MIXED FARMING IS NOW THE ORDER OF THE DAY and we have a number of Bills ahead to cut, so, with a last warning, we will proceed to dispose of the balance of the lumber.

Prominent among the other means employed, is that of Hog Raising, and every good Farmer should have a Hog Pen now-a-days, and when Hemlock Lumber is selling for \$6 per thousand, at the Wroxeter Saw Mill, it behooves every one, to take advantage of the low price as it cannot last much longer.

There is but six or seven more days Sawing and we have a number of Bills ahead to cut, so, with a last warning, we will proceed to dispose of the balance of the lumber.

ALL who require Hemlock, Come and Buy as there will be a marked difference between Prices, quoted now, and those for the coming Winter Stock.

Give John A Call.

Local Affairs.

Mr. D. Sanderson was in London this week on a business trip.

Mr. W. S. Bean is having a Copp & Co. furnace placed in his general store in this village.

Mr. John Edgar, of Tara, was in town this week on a short visit. He reports doing a good trade in the milling business there.

Dr. S. P. May, Inspector of Mechanic's Institutes, visited the Gorrie Library last week and expressed himself as well pleased with the Institute. The Government cheque is to be forwarded in a week or two. A meeting of the Directors is called for next Monday evening for the purpose of establishing a night school.

Mr. Henry Perkins, Postmaster, last week placed in his home a fine new piano.

The ground was covered with snow, on Sunday last, to the depth of a couple of inches, but no cutters ventured out.

Mrs. Dr. Freeborn, of Lion's Head, started for home yesterday after a short visit at Rev. Mr. Brownlee's in this village.

It is now expected that the Gorrie Methodist Church will be finished in time to permit the opening services to be held at Christmas.

Mr. Geo. Dane, who has been undergoing treatment in the Toronto hospital for a kidney trouble, since about the middle of June, returned to Gorrie on Thursday night last. Although somewhat stronger than when he went away, he is not improved as much as could be hoped for.

Messrs. D. Watson and Harry Day started from Montreal this week with a large consignment of horses for the British market. Harry expects to be back to Gorrie about Christmas. Mr. Thos. Day accompanied the horses as far as Montreal, returning home on Saturday last.

About three weeks ago Mrs. Robert Mosgrove, Mrs. Wm. Carson and Mrs. Boddy started for Essex county to visit their sister, Mrs. Stewart Mosgrove, who was seriously ill. The ladies all returned home the latter part of last week, and we are pleased to learn that the sufferer has much improved.

The letter from "Independent" on municipal politics, published in last week's GAZETTE has created quite a stir, having evidently come pretty near the mark in some of its utterances. We believe municipal affairs should be ventilated, and are glad to see the ratepayers bestirring themselves thus early.

All who bring their grain into Gorrie will be pleased to learn that Mr. James Perkins has decided to go on the market again as a buyer. He has had his elevator renovated and strengthened, and the public can rest assured of receiving the square dealing which has marked his business operations here during so many years past.

"Please change the address of my paper from—to—. The GAZETTE is a good companion to me during my absence from home, and I would not be without it. Wishing it success, I am yours,—" Such is the wording of a postal card received from Cleveland, Ohio last week, and similar expressions of praise have frequently been sent to us this year.

In our report of the Orange concert last week we neglected to mention the excellent performances of Miss Annie Perkins as pianist and accompanist. This young lady has become very proficient upon the piano forte, her precision and grace of touch being of that superb character which is always so delightful to an audience. Miss Perkins is a rising young artist of whom Gorrie may well feel proud.

The county council passed a resolution last June asking each municipality to take a vote; of the electors at the municipal election, on the question of erecting a Home of Refuge in Huron county. For many years past this matter has come up before the County Board in various forms, and as the opinion of the rate payers is now asked, we hope no municipality will refuse to grant the plebiscite. So far the Howick council has taken no action in the matter. It would be only fair to the ratepayers to make the announcement at once if a vote is to be taken so that the electors will have an opportunity to post themselves on this important question.

Mr. A. C. Southeran, agent for the Massey-Harris Company, informs us that during the season just past the farmers of Howick have purchased 83 self-binders, 28 of them being of the Brantford pattern. Twenty mowers have also been purchased by them, besides about 25 seed drills and a large quantity of smaller implements. The value of these purchases is about \$6,000, while the prices all round were a little lower than the previous year, before the amalgamation of the two great manufacturing concerns. The firm expects to still further reduce the prices of machinery next season as they find they can now manufacture cheaper, and they propose giving their patrons the benefit. Mr. Southeran, the agent for Howick, is a pushing young man, and if he enters the field again this year for municipal honors he will make it hot for his opponent.

How any of the present councillors can expect a vote from any one in Gorrie while the approaches to the town hall are in such a disgraceful state, is more than we can see. The ratepayers and their families are required to destroy \$200 worth of boots and skirts in the mud every year in order that the "economic" council may "save" \$15 by refusing to build a cross-walk opposite their township hall.

