Dose, Small Price

The City Council Give the Happy Dispatch to Routine Business and Adjourn in Less Than Half an Hour.

A Site Recommended for the New Fire Hall-**Building Inspector Recommends Tearing** Down the Heathorn Block.

If last evening's meeting of the City Council was not a record beater in point! of shortness of duration it was, as one of the aldermen said, "Nigh unto it," for the proceedings occupied but twentyfive minutes. There were two items of importance, one of which was the receipt of a report from the building inspector upon the unsafe condition of the Heathorn block, the adoption of which report will lead to the tearing down of one of the landmarks of the city. The other was the report from the Fire War-dens, recommending a site for the erec-tion of the new fire hall in the Cadboro' Bay district, which was laid over for one week, on the motion of Ald. Phillips, to give the members of the council an op-portunity of inspecting the lots it is pro-

All the cidermen were present, and the mayor called the meeting to order at \$.15. The minutes of the last meeting were read and duly adopted, and then came a communication from Mr. J. Wriglesworth, informing the scouncillabels and the second of the secon Wriglesworth, informing the council that he had executed a transfer of the Yates street fire hall property, in the course of which he expressed the opinion that the price at which the council is disposing of the property is utterly inadequate, and that the chief justice had not expressed any opinion as to the right of the corporation to sell the proright of the corporation to sell the pro-perty. This was the last opportunity Mr. Wriglesworth would appear to have register a "kick" against the sale of e property, and Ald. Wilson moved the property, and Ald. Wilson moved that the letter be received and filed, which was seconded. Ald. Phillips thought it might be well perhaps to have some more legal advice on the ques tion. Ald. Wilson said his motion had been made with the express intention of any discussion unnecessary and Ald. Humphrey thought that had Mr. Wriglesworth and the others acting him been compelled to pay the of the action they had brought they would have been dealt with

more in accordance with their deserts.

Ald. Wilson said "Hear, hear," and the motion being put, carried unanimously. Lieut.-Col. Worsnop and the officers of the Second Battalion, Fifth Regiment.

Government street in which the fire occured last week, and ecommended that the owners or agents be notified to comply with clause 30 of the building bylaw, which requires that any structure which in the opinion of the inspector and of the council is a "dangerous nuisance" shall be removed. Mr. North-cott unhesit intly condemned the Sweeton building, saying the walls are not the adjoining building, saying the walls are not the adjoining building, saying the walls are not the adjoining building, said that if it was cesired to retain three stories it should be torn down and the walls rebuilt. Add. Williams moved, and Ald. Hall seconded, that the building inspector be instructed to notify the owners or agents.

were adopted. Another report from the same committee, recommending the payment of \$668.35, the costs incurred in the law suit brought upon the city in regard to the sale of the Yates street fire hall property, was received. Ald-Humphrey pointed out that this expense had the result of making the price obtained for the property, and which Mr. Wriglesworth and his friends said was too low, still lower. The report was adopted, his worship saying there was no other course to pursue but to pay.

The market clerk reported receints for

Ald. Phillips was not in favor of any undue hurry in the matter, and moved that it be laid over for one week to give all the aldermen an opportunity of viewing the property recommended by the Wardens. The general opinion being that Ald. Phillips's motion was a wise one, it carried unanimously and the council rose at 8.40 o'clock.

FARMERS' INSTITUTES.

Okanagan Farmers' Institute Supplementary Meetings at Armstrong

pay the duty at a lower rate than Vietoria then Seattle will get the trade, but Victoria and Vancouver should get it. It has not yet been decided whether the line will go to Bennett or Toochi lake and Windy Arm, but the route will be the same to Log Cabin. The worst part of the line has been already built, and the remainder will be a much more rate than Vietoria then Seattle will get the trade, but Victoria and Vancouver should get it.

It has not yet been decided whether the line will go to Bennett or Toochi lake and Windy Arm, but the route will be the same to Log Cabin. The worst part of the line has been already built, and the remainder will be a much more rate than Vietoria and Vancouver should get it.

