VOL. 17.

FINAL STEPS TAKEN

The Cuban Resolutions Have Been Signed by Speaker Reed and the Vice-President

McKinley Preparing an Ultimatum To Be Sent to Spain—War Everywhere Expected.

Washington, D. C., April 18.—After reading the main resolution in the house it was moved to concur with the amendments. Dingley then moved the previous question. Dingley's motion carried by a vote of 170 to 160. Fourteen Republicans voted with the Democrats. As soon as the decision of the house became known the senate chamber became the scene of many animated conferences. The leaders of the Democrats, Populists and Silver Republicans got together and immediately war was passed around for none to concur in the house amendment and not to agree to a conference, thus throwing the responsibility for delay upon the house. Ten Republican senators will oppose the concurrence in the house amendment and vote against asking for a conference.

The Cuban resolution now comes before the senate, and if a motion to concur in the amendment made by the house is carried the resolution will go directly to the president; if defeated a conference will occur.

A Short War Predicted.

London, April 18.—The Madrid correspondent of the Daily Telegraph, telegraphing on Sunday, says: "Although war seems certain, the possibility of peace has not yet been eliminated. Negotiations are proceeding rapidly. It is possible that the war will be short and that the peace will be made before the end of the year."

The idea of armed intervention by Europe is abandoned and unfeeling, not one power being disposed to support the Spanish cause. It is now a question of the point of view of international law. Spain is in the right and she is entitled to the return of her colonies.

DRILLING AND DANCING.

St. Reginald "Boys" Have a Surprise and Are Equal to the Occasion.

Carlists Prepare for Action.

Spain to Raise a Loan.

Renewed Anti-American Demonstrations.

Spainiards Leaving America.

Fighting in Cuba.

Spain and the Maine Disaster.

The Spanish Torpedo Flotilla.

Britain's Attitude Annoys Europe.

A Cuban Plebiscite Proposed.

Many Troops Will Move.

To Increase the Navy.

World from Berlin says: A member of the diplomatic corps of this city is a correspondent: "The general opinion among my colleagues is that although an intention not to annex Cuba may be expressed in good faith, nothing is more certain than the eventual absorption of the island into the Union. The Cubans have shown no capacity of self-government."

British Press Opinions.

London, April 19.—The afternoon papers today unanimously express the opinion that the ultimatum signed by the joint resolution from congress will precede the possibility of peace. The papers also think it probable that when the demand for troops is made by the United States, the latter will regard them as an act of war without waiting further action upon the part of the United States.

Uprising in Puerto Rico.

Island of St. Thomas, W. I., April 19.—Advices from San Juan, Puerto Rico, report that excitement on the island is increasing. The army has been ordered to leave the coast for the interior. The local situation is very grave. At the town of Carolina there had been a labor uprising and troops have been sent to maintain order.

A Call for Volunteers.

Washington, April 19.—Representative Hill, of Iowa, chairman of the house committee on military affairs, introduced a bill authorizing the president to issue a call for volunteers to the number of 60,000 or 70,000 men.

As Regarded in Europe.

New York, April 19.—A special to the World from London says: "The antagonism of Russia to the United States has been a remarkable feature of the present crisis. The World correspondent has the most trustworthy authority for stating that the pro-Russian tendencies of the Russian official press will be modified and that within a very few days these journals will be expected to take an enlightened view of America's action. This impending change will be the result of a change in the Russian cabinet. The cabinet members who have been in a position to convince a Russian diplomat that the United States is not a Russian ally, are now in power. The Russian cabinet is now in the hands of the pro-American party."

LAST INSULTS TO GENERAL LEE.

Blanco's Deliberate Slight Followed by Jeers by the People.

Key West, April 18.—The exit of General Lee from Havana was marked by dramatic incidents, and the old soldier vacated his untenable position with colors flying.

Insults and hostilities by the multitude which crowded the streets and harbor front were the only demonstration of the popular feeling of hostility towards a man who had been so comfortable before in many weeks before the dispatch boat steamed past Morro Castle in the wake of the Olvera and Ancho.

Lee drove to the castle, accompanied only by a bodyguard of ten soldiers. He was met by a detachment of the United States army. The British consul was at the castle. The British consul deliberately offered a show of ill-will and discourtesy by refusing to see Lee, sending Secretary Cognigni in his stead.

