CONFECTIONERY COMBINE.

Meeting of Manufacturers Wednesday Favors Such a Movement.

An effort is being made to bring New Brunswick and Nova Scotia confectioners nanufacturers on the question of forming a confectionery trust similar to those existing in the United States. The idea originated in the brain of a New York promotor who has communicated with the makers of sweet stuffs and solicited their co-operation. The general purpose is to keep the prices of confectionery at a profit-able point. Each firm entering the conbine will agree to keep prices at a certain figure and if the idea of the New Yorker s adopted the various grades of confe motor of the combine has made several propositions to the N. B. and N. S. conectioners, but none have yet been accept-

The combine and its effect formed the representing Ganong Bros., St. Stephen; H. H. Hamilton, of G. J. Hamilton & Sons, Pictou; James W. Moir, of Moir Sons, & Co., Ltd., Halifax, and Thomas F. White, of the White Candy Company, Ltd., of this city.

Some of the gentlemen present were op posed to the idea of combination, but the general feeling was that if other Canadian the N. B. and N. S. men would be obliged to acquiesce in order to avoid keen comon. It was decided to leave the matin abeyance for the present, as one of the firms represented intend sending a man to New York shortly to interview the promoter of the combination, and on his report will depend the action taken. It is understood that none of the propositions submitted and which were of a rivate nature were received with entire satisfaction. If the combination proves successful all the leading manufacturers om Halifax to Vancouver will be includ ed and it is fair to assume that the pos sessor of a "sweet tooth" will have to pay more to the confectioners for materia with which to gratify his appetite.

ENTHUSIASTIC IMMIGRANTS.

Fager to Become Canadians.

The family of Russians consisting of father, mother and six children who have been detained at Partridge Island for eight days on account of the children having measles, left Tuesday for their destination—Winkler, Manitoba. The family operation to be fluent in their adopted language. To The Telegraph, the father expressed great pleasure at being able to go forward to his destination. He did not object to the detention at the island and spoke in high terms of the treatment which was accorded him in quarantine:

He has a brother who has been in Manitoba. The same that as the committee had been perfectly satisfied it would recommend to the city this week.

A feature of the operation of the mills was that all the stock was subscribed by local people. Not a dollar was owned outside of the city. Consequently, if the mills carned a dividend, St. John people would profit by it. Every dollar earned will go to St. John men.

When in full operation the mills will employ between 500 and 600 hands and will distribute on an average \$3,000 per week in wages. At present the mills' proside to the detention at the island and spoke in high terms of the treatment which was accorded him in quarantine:

He has a brother who have been been in Manitoba. The family could not speak a word of English, but hoped soon to be fluent in their adopted language. To The Telegraph, the father expressed great pleasure at being able to go forward to his destination. He did not object to the detention at the island and spoke in high terms of the treatment which was accorded him in quarantine:

He has a brother who have been in Manitoba. The family could not speak a word of English, but hoped soon to be fluent in their adopted language. To The Telegraph, the father expressed great pleasure at being able to go forward to his destination. He did not object to the detention at the island and spoke in high terms of the city Consequently, if the mills was that all the stock was subscribed by local people. Not a dollar rearred w season 3,500,000 feet of lumber. This is said to be but an average cut. On Saturday last he entertained a party of friends at his camp, including several St. John men. All had a very pleasant time and left much impressed with the extensive lumbering operations being carried on by Mr. Gibson. Among those present were Sheriff Hawthorne, of Fredericton; Mr. and Mrs. John A. Humble, of Stanley; Mrs. Parlee, wife of Rev. H. S. Parlee, of Westfield; Mr. and Mrs. Edward Humble, Mr. and Mrs. Arthur Bibbs, of Stanley; W. Alex. Gibson, M. P., and others. and spoke in high terms of the treatment which was accorded him in quarantine:

He has a brother who has been in Manitoba nearly two years and his father for about one year. They wrote for him to come out to this free country. Asked if they were satisfied with the country, the Russian replied that they had written him that they would not return to their him that they would not return to their native land on any account. He hoped to become in his new home a prosperous and Farmers who do not attend the annual meeting of the Farmers' and Dairymen's Association at Fredericton on the 28th, 29th and 30th inst. will miss a treat. No expense has been spared to make the programme the best one ever presented upon agricultural matter to any audience in the manitime provinces. The speakers

THE HACKING COUGH.