Okanagan Farmers' Institute Supplementary Meetings at Armstrong and Kelowna.

The meeting at Armstrong on Dec. 19th was attended by over thirty farmers, and, no doubt more would have been present had it been longer adverhave The president, Mr. Donald Graham,

gave a short paper and asked the farmers to take greater interest in Institute Mr. J. R. Anderson, superintendent of Farmers' Institutes, and Mr. R. M. Paler, inspector of fruit pests, were pre-

The president called on Mr. Palmer to read his paper on. "The Management of a Mixed Farm." The paper was listened to attentively, and was well received. It was discussed by Messrs. Heard, Crozier, cummings and others and Mr. Palmer Cummings and others and Mr. Palmer replied. Mr. Palmer's advice as to rot tion of crops will undoubtedly be for lowed to renew lands impoverished by Ohio.

Mr. Elisha Berry, of this place, says he never had anything to do him so much good and give such quick relief from rheumatism as Chamberlain's Pain Balm. He was bothered greatly with shooting pains from hip to knee until he used this liniment, which affords prompt relief.—B. F. Baker, druggist, St. Paris, Ohio.

For sale by Henderson Bros., wholecontinual wheat growing, as farmers have been anxious to learn if a crop of

fully in Spallumcheen.

Mr. Anderson's paper on "Co-operation," was heartily received, everyone present coinciding with his views. He then addressed the meeting generally and left copies of the act for perusal.

After a vote of the parks was tendered to

After a vote of thanks was tendered to Messrs. Palmer and Anderson adjournment took place, terminating a successful meeting.
At Kelowna on Dec. 21st about forty

At Kelowna on Dec. 21st about forty-five farmers were present at the Institute meeting, Mr. T. W. Stirling, vice-president, being in the chair.

After a few opening remarks of the chairman, Mr. J. R. Anderson explained the working of Farmers' Institutes.

Mr. Palmer then read his paper on mixed farming. Messrs. Anderson, Knox, Stirling and others spoke on different points in connection with the paper and much information was elicited. Mr. Palmer and others answered different pertinent questions.

processed by the practical paper on fruit growing.

Mr. Anderson spoke of Japan and China being new markets for apples, and Messrs. Palmer and Crozier spoke of the dessert apples wanted on the market. Other points on fruit growing were touched on by Messrs. Crozier, Anderson, Chaplin, Palmer and others. A number of questions were answered by Mr. Palmer and others. mer and others.

Mr. C. D. Smith made a few remarks and moved a vote of thanks to the different speakers, which was carried, thus

ending a very profitable meeting.

The Contractor and Engineer of the Yukon & White Pass Railway Talk About Operations of the Company.

Seattle Merchants Taking Trade Which Belongs to the Cities of British Columbia-\$4,000,000 To Be Expended.

"There are now a thousand men at work on the White Pass & Yukon railway," said Mr. J. Heney, the contractor for the Arctic line, yesterday at the of the Second Battahon, Fifth Regiment,
C. A., conveyed seasonable greetings to
the mayor and council, which were duly
acknowledged and reciprocated.

An acknowledgment was received
from the company to whom the contract

Williams moved, and Ald. Hall seconded, that the building inspector be instructed to notify the owners or agents of the property in accordance with the terms of the by-law, and falling their compliance therewith that the provisions authorizing the corporation to tear down unsafe buildings be carried adopted.

The standing committee on finance sent in the usual reports recommending the payment out of current revenue of the ordinary accounts, which reports were adopted. Another reports ment of \$668.35, the costs incurred in the law suit brought upon the city in regard to the sale of the Yates street fire hall property, was received. Ald. Hall secondated that this expense in the usual reports recommending the payment of \$668.35, the costs incurred in the law suit brought upon the city in regard to the sale of the Yates street fire hall property, was received. Ald. Humphrey pointed out that this expense in the gateway city. Over \$1,500,000 on walk, just as we see fit. I never report in the gateway city. Over \$1,500,000 on walk, just as we see fit. I never report reads to continuous the fire and the payment of \$668.35, the continuous and the first man who reaches Skagway can have the money. It must be a go as you-please race. Horses, dors or agents of the year of the gateway city. Over \$1,500,000 on walk, just as we see fit. I never reports recommended that this expense in the gateway city. The market clerk reported receipts for December \$143.15.