Rev. John Hough, who was stationed on the Gorrie circuit about eight years ago, occupied the Methodist pulpit on Sunday evening and has been visiting here during the present week. The Rev. gentleman was also stationed here some 86 years ago, and has many acquaintances among the old settlers. He has been superannuated for the past couple of years, on account of ill health, and is at present taking a trip over the field of his past labors.

Mrs. Wm. Green died at her residence in this village, just before midnight on Monday last, at the advanced age of nearly 88 years. She was born and married in England and came with her husband to Canada in 1844, settling first near Brampton, then moving to Peel township, and then, 87 years ago, coming in Howick, near Orange Hill, where they remained until about 15 years ago when they retired from farming and took up their residence in Gorrie. She was an earnest Christian woman and her end was a beautiful exemplification of faith. Her husband, who is five years her senior in years, survives her, although in very fragile health. She leaves a living family of nine children, while one son, Edward predeceased her to the grave some eleven years ago. The funeral occurs this (Thursday) afternoon, the remains being interred in the Methodist burying ground.

Thanksgiving Services.

The promoters of the union Thanksgiving service last Thursday made the occasion very successful, there being a large attendance. The opening exercises, by Rev. Mr. Brownlee, were conducted in a reverent and soul-inspiring manner. The lesson, taken from Hebrews ix, 24, 26, 28, in opening his subject the rev. gentleman drew attention to the three great divisions of the bible—Childhood, youthhood and manhood—yet neither was complete without the other, and the theme of each pointed to Jesus Christ. He presented, from the text, the thought that Christ has done a work on the cross, is doing a work in heaven, and will do a work when he comes again. He hath appeared to uphold the law, to put away sin, to give us a hope beyond the grave; He now appears as our Great High Priest, our Mediator and Advocate, and as our surety; He will appear again to reward His servants, to restore all things, to judge the wicked. His discourse was powerful and ably delivered, and was closely listened to. A liberal collection was taken up which netted over \$6 in aid of the sufferers from the St. Johns, N. B., fire. The united choirs, under the leadership of Mr. Williams, rendered excellent music.

Card of Thanks.

I beg to inform the ratepayers of Howick that I do not intend to offer myself as a candidate for municipal honors at the coming elections. In retiring I wish to thank the public for the honor and confidence bestowed upon me in electing me as councillor for nine years, and as deputy-reeve for three years, during which time I have endeavored to serve the township to the best of my ability.

Very Respectfully Yours,
SAMUEL JOHNSTONE.

Wroxeter.

Mr. Robt. Miller, tie-inspector for the C. P. R., while here loading ties on Monday last, hospitably entertained the men to supper at his residence "Catmoss." Mr. Miller has been very busy during the season, and his operations have extended over the main line from Owen Sound to Montreal and also over this branch.

Mr. Wm. Thompson, was in town again last week, on business in connection with his place, for stocking the saw mill yard with logs, this winter. We hope large quantities, will be brought in, of both hard and soft wood, as Mr. Thompson is very anxious to buy. He will shortly issue his bills, giving all

particulars, one of which is spot cash for logs.

There is no marked progress being made in the plastering of the new Presbyterian church here, which is a fact to be regretted, as it will seriously delay the occupying of it.

In our last week's correspondence we omitted to mention the daring and deliberate manner in which a number of our stores were entered by burglars two weeks ago. Money was evidently the object of their search, but, as that valuable "commodity" was not forthcoming the losses were trivial. Some ten cents, a few cigars, along with a revolver, being the extent of the robbery.

Thanksgiving Day was observed here, by a union service, in the Methodist church, Rev. Mr. Shaw preaching an eloquent and instructive sermon, on the causes for thanksgiving nationally and individually. Despite the wintry aspect of things, the church was comfortably filled, which was pleasing to see.

Fordwich.

Miss Maggie Galbraith, of Wingham, spent last week visiting at Mr. Robt. Mahood's.

The R. T. of T. lodge intend holding open temple on the evening of Dec. 9th, at which will be given a grand program. Rev. S. C. Edmunds will preach a sermon to this body on Sunday evening.

It is expected that 10 car-loads of apples will be shipped from this station this week. The buyers are all complaining of the small space provided here for storing.

Martin Bros., of Mount Forest, have rented the storehouse at the station, and will be prepared to buy all kinds of grain at the highest market price. They have secured the services of Mr. Thos. Gibson to buy for them, which already ensures their success.

Rev. Mr. Curry occupied the Presbyterian church pulpit here last Sabbath.

Wingham.

(Too late for last week.)

The new St. Paul's Church has now its roof completed.

The ground around the new Bank of Hamilton building here is being fixed up, and that corner now presents an imposing sight.

Great excitement prevails at the G. T. R. station here these days owing to the enormous amount of apples which is continuously increasing there, and as several buyers are shipping, the barrels sometimes get mixed.

A meeting was held in the English Church on Wednesday evening for the purpose of organizing a Y. P. S. C. E. We have not heard the result of the meeting yet.

Owing to the Methodist Church not being completed it was necessary to have the meetings in the town hall on Sunday last.

Mr. A. G. Macdonald who has been very sick for the past few weeks is, we are pleased to say, able to be around again.

The Salvation Army was out at six o'clock on Sunday morning. This week is held by them as a week of self-denial.
