## BROWNSVILLE.

The annual meeting of the W. C. T. U. of Brownsville, was held in the lecture room of the Methodist church recently. Considerable interest was manifested in the meeting, as was evinced by the large attendance of members.

Mrs. J. A. Brown and other representatives gave an interesting account of the County Convention held at Norwich, and hospitality and kindness of the citizens of that town to temperance workers. Various committees were formed to distribute literature, etc., in connection with the coming plebiscite in January.

Temperance sentiment is dominant, not only in Brownsville but throughout the township of Derham, and the W. C. T. U. are determined that Derham's past majority will be increased in the coming vote.

A vote of thanks was tendered to Rev. N. Hazen, for the interest he has shown in temperance work, and also for opening the plebiscite campaign with such an able sermon. Mrs. B. D. Livingston, the efficient county president, was present, and by her cheering address stimulated the ladies to greater activity in temperance work.

The election resulted as follows: President, Mrs. J. A. Brown; 1st vice-pres., Mrs. Veale; 2nd vice-pres., Mrs. Kaar; rec.-sec., Mrs. Gibson; cor.-sec., Mrs. Edgington; treas., Mrs. Prentiss. Mrs. J. A. Brown was elected representative to the provincial convention to be held in Chatham.

## SWEABORG.

Wm. Edwards had a rather novel experience with a horse recently. The animal's hind feet broke through the covering of an old well and Mr. Edwards not being able to extricate it alone chained the animal's hind legs to a convenient post so that he would not sink farther in, while he went for assistance. On his return with help they found that the horse had broken clean through the boards, and was hanging by his hind legs, head downward, in the well. It took them over two hours to extricate the horse, which was not injured to any extent.

Turnips, owing to the ravages of lice, are rotting in the fields, and the stench from some fields is almost unbearable.

Mrs. Clipperton and family, of Ohio, are guests in this vicinity.

The Chicago exposition is the attraction at present, and numerous of our residents are now taking in the sights there.

The high wind storm of Saturday night proved very destructive to trees and fences.

John Dodge is very low from heart failure.

Mrs. Geo. Budd is very ill.

The season for amusements having arrived, was opened on Friday evening last, at the residence of Mr. Service, when the "light fantastic" held predominance until the wee sma' hours had advanced, when all dispersed well pleased with their night's enjoyment.

A serious quarry rests on the shoulders of one of our young men. He is the son of a young, charming and pretty widow, likewise a blushing damsel, and both are enamored by him. "It never rains but it pours," as this instance proves, and he is now suffering a week with each of his charmers. We envy him his good fortune now, but what will the end be? Our village bachelor, who a year ago advertised for a wife, should keep his weather eye peeled and when the climax arrives, should step in, and undoubtedly would be a successful aspirant.

## KINTORE.

A very pleasant evening was spent at the home of Mr. W. J. Robinson on the eve of their departure, Tuesday, 10th. Many of their friends and acquaintances wished to spend an evening with Mr. Robinson's family, and also to give them some token of the high esteem in which every member of the family was held. After appointing Mr. Thos. Hughes for chairman, Mr. and Mrs. Robinson were called forward and presented with two fine easy chairs and the following address:

DEAR BROTHER AND SISTER ROBINSON:—Your neighbors and many friends in this neighborhood could not think of letting you leave our community without giving you some expression of our esteem and respect. In your sojourn among us these many years you have endeared yourselves to old and young. Your honest dealings, your uprightness in all things, and your Christian deportment have won for you the good opinion and respect of all your associates and acquaintances. One of the sad things of our earthly pilgrimage is the breaking up of these relationships that has kept us together in sweet harmony. Your loyalty to the church of your choice and your liberality to the same have been appreciated by your brethren and sisters and all who know you. Your removal from our midst gives us sorrow, and we feel keenly our loss in many ways, but we trust under a kind Providence it will work out for you and yours a bright and prosperous future. As Christians we have a right to expect under the smile of our Heavenly Father that our loved ones who are near things of this life will be blessed. As you leave us we can assure you that you have the respect and well wishes of the entire community, and we trust and pray that the good degree of success and prosperity that has accompanied your industry here will be but a mere glimmer of a brighter day. Please accept these chairs, which we present with our warmest love and kindest regard, and we earnestly pray that your lives may be long spared to enjoy the fruits of your industry, and as you look at them from time to time may you think of the friends and associates of former days.

