

## For You

We've just issued a 12-sheet, 22-inch by 15-inch Calendar, good until January, 1907.

It's somewhat different to anything hitherto published or distributed by a Rubber Company in the Dominion.

We've planned it for practical men. It's got big date figures, large enough to read without glasses, and shows banking and other holidays scheduled in the Dominion.

Primarily it's a Rubber production, and a good one.

On every sheet are illustrations of our many and varied products in Rubber.

And the "date" feature is so prominent and practical that you'll keep it to the last sheet—the twelfth month—and feel that you're not doing us a special favor—'cause it's something that YOU want. It's a calendar with "mutual" features.

We've issued many thousands of these calendars, all done up in cartons ready for mailing.

All our Sales Branches have large supplies. A postal to our Branch Offices will bring a handsome calendar (or several of them) to your desk.

Correspondence should be addressed to John Greenwood, V. S., President, or E. E. Ratz, Secretary and Treasurer, both of Wellesley. Young MacQueen is so well known as hardly to require description. He is a horse of outstanding merit, possessing conformation, quality and action in keeping with his excellent breeding.

#### HOLSTEIN OFFICIAL TESTS.

Since last report fifteen cows and heifers have made official tests sufficient to qualify them for admittance to the Canadian Holstein-Friesian Record of Merit. All the tests reported were made under the supervision of Prof. Dean, of the Ontario Agricultural College, and their correctness is vouched for by him. The amounts of milk and butter-fat are actual; the amount of butter is estimated by adding one-sixth to the amount of fat, according to the rule adopted by the Association of Agricultural Colleges and Experimental Stations.

## Are Your Nerves in Health?

STUDY HERE THE INDICATIONS OF A FAILING NERVOUS SYSTEM.

## Dr. Chase's Nerve Food.

It is surprising what hosts of people are suffering as the result of an exhausted nervous system and do not know the nature of their ailment.

They cannot sleep at nights—are restless and fidgety in the daytime—their tempers are easily irritated—little things worry them—they cannot concentrate their minds, and find their memories failing—there are spells of nervous headache—the digestion is impaired—pains and aches of a neuralgic nature afflict them—feelings of discouragement and despondency come over them at times, and they get in the way of looking at the dark side of things.

If this describes your experience you will be interested in Dr. Chase's Nerve Food, for this great food cure gets at the very foundation of nervous troubles and cures in the only natural way, by enriching the blood, revitalizing the wasted nerve cells, and building up the system generally.

Diseases of the nerves take different forms in different people, but they slowly and surely lead to nervous prostration, locomotor ataxia or paralysis—to weakness and helplessness of mind and body.

Dr. Chase's Nerve Food acts strictly in accordance with the laws of nature in creating nerve force in the body, and you can use it with positive assurance that every dose is at least of some benefit to you. Prove this by noting your increase in weight. 50c. a box, at all dealers, or Edmanson, Bates & Co., Toronto.