A report was received from the Fire Wardens enclosing tenders received by them for lots suitable for the erection of a fire hall in the Cadboro' Bay road district, as follows:

W. A. Dyer, 50 feef x 120 feet, on Harrison street, \$650.

Pemberton & Son, lots 94 and 95, N.E. corner Yates and Camoson, with frontage on Yates of 32 feet 1½ inches, and on Camoson of 105 feet, \$1,400.

A coording to the present contract the destination of the line is Fort Selkirk, 360 miles from salt water, but Mr. R. B. Jack, the engineer of the railway, who accompanied Mr. Heney, said that he would not be far astray in being quoted as saying that one thousand miles of the road would be built, and that operations would be continued for at least three or four years to come. The road would, he considered, involve the expenditure of at least \$4,09,000 to make a crosscut from ten miles below the Little Salmon to Lake Le Barge.

The market clerk reported receipts for destination of the line is Fort Selkirk, 360 miles from salt water, but Mr. R. B. Jack, the engineer of the railway, who accompanied Mr. Heney, said that he would not be far astray in being quoted as saying that one thousand miles of the road would be built, and that operations would be continued for at least three or four years to come. The road would, he considered, involve the Eittle Salmon to Lake Le Barge.

The market clerk reported received by the set of the railway, last spring in twenty-three days with the would not be far astray in being quoted as saying that one thousand miles of the road would be built, and the way, either. We left Dawson April 26, and reached Skagway May at the supplies and the way, either. We left Dawson April 26, and reached Skagway May at the say the part of the way, either. The way is the part of the railway, and the part of the railway, the carrier of the railway, and the part of the road would be continued for at least \$4,09.0,000 to the part of the road would be continued for at leas According to the present contract the W. A. Dyer, 50 fees x 120 feet, on Harrison street, \$650.

Temberton & Son, lots 94 and 95, N.E. corner Yates and Camoson, with front age on Yates of 32 feet 1½ inches, and on Camoson of 105 feet, \$1,400.

Swinnerton & Oddy, lots 2 and 3, lot 56, block 39, Fernwood road, facing Cadboro' Bay road and Yates, \$4,200.

J. Bullen, lot 11, block 39. Fernwood road, facing Cadboro' Bay road and Yates, \$4,200.

The Fire Wardens recommended that the site offered by Messrs. Pemberton & Son at the northeast corner of Yates and Camoson for \$1,400 be purchased, and that the balance of the money reand that the balance of the money received from the sale of the Yates street fire hall property be applied towards the erection of a suitable fire hall on the site recommended.

Ald. Phillips was not in favor of any make hurry in the matter, and moved hat it be laid over for one veek to give of the process.

Ald. Phillips was not in favor of any make hurry in the matter, and moved hat it be laid over for one veek to give of the process.

Ald. Phillips was not in favor of any make they will not let their patriotism to the Maple Leaf stand in the way of business. The goods will be bought where they can be got best and cheapers, and if Seattle can supply them and pay the duty at a lower rate than Victoria and Vancouver to the trade, but Victoria and Vancouver to the Victoria and Vancouver to the variation of the city.

Arthur G. Wheeler, of Dawson, who has read Jack Carr's challenge for a rate to the Klondike, is ready to make them cover my money at Dawson.

Arthur G.

Vancouver.

WHAT SHE BELIEVES. "I believe Hood's Sarsaparilla is a good medicine, because I have seen its good effects in the case of my mother. She has taken it when she was weak and her health was poor and she says she knows of nothing better to build her up and make her feel strong." Bessle M. Knowles, Upper Wood Harbor, N.S.

Jack Carr's Challenge to All Comers for a Race From Dawson to Salt Water Has Been Taken Up.