The slight angered Lee, but he preserved his temper admirably, and the formal addresses were exchanged. The palace was crowded with Spanish officers, who had gathered to see the American general departing. He walked alone down the corridors and through the palace courtyard to his carriage, as if he were alone. The officers muttered curses and threats as he passed. He was surrounded by a mob of men who were shouting and making a noise that was deafening.

This treatment by Blanco caused General Lee to write a note in very strong language, which, however, he tore up after reflection. But as the Fern was sailing for the United States, he wrote a letter to the United States government, in which he said that he was leaving Cuba and that he was going to the United States.

House and Senate Agree.

Washington, April 19.—At 1:10 a. m. an agreement was reached between the house and senate. The resolution as agreed to is as follows:

Resolved, by the senate and house of representatives, that the United States in the first—that the people of the island of Cuba are and of right ought to be free and independent of every foreign power.

Second—that it is the duty of the United States to demand and to secure the independence of Cuba and to demand that the government of Spain at once relinquish its authority and government in the island of Cuba, and to withdraw its military and naval forces from Cuba and Cuban waters.

Third—that the President of the United States be and he hereby is directed to employ the military and naval force of the United States to carry out these resolutions in effect.

Fourth—that the United States hereby disclaims any disposition or intention to exercise sovereignty, jurisdiction or control over the said island, except for the pacification thereof, and asserts its independence of every claim of Spain to leave the government and control of the island to its people.

U. S. War Preparations.

Washington, April 19.—Preparations for action are about completed, work now being reduced to perfecting details. The army is being mobilized, and all that remains is to insure a prompt supply of all classes of equipment. As stated at the navy department today, the market has been cleaned of all surplus stores, and the fitting of them and the peeling of communication and co-operation. A novel departure is the formation of a marine battalion to accompany the North Atlantic squadron. It is the project of Colonel Hayward, who, being authorized to do so, has taken steps to put it in immediate execution.

The quartermaster-general's department of the army is rushing work on tents and tent equipment. The war department need 200 men as packers for mule teams now being collected by Captain Thomas Cune at Jefferson, Va. The pack trains will be particularly useful in the mountainous parts of Cuba and where the roads are bad.

War Inevitable.

Madrid, April 19.—It is the general belief in Madrid that the joint resolution makes war inevitable.

Spring humors, boils, pimples, eruptions, sores may be completely cured by purifying the blood with Hood's Sarsaparilla.

The Best Liniment—"Chamberlain's Pain Balm is the finest on earth," writes Edwards & Parker, of Plains, Ga. "For rheumatism, lame back, sprains, swellings and the numerous slight ailments and accidents to which we are all liable, this liniment has no equal. With it in the house, a great deal of pain and suffering may be avoided. For sale by the National Dispensary, 107 N. Broadway, New York, and by all Wholesale Agents, Victrola and Vancouver."

Ministers, Lawyers, Teachers, and others whose occupation gives but little exercise, should use Carter's Little Liver Pills for torpid liver and biliousness. One is a dose. Try them.

World from Berlin says: A member of the diplomatic corps of this city is a correspondent: "The general opinion among my colleagues is that although an intention not to annex Cuba may be expressed in good faith, nothing is more certain than the eventual absorption of the island into the Union. The Cubans have shown no capacity of self-government."

British Press Opinions.

London, April 19.—The afternoon papers today unanimously express the opinion that the ultimatum signed by the joint resolution from congress will precede the possibility of peace. The papers also think it probable that when the demand for troops is made by the United States, the latter will regard them as an act of war without waiting further action upon the part of the United States.

Uprising in Puerto Rico.

Island of St. Thomas, W. I., April 19.—Advices from San Juan, Puerto Rico, report that excitement on the island is increasing. The army has been ordered to leave the coast for the interior. The local situation is very grave. At the town of Carolina there had been a labor uprising and troops have been sent to maintain order.

A Call for Volunteers.

Washington, April 19.—Representative Hill, of Iowa, chairman of the house committee on military affairs, introduced a bill authorizing the president to issue a call for volunteers to the number of 60,000 or 70,000 men.

