THE TILL That Tells The Tale

But our experience this season is unusual. Instead of starting the New Year with a "January sale" or a "clearing" or "stock-taking" sale, we merely announced that henceforth we would sell exclusively for cash—and presto!—the cash is flowing freely into the till.

And The Till Tells The Tale That "cash and one price" (if that price is the lowest), is the dawning fashion of modern trade.

No house can sell furs As cheaply as we; And whatever we sell We guarantee.

METALLIC CEILINGS

These ceilings are made from mild annealed metallic plates in a great variety of designs, suitable for every description of buildings, including

Hospitals
Churches
Schools
Asylums
Convents
Opera Houses
Offices
Stores
Residences
Etc., etc.

ONE OF OUR DESIGNS

The many advantages of their use as a modern substitute for wood and plaster lie in the fact that they are light in weight, will not crack nor drop off, consequently no danger of falling plaster; are unquestionably durable, have airtight joints, are easily applied, are practically fire-proof, are highly artistic, do not harbor vermin or the germs of disease, and possess splendid acoustic properties, in addition to many other points of excellence over any other form of interior decoration.
