MRS. BENEDICT ARRESTED.
WOMAN CHARGED WITH DISOBEYING SUMMONS.

Mrs. J. A. Benedict, of Woodstock, was arrested by Constable Wilson in East Zorra Wednesday night, charged with disobeying a summons to appear in court in the proceedings against Joseph Dell, charged with indecent assault upon Mrs. Benedict.

Mrs. Benedict admitted that she had been advised not to appear against Dell in connection with the charge preferred against him and admitted that she had gone away to hide until the matter had blown over. She did not take into consideration the seriousness of disobeying a summons.

MRS. LOGAN'S DEATH.
AN ANALYSIS OF THE STOMACH OF THE DECEASED TO BE MADE.

Chief Inspector J. Murray has returned to Toronto from Georgetown, where he has been investigating the circumstances surrounding the death of the late Mrs. Robt. Logan. He was accompanied by Dr. J. C. O'Brien, who was Dr. Logan's physician.

They were unable to find any marks of violence on the body, although it was found in a position that indicated that she had been strangled. The water was found in the stomach, and the stomach was found to be empty.

COAL DEALERS' NOTICE
We, the undersigned coal dealers in the Town of Ingersoll, hereby agree to sell coal at the following prices:

All coal delivered in the month of July, \$6.50 cash, and \$6.75 credit. All coal delivered after July 31st, and until further notice, \$6.75 cash and \$7.00 credit. These terms apply to orders of one ton or over. All orders less than a ton must positively be accompanied with the cash. All contracts for coal not settled for when coal is delivered will be charged the price coal is selling for when settlement is made. Any entry that has been posted in the ledger is considered a credit order.

HORSE RECEIVED FATAL SHOCK

And John Bice, a London Lineman, Had a Close Call.

(London Free Press.)
John W. Bice, a lineman on the London Electric Light Company's staff, is congratulating himself that he is still on earth. His horse is dead as the result of coming in contact with a live electric wire.

The accident happened on Burwell street Wednesday night. Bice's duty was to fix the lamp on the street and to repair any that may become disordered. A Burwell street light was not giving satisfaction and Bice went out to see what was the matter with it.

While so engaged one of the wires leading to the lamp suddenly broke and fell.

The lineman had left his horse standing close by and when the wire dropped it fell across the horse's back.

The horse tumbled in a heap to the ground, and was dead before the lineman could descend his ladder and reach the animal's side.

Bice made an effort to save his horse, and it was in doing this that he was nearly shocked to death. He did not wait to take the usual precautions against the current, but in his hurry to save the horse he attempted to pick up the wire with a pair of pliers.

The current knocked him down and stunned him pretty badly, but as he had been fortunate in that the electricity had not reached him as it had done the horse at his feet.

Very few accidents of this kind have happened in this city. The staff of the electric company being a very careful lot of men. No blame for the loss of the large attaches to Bice. The horse was not a very valuable animal.

EXCURSION TO PT. STANLEY.

BIG CROWD ATTENDED—A DISAPPOINTING END TO TUG-OF-WAR.

The excursion to Port Stanley yesterday, under the auspices of the Beachville Public Library, was well attended and an enjoyable time was spent by all at the lake.

The tug-of-war between teams representing West Oxford and Zorra ended in somewhat of a fiasco. West Oxford won the first pull by about three inches.

The second pull was won by Zorra, they taking about half an inch of rope. It is said that the Zorra team refused to pull off the tie and the excursionists were disappointed.

Wm. McCune, of Ingersoll, was anchor man for the West Oxford team and David Hill of Westford was captain of the same team.

SPORTING NOTES.

BASE BALL.
The locals will practice at Victoria park to-morrow afternoon from four to six o'clock.

BRANDFORD EXPOSITOR.—There is plenty of sport about for next Saturday. The Woodstock base ball team will play the Brantford team in a championship game, and Billy Clark, an old favorite here, will probably do the pitching.

