

*To the friends of Church Education in the Diocese of
Toronto and elsewhere.*

The Governing Body of Trinity College School, in appealing to the liberality of Churchmen for aid in the erection of the new School Building at Port Hope, desire to bring under their notice the following facts :

This School, since its establishment, has been a thoroughly Church School. Each class receives religious instructions on every school day ; a selection from the daily service of the Church is used morning and evening ; and on Sundays and Saints' days there is a service for the boys in the School Chapel. During the six years which have elapsed since the opening of the School, 135 boys have entered and left ; and of these 22 have matriculated in Trinity College. When it is mentioned that the whole number of matriculants during that period has been 66, the great advantage the School has already been to the College will be apparent. It may also be noticed that at this time the highest Scholarship of £50 is held in each of the three years by an ex-pupil of the School.

The erection of new buildings, and the providing of increased accommodation, have long been felt as serious wants ; and since the appointment, in July last year, of the present Head Master, the Rev. C. J. S. BETHUNE, have become imperatively necessary, as will appear from the increase of the School. The number of boarders during Michaelmas Term, 1870, was 28 ; it is for this term, (Easter, 1871) 38 ; and the applications for next term already received seem to indicate a number which