One of the meanest things to get rid of is a hacking cough. There is apparently no cause for it. No soreness, no irritation at first; but the involuntarily effort of the muscles of the throat to get rid of something is almost constant. Of course, with many cough is a habit, but it is a bad habit, and should be stopped. When you realize this and try to stop it, you find you can't, for by this time there is an actual irritation, which will never get better without treatment.

is expected that the St. Stephen hosal will be ready for opening about the tof next month. Lady Tilley, who has an superintending the arrangements, is win St. Stephen devoting all her attion to the work. It is proposed to a formal opening, but along what has not yet been determined upon.

West Indian steamer will not call is port this trip. The steamer Ories off the service on account of the dition of her boilers, and the steamer one, which goes on the route, has allpox on board. Owing to these, and other difficulties, the freight for the West Indies, from this port, will be shipped from Halifar.

Mrs. H. Dixon.

The annual meeting of the Upham and St. Martins British and Foreign Bible Society was held in the Presbyterian church, Barnesville, on Tuesday evening, there being a very large and appreciative audience present. Samuel Paterson was in the Call of the Meeting was seen delivered by the Rev. Mrs. Beat and Mr. Thomas H. McKelvie. The old office-bearers were reelected with some slight changes. This is one of the most active and live branches connected with the St. John branch. The meeting was voted a grand success.

The store of W. H. Fairall, 17 Charles.

The following are applying for incorporation as the M. Welch Telephone Combany, Limited: M. Welch, Bristol; Timothy Lynch, Fredericton; James Love, John McIntosh and Perry Fitzgerald, Glassville, and John R. Ronald, West Hassville, and John R. Ronald, West Hence the sale which has been crowding his store for some veeks. This week he has placed on his counters 3,000 yards of Turkey red quilting at three cents per yard. It formerly so dat ten cents. His own make of men's working shirts, which had a ready sale at \$1.50 each, are sold at 75 cents; men's caps are reduced from \$1.25 to 37 cents and dress goods are half price. These are a few of the bargains. Enquiry at the store will show many such. Some hand km tting machines will be sold very cheap. The store of W. H. Fairall, 17 Char-

AT COMMITTEE MEETING.

The Committee View the Report With Satisfaction, and Resolve to Recommend Exemption--The Payroll Now \$2,000 Per Week, and Force Being Enlarged.

Macrae and Christie met in the city hall Wednesday afternoon and decided to re-commend to the council that the Corn-wall and York Cotton Company's prop-erty be exempt from taxes for ten years, nd water rates up to \$2,000. It was also decided that all taxes and rates now due e written off. At a meeting of the council held some

weeks ago a communication was received rom the company stating that organiza-tion was underway and requesting the ex-emption. The matter was referred to a special committee to secure evidence that the company was capable of operating meeting of the confectionery manufacturers held in the Victoria hotel Wednesday.

The company was capable of the company was capa

cotton company, was present.

In opening the meeting Ald. Armstrong stated it had been called to hear a statement from Col. Jones as to what the com-

pany was doing or is prepared to do. Col. Jones said the company had been formed, the charter obtained and \$240,000 worth of stock subscribed for—equivalent to \$400,000 at par. The company had paid Mr. Robertson for the property and the deeds had been made out in the coming as many machines as is possible with the help already employed, and more are being added daily. Last week the wage roll amounted to \$1,600; this week it would roll amounted to \$1,600; this week it would be \$2,000. Out of 428 looms in the mills there are 302 in operation and 15 more will start today. The daily output of the product is 15,000 yards of manufactured cloth. Every operative that can be en-gaged is secured at once, but the com-pany has nothing in the way of laboring jobs, although besieved by applicants. Exjobs, although besieged by applicants. Ex-perienced hands are in demand and the prospect of steady work has brought back to St. John a number of operatives and their families who, on the closing of the Parks industry, went to the United Parks industry, went to the United States seeking employment. Six such families returned to the city this week. A feature of the operation of the mills

satisfied it would recommend to the council that the exemption be granted. The committee then adjourned.

ALLEGED BURGLAR CAUGHT.

Believed to Be the Culprit of the Brown's Flats Cottages.