As Regarded in Europe.

New York, April 19.—A special to the World from London says: "The antagonism of Russia to the United States has been a remarkable feature of the present crisis. The World correspondent has the most trustworthy authority for stating that the pro-Russian tendencies of the Russian official press will be modified and that within a very few days these journals will be expected to take an enlightened view of America's action. The cabinet members who have been in a position to convince a Russian diplomat that the United States is not a Russian ally, are now in power. The Russian cabinet is now in the hands of the pro-American party."

LAST INSULTS TO GENERAL LEE.

Blanco's Deliberate Slight Followed by Jeers by the People.

Key West, April 18.—The exit of General Lee from Havana was marked by dramatic incidents, and the old soldier vacated his untenable position with colors flying.

Insults and hostilities by the multitude which crowded the streets and harbor front were the only demonstration of the popular feeling of hostility towards a man who had been so comfortable before in many weeks before the dispatch boat steamed past Morro Castle in the wake of the Olvera and Ancho.

FROM THE CAPITAL

An Amusing Debate in the House Over a Sensational Charge by Mr. Davin.

Report that a Crown Counsel for the Yukon Had Been Appointed Is Denied.

Ottawa, April 18.—In the house Mr. Talbot denied the statement made in Mr. Davin's speech on Saturday morning that he was drinking beer in the chamber. Davin refused to retract. A long discussion ensued as to whether Davin had drunk beer or not. Mr. Talbot said that he had not drunk beer, but that he had drunk wine. Mr. Davin said that he had drunk beer, but that he had drunk wine. The matter dropped.

Mr. Philip Sheridan, a young lawyer of that city, has been appointed a crown counsel for the Yukon district at a salary of \$4,000 or \$5,000 a year. It was learned in official quarters to-day that no such appointment has been made and that there is not likely to be any such appointment. If a crown counsel is appointed in the Yukon he will be paid by fees, the same as elsewhere, and not by a big salary.

Ottawa, April 19.—At the meeting of the public accounts committee to-day George Taylor, Mr. Cochrane and Dr. Spry attacked the expenditure of the Yukon department. They examined Mr. Hutchinson, who has charge of affairs there, who told them that the same year for making purchases now prevails in the department as was in existence for the past ten years. Previous to that time he bought whatever he could get for the cheapest goods. Mr. Taylor objected to the payment of the rental of \$100 for wine glasses, finger bowls, etc., and Mr. Hutchinson replied that the stock had run out, and it was necessary to do this. Mr. Foster wanted to know how much was spent on the ballroom and on the Hootling river, which was reported to be \$2,000. To this Mr. Foster replied that while there was some \$2,000 spent on frivolities there was not so much on the Yukon. At the meeting of the railway committee to-day the Lake Bennett and Klondike Railway and Transway Company's bill, for 30 miles of rail from Marsh Lake to Hootling river, was reported.

Mr. Morrison's bill extending the time for the commencement of the Beaulieu and Southern railway to two years, and for the completion in two years, was passed.

Judge Clark appeared for the Nakusp and Slokan railway, which is a Canadian Pacific project, asking that the company might construct and operate the line from the American company authorized by the Governor-General in council. The principal object of the bill is to build a line from Three Forks, on the Nakusp and Slokan railway, to White water Creek, to reach a mining region already served by the Kaslo and Slokan railway. Messrs. Morrison and Clark proposed a blanket charter asked to limit it to ten miles to Whitewater Creek. If the bill passed, said Mr. Morrison, the line would be built in two years. The C.P.R. had in British Columbia would disappear. Finally Mr. Clark accepted the ten mile limit and the bill was passed.

Mr. Sifton has issued orders to Canadian officers to issue free miners' certificates at the summit of both White and Chiodo passes.

Four Klondike nurses and "Faith Penton," press correspondent, left for the coast to-day. The Abernethys and the Greaves were at the station to see them off.

Sir Louis Davies informed Mr. Davin that the government had been notified by the British Columbia legislature on Tuesday last year.

Dyspepsia in its worst forms will yield to the use of Carter's Little Liver Pills. They not only relieve present distress but strengthen the stomach and digestive apparatus.

CANADIAN NEWS.

