Firemen's Meeting to-night.

In St John's church next Sunday there  
will be service at 11 in the morning and  
7 in the evening. They will be taken by  
Rev. J. O. Ruggles.

The showers of Tuesday were much  
needed and did an immense amount of  
good. The season has been unusually  
dry and rain is much needed. The crops  
are looking well however.

We would ask the support of the Wolf-  
ville people for the Doll's Carnival in Tem-  
perance Hall to-morrow. The object is  
a most worthy one, and popular and  
pleasing entertainment is offered.

We understand that Rev. K. C. Hind  
has been elected rector of the Parish of  
Horton. The rev. gentleman is a son of  
Dr. Hind, of Windsor, and is well known  
in Wolfville. We have not yet heard that  
he has accepted.

The fishermen along the bay shore are  
making good catches of salmon this year.  
On Saturday last the weir of Went  
Thorpe took 150 fine salmon, and other  
weirs took 50, 80, 90 and so on. As a  
consequence these excellent fish can be  
bought this season at a fair price.

Our Vegetable Worm Syrup is war-

The inquest at Amherst on the body of  
a woman named Margaret Reynolds, who,  
on Saturday, was killed and frightfully  
mangled on the railway, resulted in  
verdict of accidental death while under  
the influence of liquor.

Haying has been begun. Owing to the  
dry season, the crop on poor upland will  
be small, while on good land and on the  
dike it is reported good in this vicinity.  
In other parts of the county and through-  
out the province small crops are reported.

Those who appreciate the blessing of  
sight will have an opportunity to-mor-  
row of showing their appreciation by  
helping forward a movement designed  
to throw more sunshine into the lives of  
those who in God's providence have  
been deprived of sight.

Mr. Fred Harris, of Boston, is spending  
a few weeks visiting friends in Wolfville  
and other parts of the county. Mr.  
Harris is employed in one of the largest  
dry goods establishments of Boston, and  
is doing well. His last visit home was  
two years ago since which he has married,  
and is now accompanied by Mrs. Harris.

spring medicine—50 cts. a bottle at the

We notice by poster a Band Concert,  
and Strawberry Festival advertised to be  
held on the Campus, Monday 10th, at  
6 P. M., under the auspices of the Wolf-  
ville Band and W. C. T. U. and as these  
are benevolent societies we venture to  
predict a large patronage. We under-  
stand a fine programme of music has  
been prepared for the occasion, and the  
reputation of the Wolfville ladies is such  
as to assure the excellence of the refresh-  
ments offered.

Alfred Robinson of Annapolis has a  
cranberry bog which brings him more  
money than as much land would if  
planted with potatoes or vegetables.  
Never a thing to do except pick the ber-  
ries when ripe and get \$250 for the acre's  
production is certainly a big improve-  
ment on the regular method of farming.  
Mr. Robinson has always sent the berries  
to Boston, and realized about \$7 per bar-  
rel, but this year will try Montreal, as  
the price is said to be better than across  
the border.

F. A. Gowen, one of the most popular  
young engineers on the Pittsburgh road  
recently married to Miss Jessie  
Eagles, of Grand Pre, N. S., and they  
make their new home at 34 Milk street,  
where, last Wednesday evening, they  
were surprised by a party of his school  
friends from this city and Boston.  
About 75 came at 8.30 and brought with  
them an elegant rocker and foot rest and  
several other valuable presents. Engi-  
neer J. T. Abbott made the presentation  
and both words and both Mr. and Mrs.  
Gowen responded. The evening passed  
very pleasantly with games, dancing and  
other amusements. Refreshments were  
served by Caterers Rich and Bevanstock,  
and at a late hour, the company dispersed  
with best wishes for the future happiness  
of the newly wedded pair.—*Pictorial

Referring to an address on education  
given by Prof. Keirstead at the closing  
exercises of the provincial Normal School  
last week, a correspondent to the Halifax  
Chronicle says:—

"To do justice to this address without  
giving a full report would be impossible.  
It was clear and logical in arrangement,  
rich in thought, sound in its conclusions,  
and delivered with an earnestness and  
eloquence which carried conviction and  
awakened enthusiasm. His estimate of  
the dignity of the teaching profession is a  
high one, but not utopian, and the prin-  
ciples which underlie success were elu-  
cidated with a clearness and an amplitude  
of illustration and argument which be-  
spoke a thoughtful mind well trained to  
draw practical conclusions."

#### Wedding Bells.

A large number of townspeople and  
others, in which the gentle sex largely  
predominated, assembled in the Methodist  
church of this town on Wednesday morn-  
ing to witness the marriage of one of our  
most popular young ladies—Miss Carrie,  
daughter of E. L. Collins, Esq., and  
Rev. W. E. Turner, of Shubenacadie.  
The church was prettily decorated for the  
occasion, with roses and other flowers.  
The ceremony was performed by Rev.  
Mr. Gronlund, assisted by Rev. Mr. Wright,  
of Lower Horton. The bride's dress  
was of white silk, court train and veil.  
Miss Gladys Starr was bridesmaid, and  
was prettily dressed in light blue. The  
little maids, Misses Hazel Woodman and  
Hilda Vaughn, looked sweetly pretty,  
dressed in cream cashmere and lace. All  
carried bouquets or baskets of flowers.  
Mr. Roland Jost, of Barrington, supported  
the groom; and Messrs D. B. Hemmeon  
and T. Harvey were ushers. Miss  
Amanda Caldwell, presided at the organ.  
After the ceremony, lunch was served at  
the home of the bride's father, after  
which the bridal party went to the ex-  
press for Digby, en route for their wedding  
tour, followed by congratulations and  
best wishes of a host of friends.

#### Weston Items.

The regular examination of Weston  
school took place on Tuesday last with  
highly satisfactory results. Mr. Arthur  
W. Banks has been very successful in the  
management of the school.

The cheese factory turns out about  
three hundred pounds of cheese per day.  
The manager is also running a brisk  
grocery business in connection.  
The hay crop will be below the aver-  
age. The bog meadows are good. Hay-  
ing is well under way. Had a beautiful  
rain fall on Tuesday afternoon.

Rev. E. E. Daley will preach here next  
Sunday afternoon.

Now's the time to stick 'em, flies we  
mean, with Tanglefoot, the best and sur-  
est footed paper in the market. We have  
just received a large supply.

At the Methodist conference at Mon-  
ton, the report on temperance was read  
by Rev. Wm. Harrison. The committee  
expresses its gratification at the growth  
of public sentiment and the gradual  
awakening of the individual and national  
conscience to the enormity and destruc-  
tion of the liquor traffic, and it recognizes  
the continued progress in the principles  
and aims of temperance reform. The  
committee noticed the importance of the  
advance work which is being accom-  
plished by the introduction into our day  
schools of valuable text books, also in the  
Sunday-schools. The committee recog-  
nizes the fact that the strength and suc-  
cess of all agitation for temperance leg-  
islation depends upon the votes cast, and  
strongly recommends people at all elec-  
tions to use their influence and ballots  
for carrying out of the great principles of  
temperance.
