Sale of Fancy Vests

We have made radical reductions in the prices of our fine fancy vests, including patterns that have proven very popular during the last few months.

Prices were \$2.00, 2.50 to 3.50
Now, \$1.00, 1.25, 1.50, 2.00

In other words, fully FIFTY PER CENT. cut from the former very reasonable prices in most cases, and in ALL cases at least 25 per cent. to 63 per cent.

This is unquestionably a very exceptional opportunity for the selection of a fancy vest of pleasing pattern and genuine worth, at a fraction of its value.

The line now includes a considerable number of designs and colorings. But brisk buying will soon deplete the stock—so call early.

The most complete Safety Razor on the market.

The "MAB" Safety Razor is not only extremely simple and effective, but differs from most others in respect of the composition of the blades, which are made of a special brand of steel, similar to that used in the manufacture of the "MAB" Razor, ensuring a perfect and lasting edge, rendering stropping rarely necessary. When a blade requires stropping, the blade-holder provided should be used.

We have received shipment direct from manufacturers. Price with two blades, \$1.10. Extra blades 20c. each.

HAMPTON'S PLAN FOR FIRE PROTECTION

Campaign to Raise Fund to Secure Apparatus is Meeting With Every Success.

Mr. Ralph March, who is in the city today, tells the Star that the campaign having as its object the acquisition of fire fighting apparatus at Hampton Station is coming on splendidly. Already, he believes, a sum of \$250 is in hand. The committee appointed at the public meeting held a short time ago purpose asking the churches to contribute \$10 each which will swell the total by about \$500. They also contemplate contributing to the County Council to the extent of \$100 or \$150, and these sums along with the other subscriptions will be used in buying the collection to between \$500 and \$600. The ladies of the place are also very active in the project and their contribution towards the fund is expected to be large. Mr. March further says that the Board of Fire Underwriters state that when the present plans are carried out a reduction of rates will be made, and that the non-tariff companies, or some of them, have agreed to the same reduction. The insurance people have been quite generous in their promises and have included in the area affected by the proposed reduction a wider stretch of country than the committee at first believed would be included. It is the intention as soon as the money is raised to secure proper chemical apparatus, ladders and other light equipment.

TWO RUNS FOR FIRE DEPT. THIS MORNING

Small Blaze in Halifax House Over Hawker's Drug Store—Needless Alarm for Germain Street Church.

When notified by telephone this morning that his house was on fire Wm. J. Farrer proprietor of the Halifax House, on the corner of Mill street and Paradise Row, made haste to hunt for trouble. The only indication of the fire was a curling cloud of smoke ascending from the eaves of the house, but this was sufficient and an alarm was rung in from box 154 at eleven o'clock. The firemen located the fire in the floor of the third flat, where the joists and floor had evidently been smoldering for some time. The fire was not large it was difficult to get at, and the floors and walls were torn up extensively before the blaze was extinguished. Seven rooms and the hall of the boarding house were affected. Mr. Farrer's furniture was damaged chiefly by water to the extent of about \$300. He carried \$400 insurance with the Sun Fire Insurance Co.

The damage to the building, which is owned by S. H. Hawker, will be between \$300 and \$400. He carries \$2,500 insurance with the Western Fire Insurance Co., R. W. W. Fink, agent, and \$500 in the Queen, Jarvis & Whitaker. His drug store, which occupied the ground floor, also received some damage by water, but this is fully covered by insurance.

The fire department were called out about 10.30 o'clock this morning by an alarm from box 35. It was found that when the janitor of the Germain street Baptist church had lighted a fire in the furnace the smoke backed down the chimney and filled the paragonie adjoining. Some persons thought the house was on fire and sent in a needless alarm.

THEY WANT A SHARE OF THE ENNIS ESTATE

It is still believed that Phillip Ennis, who died in this province left a very large estate. The relatives are now taking steps to find out the death place of Mr. Ennis and the amount of his fortune. John A. Barry has received a communication from a leading firm in Timaru, N. Z., asking him to look into this matter. The letter says that A. G. Ennis, a cousin of the deceased, has retained counsel to find out the amount of the estate.

Phillip Ennis is said to have died in New Brunswick on March 18, 1894. He owned extensive property, it is said, in New Brunswick and Newfoundland. A. G. Ennis claims to be the heir to the property, which is valued at several thousand dollars. Another relative is also taking steps to recover some of Phillip Ennis' wealth.

Mr. Barry intends to make further enquiries about the late Mr. Ennis and his fortune. Apparently the relatives feel that he left a large amount and are determined to procure their share.
