

# PROGRESS

In August last the now thriving town of Delisle on the new Goose Lake extension of the Canadian Northern Railway was nothing more than a bare patch of uncombed prairie—last month the residents of this busy, bustling community were reading the first edition of their own weekly newspaper. And scores of other towns are progressing as rapidly. This remarkable development spells opportunity for the enterprising. Learn more about these immense new fields of activity. Write for literature describing these opportunities for the enterprising, in new Canadian territories, east and west.

## DO YOU HEAR WELL?

We agree to make you hear ordinary conversation providing you can still hear thunder

We wish you to see a new electrically sensitized hearing device called the Electrophone, that instantly causes even the deafest people to hear clearly.

"Electrophone" in use

The very best result we can promise you as a reward for using the Electrophone is the complete, lasting restoration of your hearing.

Next to that in importance is the certainty that the moment you apply this marvellous little instrument you will be able to hear clearly and distinctly, either in public or in private.

This scientific electrical sound-conducting instrument fits snugly over the ear, as shown in cut. Its purpose is to magnify sound waves and throw them directly on the ear drum in a manner according to nature. The result is your deaf ear is exercised just as well ears are, and after a while most people find their hearing has become as good as ever. Meanwhile, however, with the Electrophone attached you can hear even the faintest sound without strain, effort or embarrassment and your pleasure is vastly increased by the assurance that no harm is being done, as is the case with artificial ear drums, trumpets etc., that poison and ruin the ears of all who use them. **Come and test the Electrophone free.** We agree to make you hear. You will receive courteous attention and not be urged to purchase. We would advise, however, that when you have tried an Electrophone exactly suited to your degree of deafness, you pay a deposit on it and try it at home. Those who cannot come should write for our free illustrated booklet and list of satisfied users of the Electrophone.

SENT ON TRIAL ANYWHERE IN CANADA

Remember, the Electrophone will open up a new world to you. Perhaps you are only looking for temporary relief, but you will find that it will do much more. **The Electrophone gradually restores the natural hearing.**

We satisfy 99 per cent. of our patrons, because we sell all instruments subject to one full month's trial. Free trial to all who call. Free booklet to all who write.