C. W. H. Schultz, J. A. Acklin and A. G. Wheeler Ready to Meet the Ex-Mail Carrier

The advertisement that has appeared in the Times for the last few days in which Jack Carr offers to bet \$10,000

ous of making a match with Carr. The trip say that Carr did not dare to make his "crack"—so they called it—in Dawson, and Carr comes back at them with a big signed statement in which he says that a few years ago, before there were police stations every thirty miles on the upper Yukon, between the coast and Dawson, also posts nearly every twenty-five miles, established by the Arctic Express Company, or before what he terms an "old woman's route," when travellers had to take enough provisions to last had to take enough provisions to last them and their dogs to Circle City, 300 miles further than Dawson, a slight fracmiles further than Dawson, a slight fraction less than 900 miles in all, having to start with a load consisting of 125 pounds to the dog, where now forty pounds is the average, he made the trip in thirty-two days from the time he left Dyea until he reached Circle City, an average of twenty-eight miles a day. Carr claims that Acklin's time on his trip out this winter consumed twenty-live. trip out this winter consumed twenty-five days, the surveyed distance, 578 miles,

him a record of twenty-three miles a day.
"On my trip from St. Michael last winter," says Carr, "which is well known,
I left St. Michael on November 25 and
reached Dawson on January 14. Between those two points I laid over seven-teen days, making 2,000 miles in sixty-

broke trail the first 1,000 limes with snowshoes.

'I covered the distance between St. Michael and Tanana, 930 miles, leaving November 26; by Christmas eve, including five days' lay over. The actual travelling time, twenty-five days, made me thirty-seven and one-half miles per day. At this rate I would have made the trip to Skagway from Dawson, 578 miles, in fifteen and one-half days. But from An acknowledgment was received from the company to whom the contract for the new fire engine was given, and in answer to a question the mayor said the engine was to be delivered within ninety days.

W. W. Northcott, building inspector, reported in regard to the building on Government street in which the fire occurrence of the company to whom the contract though the agents of the railway are searching everywhere for men they cannot secure as many as they would wish by any means. An ordinary laborer on the line can clear from \$40 to \$60 a month above his board now, and in the morthern line, yet although the agents of the railway are searching everywhere for men they cannot secure as many as they would wish by any means. An ordinary laborer on the line can clear from \$40 to \$60 a month above his board now, and in the morthern line, yet although the agents of the railway are searching everywhere for men they cannot secure as many as they would wish the line can clear from \$40 to \$60 a month above his board now, and in the summer, when the days are long, even \$100 or \$120.

"The railway is going forward, howorks and I had to accommodate within a proposition of the railway are searching everywhere for men they cannot secure as many as they would wish the line can clear from \$40 to \$60 a month above his board now, and in the summer, when the days are long, even thirty-seven and one half miles per day. At this rate I would have made the trip to Skagaway from Dawson, 578 miles, in fifteen and one-half days. But from Dawson I took a passenger who weighted the proposition of the railway are searching everywhere for men they cannot sever and one-half days. But from Dawson I took a passenger who weighted to the building on the railway are searching everywhere for men they cannot the proposition of the railway are searching everywhere for men they cannot the proposition of the railway are searching everywhere for men they cannot the proposition of the railway are searching everywhere for men they cannot the proposition of th

because I have goods to take with me. I have letters and express matter.

The citrates, tartrates, etc., extracted from pure fruits, act on the system with the same beneficial results as the salt contained in the juices of fresh fruits. These salts are the foundation of & ABBEY'S EFFERVESCENT' SALT. The scarcity of fresh fruits in winter time makes Abbey's Effervescent Salt all the more necessary to the health.

All druggists sell this standard Euglish preparation at 60c a large bottle; trial size, 25c.

