

SEVERAL IRISH LEADERS DENY PRO-GERMAN PLOT

NO GERMAN PLOT IN IRELAND
DECLARE DEVLIN AND O'BRIEN

Member For West Belfast Says He Will Not Believe Charges Until They Are Proved in Court—William O'Brien Terms Plot Allegation As Gross Blunder—John Devoy, Editor Gaelic-American, Denies Charges Against Himself.

Belfast, May 26.—Joseph Devlin, Nationalist M. P., West Belfast, does not accept the government's statement regarding the alleged pro-German conspiracy in Ireland as at all conclusive of the verity of the charges, he indicated in a speech at Danganmon today.

"I am afraid the government in its confused and panic-stricken state of mind," he said, "has got German plots on the brain. Arrests have been made on a wholesale scale of Irishmen and Irish women on vague charges which the government are unable to prove in the only way in which charges can be proved and that is by trying the persons before a jury of their own countrymen."

"No ex-parte statements containing indefinable and unsubstantiated evidence will satisfy men of impartial mind, and the Irish people will not believe one of these charges until they are proven before the only tribunal which lovers of justice and fair play recognize."

William O'Brien.

London, Saturday, May 25.—William O'Brien, member of parliament, telegraphs to the newspapers in reference to the Sinn Féin revelations:

"Since the anti-popish plot some centuries ago there has been nothing more disgraceful to English statecraft. The Irish people will read Lloyd George's story with the same mingled indignation and contempt as they felt when they read the forged letters published by the authors of 'Parnellism and Crime'."

"A similar reaction, even in England is sure to follow. The fact that intention is the punishment of traitors is a sufficient commentary upon the rubbish, showing it to be an attempt by foul means to break up the anti-conscription movement. The German plot will turn out to be even a grosser blunder."

WATCH REPAIRING HAS DOUBLED IN CHICAGO

Telephone Company Refuses To Give Correct Time To Patrons.

Chicago, Ill., May 25.—Watch repairing in Chicago has more than doubled as the result of the telephone company's refusal to give correct time of day to subscribers on the telephone.

According to the manager of one of the largest department stores in the city, the watch repairing business has increased more than fifty per cent almost before the order became effective, and the sale of watches especially the cheaper kind, and alarm clocks leaped forward rapidly.

Figures compiled by telephone experts showed that more than 250,000 persons in Chicago called the operator daily and asked "the correct time please." Repeat of the time honored custom telephone experts declared, was due to the burdens imposed upon facilities of the company by the war, and several other causes. Children, some of whom were unable to tell the time, it is said, were the chief offenders, while others wishing to show that they could use the telephone always demonstrated by asking for the "correct time."

COLDS SETTLED IN THE KIDNEYS

Lumbago, Backache and Rheumatism Was the Result—Now Enthusiastic Over Cure Obtained.

Chatterton, Ont., Mar. 25.—The kidneys are extremely sensitive to sudden changes of temperature, and much pain and suffering is a frequent result, as all who have had attacks of lumbago and rheumatism know.

The writer of this letter was a great sufferer until she found that by using Dr. Chase's Kidney-Liver Pills she could regulate the action of the kidneys, and thereby remove the cause of lumbago and rheumatism.

Mrs. John Lancaster, farmer's wife, Chatterton, Ont., writes: "We would not want to do without Dr. Chase's Kidney-Liver Pills in the house, for we have proven their merits in so many cases. I have weak kidneys and whenever I catch cold it settles in the back and develops into lumbago. I used to suffer terribly from lumbago and rheumatism, but find that by using Dr. Chase's Kidney-Liver Pills and applying Dr. Chase's Backache Plaster that I obtain the greatest relief, and am soon all right again. My daughter has also used the pills with splendid results, as has also a neighbor woman who suffered greatly from constipation."

than the extension of conscription to Ireland."