Toronto, April 19.—Arthur Pettit, aged 15, tried to board the moving Grand Trunk freight train at North Parkdale station to-day, but slipped and was run over, leg being cut off and severe internal injuries inflicted. He was taken to the hospital and died during the afternoon.

Protests were entered this morning against Mr. Guilford, the Liberal member-elect for Russell.

The Mail refers to an editorial in the Montreal Herald, which called Sir Charles Tupper the "Prince of Politicians." The Mail says that it now believes the writer of that editorial, whoever he may have been, was grossly misled by biased and malevolent assertions with respect to Sir Charles which came from his disappointed and angry opponents.

London, April 16.—The news writ against the city of London, Ont., as the result of the City Hall accident on the night of January 3rd, was filed by Mr. William Jackson, of South, LaSalle, against the city of London, Ont., for the death of his son, Oswald Bruce, who was standing in the Arcade when the tower collapsed, and was killed by a falling beam.

Simcoe, April 16.—John Mutton, collector of customs here for many years, died yesterday and favorably known, died this morning.

Quebec, April 16.—Monsignor Begin, archbishop of Quebec, died at the age of 80, after a long illness, at his residence in the city of Quebec, on the evening of Wednesday last, the day following the interment of his wife, the Countess of Beaulieu.

Sutton, Que., April 16.—Fire destroyed a building in the centre of the town yesterday, including the post-office and railway station. The loss is \$10,000.

Montreal, April 16.—Mr. Philip Sheridan has been appointed Crown Counsel for the Yukon territory, and will leave shortly. It is stated that the appointment will bring him \$3,000 or \$4,000 per annum.

To cure Catarrh use vapors of Quackure.

MUST NOT JOIN COERCION.

Strong Presentation of English Position by London Chronicle.

London, April 16.—The Daily Chronicle, taking it for granted that there is some truth in the report of new concert for coercion, devotes an editorial to inducing England not to join. It says: "Our concern is to see that England is not once more dragged at the heels of despots and made to play the game of the latest of the rottenest tyrannies that encumber the earth. We have good reason to say that there are strong friends of America in the present government, and we hope Lord Salisbury is one of them, but it is important that the feeling of the country should be adequately represented, both in England and in Washington."

"It was easy to coerce Greece, but America stands in a different category. She is a very great power, intensely proud, and accustomed to her fate has been to undertake a task peculiarly arduous and unpalatable. She is not going to be pulled by the heels of the Cretan blockade, and if the movement against her is pressed too far, she will be pressed in her own interests to clear the situation."

"Our present purpose is to insist that our government does its best by using every means in its power to defeat any anti-American combination. If there is any doubt about the feeling of the great majority of the nation, we shall be happy to try the experiment of marshalling 100,000 Londoners through the metropolis with the Union Jack and the Stars and Stripes. If the feeling of the business of the mother country to stand by her children of the West as stiffly and strongly as one country can by another."

THE YUKON RAILWAY

Premier Turner Offers Assistance to the Dominion Government.

Sir Wilfrid Laurier Does Not See What Can Be Done in the Matter.

Montreal, April 19.—The Montreal Herald published a special from Victoria to-day stating that Premier Turner had offered to assist the Dominion government in building the Yukon railway from a British Columbia ocean port, and Sir Wilfrid Laurier replied that in view of the action of the senate he was unable to say what could be done.

The foregoing dispatch received from Montreal this afternoon prompted a Daily Times reporter to write a long article on the subject. He stated that the Premier was being unable to leave his place in the house when the dispatch was sent in to him by an obliging member, with the request that he would say something as to its authenticity, replied: "It is quite correct."

WINNIPEG NEWS.

Winnipeg, April 16.—General Agent Swinford has received advices regarding the seeding operations from agents at Northern Pacific and Manitoba lines. Seeding is well in hand in all districts, and the reports nearly all agree that the land was never in better condition for planting in the whole there will be a large increase in the acreage under crop this year, as compared with 1897.

Premier Greenway's bill to aid a competing line from Winnipeg to Lake Superior via the Seine River country will be introduced in the legislature on Tuesday.

At Carberry fire broke out this morning in the brick block owned by Mr. J. Pennie, contractor, of Winnipeg, and occupied by Mr. Finkelman, of Winnipeg. The building is a total loss and was valued at about \$12,000.

