTURES OF THE TWINS

By Olive Roberts Barton

MR. CROW TELL S HIS TROUBLES

"Good morning," he cawed in a hoarse voice.

Mister Crow opened the door of his little store in the woods and hopped in. "Good morning," he cawed in a hoarse voice, but he looked more as though he meant, "Bad morning."

JOY OF HEALTH WOMAN'S RIGHT

Mrs. Evans Freed from Female Weakness by Lydia E. Pinkham's Vegetable Compound

Detroit, Michigan.—"I had female weakness with pains in my back, and I could not stand on my feet for any length of time. I was working in a factory but had to quit as I was too much of a nervous wreck. A friend recommended Lydia E. Pinkham's Vegetable Compound and I can hardly believe it myself that I am well. Oh, it is a grand thing to have your health! I feel well all the time and can go out like other women and not feel that awful torture. When I took your medicine first I thought it should cure after the first bottle, but I am glad my husband kept me at it. I have had nine bottles and now I am well. —Mrs. JENNY EVANS, 1804 Lafayette Blvd., Detroit, Michigan.

If you are suffering from displacement, irregularities, backache, nervousness or other forms of female weakness, you should take Lydia E. Pinkham's Vegetable Compound. The reason is given in letters like these, and we have published thousands of them. You may expect that a medicine that has helped other women will help you. Try it.

Free--If you send today

Men and women who have suffered torture that it hurts to describe—who have been tormented with aching pains that almost drove them crazy—who have been so crippled that they have been a burden to themselves and to loved ones—have read this clear cut book, "The Inner Mysteries of Rheumatism" and following its simple teachings have grown well, healthy and strong. It's a great book, written by an authority in language so plain that anyone can understand it. It's free to you if you act promptly—your name on a postal card will do. Address: H. P. Clearwater, Ph. D., 2535 street, Hallowell, Maine.

APPENDICITIS

Operation Not Always Necessary.

Hundreds of operations for appendicitis have been avoided by the "J. B. L. Cascade."

These letters from among many in our possession should convince you that the Internal Bathing brings positive results. Mr. James McLaughlin, 91 Evanston St., Winnipeg, writes: "I bought a 'J. B. L. Cascade' for the cure of a bad case of appendicitis. My doctors told me I must have an operation at once. I had spent more than \$50 in doctors' bills, but the Cascade completely removed, in a few days, every trace of soreness and pain. I eat and sleep well now, have regained my former weight and am now in perfect health."

A Mother from R.R. No. 1, Leamington, Ont., writes: "About two weeks ago our eldest son took sick with cramps in the bowels so bad he could not move. Our doctor gave him hypodermic injections and ordered him to the hospital to be operated on at once. Before doing so, however, I induced him to use the 'J. B. L. Cascade,' and in less than a week he was up and around, and has been well ever since. It also cured me of severe headache and constipation. I cannot praise the Cascade enough. It certainly is a wonderful invention."

If you have constipation, headache, appendicitis, or feel languid and not just right, don't drug yourself, bath internally. The "J. B. L. Cascade" is being shown and explained at E. Clinton Brown's, Union and Waterloo Sts., F. W. Munro's, 307 Main St. Ask for booklet, or write Turrell's Hygienic Institute, 180 College Street Toronto.

pose all of us could manage to eat a little nourishing food if we could get it."

"Why, Mister Crow!" cried Nancy. "Here's a whole store full of stuff to eat. You must be crazy to talk like that."

"Crazy! Well, maybe I am and maybe I'm not, but just tell me. Do you keep corn sprouts? Now do you?"

"Certainly not," said Mister Bags. "But we keep dried corn meal and corned corn and corn-cob pipes and pop-corn."

"Crows don't like any of that stuff," sniffed Mister Crow. "They like corn stalks like planted and started to sprout! Um yum, that's what we like! That's real nourishment for you, so it is."

"But that isn't honest," said Nick. "The farmers don't allow you to have any of the corn they plant. If you eat it when it's little, there won't be any corn stalks to grow big and have roasting ears on them."

"Too long to wait," growled Mister Crow. "Too long to wait. I just dropped in to find out if you should happen to know when Farmer Jones bought his seed corn to plant. He has his scare-crow all fixed up 'n' everything, so it must be soon."