Immediately after this, the Brantford II and Reginald will play a game of lacrosse, also in the championship series. This is plenty for anybody.

The Thamesford Stars played the Aberdeens of Woodstock yesterday at the Baby City, the Stars winning by a score of 11-5.

The S-H sporting editor has become perfectly respectable over the last turn of events in Western League base ball circles and has, as he thinks, sincerely adopted a new attitude.

He is now a member of the public by means of journalistic "eloquence." However, journalism would look to a low level were it dependent on such contributors who so far forget themselves as to even overlook the laws of etiquette and become persons.

Perhaps his imagination of a newspaper puff will make him a hero in the eyes of the public. He talks about the Ingersoll editor's suggestion of applying for the position of a local editor of the Ingersoll Express has the following:

THEY WANTED A HUSTLER

With Sufficient Inexperience to be Caught by a Rather Neat Game.

Toronto, July 28.—Wholesale house desires young man for permanent travelling position in Ontario; experience unnecessary. \$18 weekly and expenses. Jobbers, 783 Fowlers, Rochester, N. Y.

The above advertisement has appeared in some Toronto papers of late, and that as recently as Saturday last. It is an innocent sort of notice, calculated to fill the ambitious young man or the out-of-work with confidence in the advertiser, and to raise rosy hopes of a competency if not a fortune, in the employ of "Jobbers."

Those who answered the advertisement got replies from Rochester on letter-paper bearing the name of the "National Jobbing Company," with much ornate flourish about the heading, and every appearance of prosperity. As a rule the recipient was considered just the man to take charge of office as manager, and an attractive prospect was held out to him. But a deposit of \$50 was required as a guarantee.

Judging from complaints made to the United States P. O. Department several offices have found their way to the "company" from people on both sides of the line, but the promised lucrative positions have not shown up in return. Now comes the news from Rochester that an order has gone forth to the postal authorities to hold all mail for the "National Jobbing Company," mark it "fraudulent" and return it to the postmasters at the sending offices for delivery to the senders.

LETTERS INTERCEPTED.
Under these instructions 350 letters were detained in Rochester on Sunday and large numbers on Monday and yesterday also. So it would appear that there are a multitude of fellows desirous of entering the service of "Jobbers," in spite of the vagueness of the designation given in the advertisements.

Many Toronto people have been caught, or almost caught, and Rochester advises say that among other Canadian cities represented in the correspondence now held or by complaints lodged with the United States Post Office or Chief of Police Bureau, are Hamilton, London, Brantford, Bradford, Ont., Peterborough, Guelph.

THE MAN WITH THE GUN.
One of the visitors to the office of the "National Jobbing Company" was a young man from Omaha. He liked the proposition made to him so much that he put up the cold cash on the spot. Once outside he was not so sure of it, and he began to waver. He had not carried with him money so easily. It did not take him long when he had got into this frame of mind, to decide that he had been a fool, and that the lucrative offer he had received was a swindle.

He sought Police Chief Hayden and complained to that official his suspicions and was assured that they were well-founded.

And what should I do about it?" he asked.

"Well, if I thought a man had just stolen \$50 from me," replied the chief, "I would take a gun to him."

The Omaha man had snickered and left in a hurry. Back in his big pocket he carried the Westerner's chief's advice and carried it out literally. What he said to H. B. Beaman, the head-centre of the concern, was repeated to him, and he was assured that they were well-founded.

And what should I do about it?" he asked.

CURED OF CHRONIC DIARRHOEA AFTER TEN YEARS OF SUFFERING.

"I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Brown, of Sherburne, N.Y. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with this complaint. One cannot say too much in favor of this wonderful medicine. This remedy is too little by all accounts."

THE WEATHER.

Toronto, July 28.—Monday afternoon was generally clear, but light rain fell from Lake Ontario to the Gulf of St. Lawrence and also over the greater portion of the North-west Territories. The weather will keep very foggy in the Bay of Fundy.