Jack Carr has said he wishes to race any man in Dawson for \$10,000 a side. Let him deposit his money. I will race him. Preferably, my terms would be these: That we start from Bennett for Dawson, each on foot and one day's pro-

visions in our pockets. This would give the best test of a man's endurance. Moreover, it would do away with the differences that might exist in the dog teams, and is thus the fairer way. "But if he will not accept these terms, I will race him to Dawson with dog

teams at his terms."
Following Carr's plan Schultz has also issued a signed statement. He says: "I am not a record breaker, nor do I think I need be to beat Jack Jarr from Daw-son to salt water. I admit that I made slow time this trip, but have covered the same distance in a good deal less time and under a great deal more difficult circumstances. Carr refers to some of his last winter records. I can but

Returns From Departments of Trade Which Indicate an Increase in the Vol me of Business in Victoria.

Northern Trade Resulted in a Considerable Addition to the Inland Revenue and Customs Returns.

The close of the year is a fitting time to make a brief resume of the figures five days, or thirty-one miles a day, and from which may be gained an indication broke trail the first 1,500 miles with of the amount of business transacted in from which may be gained an indication the city during the preceding twelve months, and a glance at the following tables will convey the cheering information that in the race for commercial su premacy the Capital City has made excel-lent progress during 1897. This, while in a large measure attributable to the northern trade; has, in the opinion of the officers in charge of the various public trade departments, been caused also in no small degree by an increase in the

Customs Returns. collections during 1898 in the Vic toria custom house are most encouraging, indicating a considerable increase in the volume of business as compared with 1897. The amount collected at Tagish, Chilcoot Pass, White Pass and Dalton Trail, was

nearly \$356,000. 1898 follow:	figures for

steam at one time found an escape. There are many of these in the Atlin country, and all are being found to carry gold. The discoveries have a well-defined ledge, which is partly decomposed, and shows a trace of white rock. The specimens now in Seattle are full of coarse gold that can be seen with the need over

naked eye.
According to the same miner, George Mi'ler has found a creek which he named "Fourth of July." His original discovery on Pine creek was made on July 4, and at first the Bonanza of the Atlin was known by that name. When Pine became the accepted appellation. Miller cast about for another creek that could be called Fourth of July. He decided on one of the richest branches of Pine creek, and so it will go down on

the map. SEALERS TO SAIL.

Owners Having Combined, Two-Thirds of the Fleet Will Leave Shortly,

At the meeting of those interested in the sealing business held this morning the draft of incorporation by which the various owners will combine their interests was completed and ratified, and is now awaiting the signatures of the sealnow awaiting the signatures of the sealing men. Now that the arrangements for the centralization of their interests are complete the owners will, pending some decision by the joint high commission now in session at Washington, prepare their vessels for a coast cruise, and, according to Mr. Richard Hall, M. P. P. of Hall, Goepel & Co., fully two-thirds of the fleet will sail on a cruise along the California and British Columbia coasts within the pext three weeks. California and British Columbia coasts within the next three weeks.

News has just been received here from two of the schooners now hunting on the coast. On Saturday last the schooner Enterprise called at San Francisco to procure a new bomb gun. The San Francisco Call says: "She was out in the northwester and had a very rough time of it, so Captain Anderson decided to run for port. The Enterprise, came here from Eyuquot island and has an Indian run for port. The Enterprise came here from Eyuquot island and has an Indian crew. There are eleven of them and the boss of the party is a squaw. When it came to hiring the hunters the woman would not let them go unless she went along and was given a man's pay. When the boats put out after the seals the woman takes her place as houtsteerer. man takes her place as boatsteerer and she does the work splendidly. Captain Anderson says she is the best man on the schooner and he would not mind having a crew of squaws, if they were all like her. During the storm the Enterprise was under snug canvas and, al-though the wind did blow 70 miles an hour, not a thing was carried away. Now that the schooner is in port the captain and his crew of five whites will see the old year out and the new year

in ashore, while the Indians will be given Granite "Blow-Out" in Atlin Pans Out Rich,

Big quartz discoveries have been made in the Atlin district, and a miner who recently returned from that district, according to the Seattle Times, brought a specimen that goes \$70,000 to the ton. It was taken from a monster granite "blow-out," or hole where the earth's steam at one time found an escape. now out sealing.