"Why, what do you know about scare-crows?" asked Mister Bags sharply.

"Ha! I'm a wise old bird and I know," croaked the crow. "You can't fool me. I know that those old sticks they carry aren't guns at all. I'm not afraid of them."

M. P.'S PAY TRIBUTE TO DR. MCCARTHY

When the Lancaster Hospital was under discussion in the House of Commons yesterday, Hon. Dr. Bland, Minister of Health, referred to the death of Dr. J. A. McCarthy, the superintendent, paying a tribute to his work and expressing sincere regret at his death.

Dr. Murray MacLaren, M. P. (St. John-Albert) said, that before referring to the question of hospital administration he wanted to take the opportunity of joining with the Minister in the regret, "we all feel at losing yesterday one of the most efficient officers of the department, Dr. J. A. McCarthy, late superintendent of the Lancaster Hospital."

"As the minister and I, have no

"Liver Trouble so Severe I Had to Quit Work"

Mr. Thomas Honey, Brantford, Ont., writes:

"I was a great sufferer from enlargement of the liver for ten months, and finally I had to quit work. I would wake up in the mornings with a bitter taste in my mouth, had frequent headaches, yellow complexion, and pain in my right side, and between the shoulder blades. It was almost unbearable, and terribly weakening. I could not sleep at night and my heart also bothered me. But the whole trouble has now left me, thanks to that wonderful medicine, Dr. Chase's Kidney-Liver Pills."

FABLES ON HEALTH

Like Father, Like Son

"I wish you would stop quarreling in the presence of the baby," Mrs. Mann rebuked Mr. Mann one evening when he had been particularly ill-tempered.

"One of these days you will wonder why he misbehaves. You will hear him say words and wonder where he heard them. You will hear him 'uh' back to me—and you will never for a moment blame yourself."

The young child is impressionable to an amazing degree, as Mrs. Mann knew well. It mimics his elders at every opportunity.

The old saying: "Like father, like son," does not have entire reference to heredity. A tremendous responsibility falls upon parents during the child's impressionable years.

In the presence of the child they should act as they expect the child to act; they should behave as they expect the child to behave. The example they set will have a vital effect upon the child's behavior. By the time a child reaches six his habits are very likely

Doctor Says Newer Form of Iron Will Increase Strength of Many Delicate People 100% in 10 Days

In Many Instances—Persons Have Suffered Untold Agony for Years Doctoring for Nervous Weakness, Stomach, Liver or Kidney Disease or Some Other Ailment When Their Real Trouble Was Lack of Iron in the Blood—How to Tell

New York, N. Y.—In a recent discourse Dr. E. Sauer, a New England Physician who has studied both in this country and in great European Medical Institutions said: "If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron, and who are ill for no other reason than the lack of iron. The moment iron is supplied a multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue and therefore nothing you eat does you any ten to fourteen days' time, simply by taking this newer form of iron, and this after they had in some cases been doctoring for months without obtaining any benefit. You can talk as you please about all the wonders wrought by new remedies, but when you come down to hard facts there is nothing like iron to put color in your cheeks and good sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and the best blood-builder in the world. The only trouble was that the old forms of iron, like tincture of iron, iron acetate, etc., often ruined people's teeth, upset their stomachs and were not assimilated, and for these reasons they frequently did more harm than good. But with the discovery of this newer form of iron all this has been overcome. Nuxated Iron, for example, is pleasant to take, does not injure the teeth and is usually absorbed immediately beneficial."

NOTE.—The above company is known to be thoroughly reliable. Over 4,000,000 packages of Nuxated Iron are sold annually, and it has been used and highly recommended by former U. S. Senators, Members of Congress, Judges of U. S. Courts and many physicians. We are able to guarantee that if you do not obtain all and even greater benefits than you expect from Nuxated Iron, the manufacturers will promptly refund your money.

it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of this newer form of iron known as Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run-down people who were ailing all the time greatly increase and even double their strength and endurance and entirely get rid of their symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time, simply by taking this newer form of iron, and this after they had in some cases been doctoring for months without obtaining any benefit.
