Scrofula, or King's Evil,

SCRONTING, OF ALLES SLVIL, is a constitutional disease, a corruption of the blood, by which this fluid becomes writisted, weak, and poor. Being in the eirculation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there ene which it may not destroy. The acroduces taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, iith and filthy habits, the depressing vices, and, above all, by the venereal infection. What were be its hereditary in the constitution, descending "from parents to children unto the third and fourth generation?" indeed, it seems to be the rol of Him who says, "I will visit the iniquities of the fathers upon their children."

will visit the iniquities of the fathers upon their children." Its effects commence by deposition from the blood of cerrupt or ulcerous matter, which, in the lung, live, and internal organs, is termed-theserface, emptions or sores. This foul cor-ruption, which genders in the blood, depresses the energies of hic, so that scrollous constitu-tions not only suffer from scrollous constitu-stand the atjacks of other diseases consti-vention, which genders are the blood depresses the energies of hic, so that scrollous constitu-stand the atjacks of other diseases const-ventions and the disease of the source of the stand the atjacks of other diseases const-vention, which genders perish by disorders which, although not scrofulcas in their nature, are still rendered fatal by this tains in the constact of the commention which de-constact of all our people are scrofulous; their persons are invaded by this lurking in-fection, and their health is undernined by it. To clease it from the system we must renevisto the blood by an alterative medicine, and in-vention the sheat of and exercise. Such a medicine we supply in.

AYER'S

Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is com-bined from the most active remedials that/have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affec-tions which arise from it, such as Enurrwa and Skir Dissases, Sr. Asrunosy's Finz, Rose, or Envirthas, Pinries, Pusrues, Butornes, Blains and Boins, TUNORS, TETER and Skir RHEUM, SCAID HEAD, RINGWORM, RABEMANTEM, SYPHILITIC and MERCURAL Dis-sases, Daroys, DYSPERSIA, DERILTY, and, indeed, ALL CONFLAINTS ARISING FROM VITLA-rem on INFURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsapa-rilla is to purify and regenerate this visia fluid, without which sound health is impossible in contaminated constitutions. Compound Extract of Sarsaparilla.