New York, May 26.—John Devoy, named in the British Press Bureau's official exposure of the alleged German-Sinn Féin Irish uprising plot, as an intermediary in America between Germany and the Irish leaders, issued a statement here last night branding the London announcement as "an impudent fake." Devoy is the editor of the Gaelic-American, an anti-British weekly newspaper published in this city.

Declaring that there was no conspiracy justifying the arrest last week of five hundred Sinn Féiners, Devoy also asserted that he "never had any dealings, directly or indirectly, with any agent or emissary, official or unofficial of the German government since the United States entered the war."

The sole object of the charges made officially in London, Devoy said, "is to create antipathy in Ireland in America."

Deny Charges. Irish leaders in the United States have had no dealings with Germany since this country became a belligerent, he stated.

The only opposition to England in Ireland, he continued, is "an open and avowed attempt to resist conscription," in which he asserted, all political parties, including large numbers of Orangemen, are participating.

Devoy first attained nation-wide notoriety, when after the abortive Irish rebellion of Easter week, 1916, he accused President Wilson of giving information to the British government which betrayed Sir Roger Casement and frustrated the German plans to land arms and munitions in Ireland, including large numbers of Sinn Féiners.

Devoy modified his accusations, naming State Department officials instead of the President.

MILE LONG BRIDGE IN NEW HAMPSHIRE BURNS

Long Structure Over Mouth of Hampton River Destroyed By Fire Saturday.

Hampton, N. H., May 25.—Fire today practically destroyed the mile long bridge over the mouth of the Hampton river, connecting Hampton and Seabrook beaches. The flames were seen simultaneously at both ends of the structure and before apparatus could be summoned from neighboring towns it gained much headway. Only a portion of the middle of the bridge was saved.

The bridge was seriously damaged several weeks ago by an ice floe. Two derricks and an engine used in making repairs dropped into the channel this morning as the under structure was burned away. The police are investigating the cause of the fire.

"It's a Davis cigar!"

27,000,000 will be enjoyed this year.

A man of commerce set out upon a long journey, and his friends at the Club said "Take along enough cigars to last: but the man said, "No, for I always smoke Noblemen cigars, which, like the law of the Medes and Persians, changeth not". And, as he tarried by the wayside he bought Noblemen in Halifax; others from a summer hotel in the Laurentians. Anon, he bought more Noblemen in Winnipeg, in Redeye, at the Banff Hotel, and where the apple blossom blows in B. C. And lo, the last Noblemen were as good as the first. His friends marvelled, for they had not known that Noblemen cigars are as much alike as peas in a pod, which is true of each of the Davis' brands.

MORAL—Smoke a Davis Cigar and dispense with guesswork.

Picture to yourself five stories of sunny rooms, spotlessly clean; cheerfulness and contentment radiating everywhere. The air is fresh from the nearby mountain. It is washed until it is just moist enough to be healthful and pleasant.

This is the Davis factory where carefully selected tobacco leaf is prepared, stemmed, matured and converted into famous blends of fine cigars.

Take any one process as an indication of the infinite care and skill that surrounds the making of the cigars, and you will understand why the dealer thinks he has offered all the recommendation that is necessary, when he says "It's a Davis Cigar."

In this airy room, each and every leaf is being treated to remove every particle of the bitter centre stem.

The bundles of leaf, are now most carefully sorted for colours, grades, etc. and will mature for six, nine, or twelve months—just as long as is necessary thoroughly to season, cure and prepare the tobacco and bring out the rich flavour.

In time, the leaf will reach the cigar makers, long rows of cheerful workers skilled to the last degree. To them, cigar-making is an art, not a task—a chance to display their skill and deftness. Yet no chances are taken, every cigar must pass inspection after inspection, 8 in all, until the boxes are sealed in their wax paper wrappers.

Made of matured leaf, in wide-windowed rooms by skilled fingers under watchful eyes, blended to accord with unvarying standards, mellowed in the wood. Such is the history of any Davis Cigar you may buy, regardless of the price you pay. All you need to know is—"IT'S A DAVIS CIGAR!"
