Zeppelins Violate Dutch Neutrality

LONDON, Oct. 16.—How regulations in the Netherlands prevent Britain from getting timely warning of the approach of Zeppelin airships, is explained to-day by the "Times."
The Amsterdam correspondent, who also refers to the insolent violation of Dutch neutrality perpetrated by Zeppelins returning from raids on Great Britain. The Dutch Government regulations, says the correspondent, forbid telegraphing to Britain of any warning, unless the Zeppelins actually pass over Dutch territory or territorial waters. When they are only seen for the coast over the high seas, all telegrams are detained six hours, sufficient time to make a friendly warning to Britain impossible.

London Times Suggests Change Of Naval Policy

LONDON, Oct. 16.—The naval correspondent of the "Times" reviewing the successful British submarine activity in the Baltic and in the Sea of Marmora, says he thinks such successes warrant a reconsideration of the British position towards neutrals in connection with the naval obstruction of Germany. He contends that there is no reason why American susceptibility should not be altogether appeased. With British submarines, which maintain their pressure in the Baltic and the Sea of Marmora, we are in a position to make the blockade quite as effective as that which was executed on the Confederate States during the Civil War in America, says the correspondent, and it should be possible to declare a blockade which would fulfill all the requirements of International Law, and be both impartial and effective. A concession of this character would make no difference to the work of our fleet, and would come at a propitious moment, when the Germans have declared their intention to modify their policy of the sinking of merchantmen.

Austro-German Forces Compelled To Retire

ROME, Oct. 16.—A despatch to the "Gloria de Italia" from Cetinje, the capital of Montenegro, says the Montenegrins have made such stout resistance against the Austro-Germans, all along the front, that the latter have been compelled to retire and send for reinforcements.

Wants More Light

Bulgarians Have Internal Troubles

MILAN, Oct. 16.—The Bulgarian Government has been obliged to resort to stern measures of repression as a result of unrest among the people, says a despatch to Sacolo from Sofia. Many officers of pro-Russian sentiment have been retired from the army. It is asserted that reprisals are beginning against subjects of the Quadruple Entente nations.

MILAN, Oct. 15.—Navigation of the Danube has been virtually closed by the Bulgarians, says a Bucharest despatch. At Lam Palanka, the Bulgarians seized seven barges and three tugs sent up the Danube by Russia with wheat for Serbia. Bulgaria has laid mines all along the banks of the Danube, thus closing the river in effect. The Roumanian side is not navigable.

Roumanian papers state that there are only 150,000 Bulgarian troops on the Serbian frontier, the remainder are held in reserve, partly to guard the Roumanian frontier and partly in preparation for some diversion by the Allies. The Bulgar troops are actively entrenching and fortifying themselves along the Dobruja border and at Rustchak.

MILAN, Oct. 16.—The seat of the Serbian Government has been transferred to Mitrovitza, near the Montenegrin frontier, according to the despatch to the "Secolo" from Bucharest.
