THE MAYOR'S CERTIFICATE.
PLANTAGENET WATER.

In consequence of the Proclamations of the Province, and the many difficulties and oppositions to the execution of the laws, we have been compelled to leave the Province, and go to the United States. During the last two years we have labored hard to keep my home safe on the frontier, and have given up, in consequence of it, all my health. I had nearly lost all hope of regaining it, but my friends told me that I had the Forest Wine, and after taking a few bottles of it, I was soon restored to health.

The Forest Wine advertised in the paper, I had before bought a bottle of it, and it was a powerful medicine.

Yours, &c., J. M. HARRIS.

Montgomery, Dec. 1, 1850.

A. HARRIS, a son of John and Mrs. James Harris, who is the author of the Forest Wine, has done wonders for me. I had been in a state of decline for more than a year, afflicted with a continual cough, pale in the breast, general debility, and other symptoms of disease, so severe, that they made me think I might die. My friends told me I had the Consumption, and I could not get rid of it, until I took a few bottles of the Forest Wine, and after taking a few bottles of it, I was soon restored to health.

The consumption of the Water is a great benefit to those who are suffering from it, and my friends have given me a few bottles of it, and I am now perfectly well.

I then commenced taking the Forest Wine three days a week, and after a few weeks, I took a few bottles of it, and I am now perfectly well.

Yours, &c., J. M. HARRIS.