Signed on behalf of your friends and neighbors, JOHN C. HENDERSON, J. A. STANTON, D. A. McKAY.

Then Miss Hughes and Miss Minnie Robinson were each presented with a handsome work box, and Albert Robinson with a beautiful cuff and collar box. Mr. Robinson then replied in a few words, thanking his many friends for their kindness, after which a programme was put into the hands of the chairman, and addresses were given by Rev. Mr. Hart, the chairman, Messrs. Dunster, Arthur, Alderson, Presley, and others; recitations by D. A. McKay, and a reading by Mr. J. Whetstone. The Kintore Methodist choir furnished the audience with choice selections, and Miss Johnson with an instrumental, and Messrs. R. Presley and P. McKay with a song. A sumptuous lunch was then provided and after bidding good-bye and God-speed to each member of the family, the people left in the wee sma' hours o' mornin' apparently well pleased with the evening's entertainment.

A BIG IMPROVEMENT.—Have you noticed that putting a shade over a gas light does away with the flickering? We have, and we have also noticed that a good shade adds much to the appearance of a light, and we are sure that this fact will be appreciated by those using gas. That is why we have got in a large stock of the latest shades. See them at Bowman's Gas Store.

THERE is a fine assortment of coal shades at Robertson & McKay's. Call and see them before purchasing.

## A Clever Escape.

NIAGARA FALLS, Ont., Oct. 16.—William C. Woodward, the celebrated matrimonial swindler who worked thousands of eligible and well-to-do young men all over the United States with the "persecuted heiress" scheme, and who was arrested here and is on trial in Buffalo before the United States authorities, made a daring escape.

Woodward passed under the alias of Edward C. Moon. He worked his scheme through the Canadian postoffice on this side of the river. He was being examined this morning before the commissioner and the case was adjourned at noon until 4 o'clock.

This afternoon Woodward, accompanied by Deputy Marshall Watts, went to his attorney's office and while there managed to elude the officer and made his escape. The police of Buffalo were notified as were all the surrounding cities and towns, and all are on the alert to capture the man. It is doubtful if he will be apprehended.

For the Good of Others

Rev. Mr. Williams heartily endorses Hood's Sarsaparilla.

We are pleased to present this from Rev. A. A. Williams, of the Silsbee street Christian Church, Lynn, Mass.: "I see no reason why a clergyman, more than a layman, who knows whereof he speaks, should hesitate to approve an

Article of Merit

and worth, from which he or his family have derived the greatest benefit. Sarsaparilla may serve to extend those benefits to others by increasing their confidence. My wife has for many years been a sufferer from severe

Nervous Headache

for which she found little help. She has tried many things that promised help but performed little. Last fall a friend gave her a bottle of Hood's Sarsaparilla. It seems surprising what simply one bottle could and did do for her. The nervous headache decreased in number and was less violent in its intensity, while her general health has been improved. Her appetite has also been better. From our experience with

Hood's Sarsaparilla

I have no hesitation in endorsing its merits. A. A. WILLIAMS.

## A LAKEPORT MIRACLE.

AN EXPERIENCE FEW COULD PASS THROUGH AND SURVIVE.

Broken Down by Congestion of the Lungs and La Grippe—Weary months of Sleepless suffering—Narrow Escape.

From The Colburn Enterprise.

The village of Lakeport, in the county of Northumberland, is beautifully situated on the shore of Lake Ontario, two and a half miles from Colburne. The location of the village is picturesque and healthy, and as a rule the inhabitants of Lakeport are a vigorous people, with very little troubled sickness. But there are exceptions, and even in this healthful locality occasional cases of suffering and long months of weary sickness are found. Among those thus unfortunate is Mrs. Millo Haight, who for nearly two years was a great sufferer, sickness having made such inroads in her constitution that she was almost a complete wreck physically.

