

# Total Abstainers

Have much to gain and nothing to lose by becoming familiar with the facts relating to the comparative mortality which prevails amongst abstainers and non-abstainers wherever a separate classification of risks is made. The records of various companies show beyond question that total abstainers should get their insurance at a much smaller cost, if insuring on the non-participating plans, or that they should have a distinctly separate classification if insuring on the with-profit plans. There is no set of men in Canada that have given this question so much consideration or can so well answer questions regarding it as the officers of the
