The Intellectuals

TI-35 Student Math Kit

- Contains the powerful 54-function slide rule calculator.
- Performs Roots. Powers. Reciprocals. Common and natural logarithms.
- A "systems" approach to math and science problem-solving.
- Automatic conversions for degrees/radians/grads.
- Special functions such as pi, factorial and automatic constant help you calculate faster.

TI-55-II

- 112 built-in functions for math, science and engineering.
- Built-in logarithmic, trigonometric, hyperbolic and statistical functions.
- Simple programmability gives you added versatility, speed.
- Definite integration of functions entered into program memory.
- Eight memories or 56 program steps.

TI Business Analyst-II

- The TI Business Analyst-II - A unique "systems" approach to better financial decision-making.
- Built-in formulas bring a new dimension of computing ease to the world of business and finance.
- Explore alternatives in lease/buy options, loan amortizations, real estate mortgages, sales and earnings forecasts.
- Built-in statistical functions let you compute mean, standard deviation for sample and population data, linear regressions and trend line analysis.

TI Student Business Analyst (BA-35)

- Preprogrammed functions permit fast, easy solutions to complex business problems at the touch of a few keys.
- Preprogrammed functions include time value of money calculations, amortization interest and principal problems, interest rate conversions, statistical mean and standard deviation, and more.
- Eliminates the need for many cumbersome and time-consuming charts and tables.
