To the Electors of the County Charlotte GENTLEMEN.-You will doubtless soon be GENTLEMEN.—You will doubtless soon be called upon to exercise your pretogative in the selection of two persons to supply the vacancies in the representation of this County in the local legislature, occasioned by the elevation of Messis. Stevens and Chandler to the Benefa'.

From the many solicitations and gratifying assurances of support received from all parts of the County, I am induced to place myself at your disposal.

The altered condition in the political relations of this Frowniae under the act of Union, calls loudly for the strictest economy in the man agement of its fiscal affairs.

The resources of the County left to our own control, if properly directed and developed should add materially to our ability in granting greater concouragement to its industrial and commercial pursuits.

The importance of Athorough revision in the checations are of agnorous; revision in reducation is also of the Province, is generally acknowledged, and that a more enlarged, liberal, and progressive policy sho id the adopted.

Should be henced by your choice, you may rely upon my unremiting exertions being faithfully directed toward the promotion of those objects and your interests generally.

Independent and free from all party trammels or ties, I dare act and think for myself, both in politics and other matters concerning the interests of the working class; and this I shall always do, in spite of the few men in St. Stephen what presume to rule the whole County. I am not the monit ce of a few designing men who wish to push into the field a Candidate that, if elected will be sure to serve them.—

No, Gentleman, I am the Candidate of the independent working men who have dared to shake off the shackles that have hitherto bound them, work who uses the world that they are not sowere, and will no be political slaves.