W. C. Marx, of Detroit, who was injured in the Canadian Pacific Railway accident at English river, has left the general hospital and gone west with his party, en route to the Yukon.

Charles Macdonald, of Neepawa, has been convicted on two charges of violating the liquor law, and fined \$400. Neepawa is the "local option" town, and the May 6th, will be Ashby Day in Manitoba.

EUROPE WANTS A FINAL WORD.

Berlin, April 16.—It is learned from authentic sources in Germany that the intention of the continental powers to maintain absolute neutrality in case of war between the United States and Spain, France and Austria acquiesced only with the proviso that Europe is to have something to say in settling the peace conditions.

MINISTERING ANGELS.

Nurses for Klondike En Route From Ottawa.

Four members of the Victorian Order of Nurses, who are now en route to the coast on their way to the Klondike, will be tendered a reception by the Local Council of Women. This was decided upon at a meeting of that body yesterday afternoon, when a telegram was received from the Countess of Aberdeen announcing the departure of nurses from Ottawa, accompanied by Faith Penton as press representative.

A communication was received from Dr. Richardson, of Dawson City, asking for contributions of hospital necessities from the Council of Women, and a committee was appointed to deal with the matter.

The Local Council are taking vigorous steps to prosecute the work of the order. Miss Livingstone will give two lectures during the first week in May on Intoxicants, Superior Hygiene, and Cookery, and classes will then be formed to pursue these studies.

All who contemplate joining these classes should make application to members of the executive or to Mrs. D. W. Highley.

ROYAL BAKING POWDER

VALUABLE TESTIMONY. An Eastern Corporation to Extend Its Business in British Columbia. "I know no mining country in the world which possesses so many advantages of climate, accessibility and abundance of supply of good water and food products as does British Columbia." The speaker was Mr. B. Hal Brown, of Montreal, general manager of the London & Lancashire Life Assurance Co., who, after an absence of six years, is visiting the province with the intention of making arrangements to largely extend the connections of his company on the coast. Mr. Brown is particularly delighted with the weather conditions prevailing here, and says the idea of seeing roses, primroses and pansies growing so luxuriantly as they are seen here at this season would be a strange one to Eastern people. Comparing, too, the conditions surrounding the water and prospect in British Columbia with those encountered in other mineral countries, the advantage is overwhelmingly in favor of the province. "With timber on every hill to build his houses, a water supply unequalled anywhere in the world, accessible to a great ocean and with an abundance of fish, with pasture for cattle and such a climate, the people of British Columbia possess a residence property which it would be impossible to speak too highly of." The London & Lancashire has done business in the Dominion since 1868, and occupies the enviable position of being the first British company to Canadianize its business, having a capital of \$1,000,000. The Dominion without direct reference to the parent organization. The funds in Canada amount to two and a half millions of dollars, and the surplus, exclusive of capital, reaches the sum of \$543,000. The special object of Mr. Brown's visit to the coast is to complete arrangements for the loaning of money by the company in Victoria and Vancouver on improved surrounding residential property, and possibly to appoint a board of local directors to act in an advisory capacity with Mr. B. Hal Brown, the general manager. The company has hitherto confined its investments to loans on property in Eastern cities, but has recently opened an office in Victoria, a few days ago. Mr. Selwyl, who is in charge of the business in the province of this large Eastern corporation, is a man of recognized standing in the Dominion, and has a long and successful career in the business world. He is a native of the Dominion, and has a thorough understanding of the conditions of the province. He is a man of high character, and is a man of high character, and is a man of high character.

CASTORIA

For Infants and Children.

"I feel it my duty to give you a truthful statement of what Chamberlain's Colic, Whooping Cough, and Diarrhoea Remedy did, writes J. S. Collins, of Moore, S. C. "I had a child about two years old that had the diarrhoea for two months. I tried all the best known remedies, but none gave the least relief. When this remedy came to hand, I gave it as directed, and in two days the child was completely cured." Sold by Langley & Henningson Bros., Wholesale Agents, Victoria and Vancouver.

Husband (to very old friend)—Strange, but my wife always wants me to remember her birthday, but to forget her age!—T. B. B.