Edward Brown, son of William Brown, of Brown's Flats, was arrested Thrusday on a warrant issued by Magistrate the Seely, of Greenwich, and is charged with a most serious offence, that of breaking and entering the house of Charles Gordam at Brown's Flats in November last. At the time the Gorham house was broken into five other residences were ransacked and much damage done, among which was the residence of Harold Climo and that of Alex. M. Rowan on the Island, from which a quantity of ammunition was stolen. The cottage owned by Rev. G. N. Ballentine, of Mendotta, Ill., was broken into, glass was broken and furniture destroyed. Rev. G. W. Me-Donaki's residence shared the same fate. Chests were smashed open, dishes broken and the house generally gutted. The cottages owned by F. H. Hale, M. P.; Mrs. G. F. Hill, of Lowell, Mass., and Rev. W. B. Wiggins, of Woodstock, were entered and damage done. elected for an incomply physician, recording season and the form of the county of the

A seal has been known to remain 23

PILL-PRICE

Mr. Oborne agreed with the committee that the present time system was apt to ead to confusion and that it would be in The days of 25 cents for a box containing 40 pills are numbered. Dr. Agnew's Liver Pills at 10 cts. and 25 cts. All druggists sell them. Cure Constipation, Sick and Nervous Headaches, Dizziness, Lassitude, Heartburn, Dyspepsia, Loss of Appetite and all troubles arising from liver disorder. 40 pills 10 cts.; 13 Eold by M. V. Paddock. The days of 25 cents for a box lead to confusion and that it would be in the city's interests to adopt a standard time. He personally favored the adoption of Eastern standard time but said that if that was not deemed practicable (as it had evidently not been) he would endorse Atlantic rather than continue the present system. If the general feeling in the city favored Atlantic time he promised to do what he could to have the C. P. R. adopt that system on this division provided that the I. C. R. would make the same change. The committee will report to the council of the board and ultimately the city council may be asked to move in the matter.

COTTON MILLS STATEMENT HEARD St. John Men Express Further Dissatisfaction With Halifax.

Considerable dissatisfication exists in business circles over the unsatisfactory nature of the direct West India service. The regular steamer, which should have left here last Saturday, did not come to this port, and is now in Halifax with her boilers so badly damaged that it will take a month to make the necessary repairs. Pickford & Black have chartered the steamer Dahome to take the route. This sisting of Ald. Armstrong, Millidge, White,
Macrae and Christie met in the city hall
Wednesday afternoon and decided to rein quarantine. It is not proposed by Pick-ford & Black to bring the Dahome to St John, but that all freight for shipment by the steamer should be sent by rail to Halifax. This will be very disadvantage ous to St. John shippers as Pickford & Black would not take hay and shooks

Black would not take hay and shooks while the exporters in this city will not ship cheese, potatoes and other perishable goods to Halifax.

The St. John shippers feel that this service was originally started for their special benefit and they feel that they should not be put to the serious disadvantage of shipping only part of their cargo any month. All summer the steamers of the direct West India line have only heep staying about two days in St. John hence yesterday's session.

Ald Armstrong occupied the chair and Col. George West Jones, president of the direct West India line have been staying about two days in St. as against seven days in Halifax. This as against seven days in Halifax. This does not give the St. John people time to get their shipments ready as the arrival of the steamer is always uncertain.

This direct service as already stated was started for St. John and at a meeting held in the board of trade rooms seven years ago, Hon. Mr. Foster made a special agreement with Mr. Black that 7,500 barrels space of 12,000 capacity would be kept for this port, which showed that the intention of the government was that the line was in the interest of St. John. Several St. John merchants made a strong protest this week about the way the steamers were being handled with reference to St. John shipments. The exporters in this city hope that a better and more in this city hope that a better and more satisfactory service will be given in the future and that the steamers will make a longer stay at this port. The St. John menchants should not be asked to rail their cargo to Halifax, which means a great curtailment of their shipments and more or less loss and damage on what they send as West Indian goods must be handled more carefully than those for trans-Atlantic and other points.

PRESBYTERY MEETING.

An Interesting Meeting and Much Business Transacted—Resolution of Condolence.

The Presbytery of St. John met Tuesday in the school room of St. Andrew's church. The moderator, Rev. Dr. Macrae, presided and the following were present: Revs. L. G. Macneill, T. F. Fotheringham, Dr. Erasor, Dr. Morison, A. H. ent: Revs. L. G. Macneill, T. F. Fotheringham, Dr. Fraser, Dr. Morison, A. H. Foster, James Ross, J. Burgess, L. A. McLean, Willard McDonald, F. Baird, D. McD. Clarke, A. M. Hill, M. D. McKay, Elders Judge Forbes, W. H. Livingstone, John Willett, P. Hopper.
