## MARINE NOTES OF THE WORLD

Munson line S.S. Grib, 912 tons, Captain Roring, arrived Saturday from New York to load potatoes for Havana.

### STEAMER MOVEMENTS.

Allin line S.S. Scandinavian, was due at Quebec on Sunday morning and Montreal this morning.  
Allen line S.S. Corsican, due at Montreal at noon Saturday, was detained by fog.  
Battle line Hmera, Captain Toque, arrived at Svanborg yesterday from Aarhus.

### WAS BOUND FOR ST. JOHN.

The tern schooner Annie M. Parker is at Saunderson for repairs on account of damage during a heavy blow while on passage from Apalachicola to St. John with a cargo of hard pine for J. A. Likely. The news of the delay of the Parker was made known to her owner, E. C. Elkin, in a wire received from Capt. Rafuse, and the message added that the vessel had lost part of her deckload in the storm. Very little insurance is carried on the schooner, but the cargo is covered.

### NEW CUNARD SERVICE.

On January 1, 1914, the Cunard Line will start a service between Liverpool and Canada. Their plans are already well advanced. At the present time they have three line steamers running to Canada from Southampton, namely, the Ausonia, Andania and Ascania. From now until the end of the year these steamers will maintain the Canadian service from Southampton, calling at Queenstown. The new service from Liverpool will call for a re-arrangement, and the Cunard intend to transfer the Andania to the Mersey, leaving the Southampton service to be carried on by the Ausonia and Ascania. The Andania will be joined by the Alania, a new ship at present nearing completion in the shipyards, and the Verania, an old Liverpool-Boston liner. These three liners will maintain a fortnightly service between Liverpool and Halifax, afterward calling at Boston. The new service will be inaugurated Jan. 1, 1914, by the Andania, which will leave Liverpool for Halifax and Boston on that date. The proposed sailings on this new service have been fixed up to the beginning of March. After that the Ausonia, Alania, Ascania and the Andania, Alania, Ascania and the Andania will all resume sailings from Southampton, and it is not known whether the Cunard intend to continue the Liverpool-Canada service right through the summer months when the emigration rush is on the decline.—Portland Argus.

The groom's present to the bride was a set of mink furs, while to the bridesmaid he gave a gold bracelet and to the best man a pair of gold cuff links. Following the ceremony there was a wedding breakfast at the bride's residence, and Mr. and Mrs. McEvoy left by the C. P. R. this morning for Boston and New York, later returning to take up their residence in Gibson. Mr. McEvoy is a native of Bowling Green, Kentucky.

of the bowels is an absolute necessity for good health. Unless the waste matter from the food which collects there is got rid of at least once a day, it decays and poisons the whole body, causing biliousness, indigestion and sick headaches. Salts and other harsh mineral purgatives irritate the delicate lining of the bowels. Dr. Morse's Indian Root Pills—entirely vegetable—regulate the bowels effectively without weakening, sickening or griping. Use

## Still another world-famous scientist

says light is harmful to beer. Read what he says, then order a case of Schlitz in Brown Bottles.

"It is a known fact that sunlight and daylight influence unfavorably the taste and flavor of the beer and care must be exercised in the selection of the bottles."

J. Braud (Zeitschrift für das gesamte Brauwesen, 1908, p. 333).

Dr. Robert Wahl, President of the Wahl-Henius Institute of Fermentology, quotes J. Braud in corroboration of his own opinion recommending the Brown Bottles.