Although a young woman her system had run down until life had become almost a burden. She had consulted physicians and tried many remedies, but no relief was found. Her attention was finally directed to Dr. Williams' Pink Pills for Pale People, and having read of the many wonderful cures accomplished through the use of this great life-saving remedy, was induced to give them a trial. The result exceeded her fondest expectations, and before long she was restored to her former health and strength. Having heard of this cure, the Enterprise reporter called on Mrs. Haight, and enquired into the facts, which are given almost verbatim in the following statement: "I was ill for about twelve weeks in the latter part of 1891, while at home with my father in Trenton, I came to Lakeport, but was here only a few weeks when I was taken with inflammation of the bowels. After I sufficiently recovered I returned to Trenton. I had not been at home long when I was attacked with la grippe, which nearly brought me to death's door. A physician was called who said my system was badly run down. This was in February, 1892, and I was under his care for some twelve weeks before I was able to get out of doors. When I was taken down congestion of the lungs and spine set in and then the trouble went to my throat, and lastly to my ear, causing an abscess which gathered and broke three times, leaving me quite deaf. I suffered continually with cold chills and cold hands and feet and severe headaches. The doctor gave me no hope of recovery. As soon as I was able I returned to Lakeport, but did not improve in health and I felt that death would be my lot. In June, 1892, I began taking Dr. Williams' Pink Pills and had not been taking them long when the chills left me, my appetite improved, and sleep returned, something I had not enjoyed for many long weary months. After using the Pink Pills for some weeks I began to feel as though I could stand almost anything. In the month of June, 1892, I weighed 114 pounds, and in April 1893, I weighed 131 pounds, and my greatest weight. I took the Pink Pills for about four months, but I now resort to them for any trouble, even a slight headache. I truly believe that Dr. Williams' Pink Pills are worth their weight in gold, and I owe my health and strength, if not my life to them. My eyes were weak at the time I was sick, but I have had no such experience since I began the use of Pink Pills. I take great pleasure in thus making known my case, hoping that some fellow creature may be benefited thereby. I allow no opportunity to pass without speaking well of Dr. Williams' Pink Pills, and I know of several persons who began their use on my recommendation, and were greatly benefited by them. My father, who is some seventy years of age, is receiving great help from their use. I can truthfully say I cannot speak too highly of Pink Pills, and I would not be without them in the house under any circumstances. Mrs. Haight's husband is also taking Pink Pills for rheumatism, and being present during the interview gave his testimony to their benefit to him. Mrs. Haight's present appearance indicates the best of health, and no one who did not know of her long suffering would imagine from her present appearance that she had ever been sick. Her case is one that cannot but give the strongest hope to other sufferers that they too may be cured by Dr. Williams' wonderful Pink Pills, whose action upon the human system seems almost magical.

Dr. Williams' Pink Pills are truly one of the greatest medical discoveries of the age. They mark the beginning of a more healthful era. Every day brings reports of remarkable cures that have resulted from the use of this wonderful medicine. In very many cases the good work has been accomplished after eminent physicians had failed, and pronounced the patient beyond the hope of human aid. An analysis shows that Dr. Williams' Pink Pills contain in a condensed form the elements necessary to give new life and richness to the blood, and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, pale and sallow complexion, nervous prostration, all diseases depending upon vitiated humors in the blood, such as scrofula, chronic syphilis, etc. There are also a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. They build up the blood and restore the glow of health to cheeks. In men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of whatever nature.

Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark and wrapper, printed in red and blue. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. Ask your dealer for Dr. Williams' Pink Pills for Pale People and refuse all imitations and substitutes.

Dr. Williams' Pink Pills for Pale People are manufactured by the Dr. Williams Medicine Co., of Brockville, Ont., and Schenectady, N. Y., and are sold in boxes (never in loose form by the dozen or hundred), and the public are cautioned against numerous imitations sold in this shape at 50 cents a box or six boxes for \$2.50, and may be had all druggists or direct by mail from Dr. Williams' Medicine Company, from either address. The price at which these pills are sold makes a course of treatment inexpensive as compared with other remedies or medical treatment.
