

Department of Indian Affairs.

Ottawa, Aug. 24<sup>th</sup> 1907

Mr. McLean

Louis Narayash Club  
Chief, Waanaman, here now, has  
come to get right to cut timber  
on 5 or 6 miles north of reserve  
fronting on the same lake or  
river expansion.

The timber on reserve is  
exhausted. The band consented  
upon cutting on the 5 miles above  
described but some lumberman  
has secured a license and won't  
allow any timber to be taken.

The Timber Inspector  
will best know what can be  
done.

L. M.
