NEW OFFENSIVE PLANNED FOR CENTRAL EMPIRE

Big Smash Anticipated on Some Front, Perhaps Italy or Serbia.

Rotterdam, Sept. 17.—For several days no newspapers from Austria or Hungary have arrived, while business men in Holland have had great difficulty in communicating with those countries. This is one fact among several indicating that important plans are in preparation or already have been begun for a great new campaign by the Central Powers. It is fairly certain now that the advance into Russia will not be prosecuted much further, no further, in fact, than the seizure, if possible, of the railway lines from Riga right down to Kovno, which are now the immediate objectives. Then the Germans will dig themselves in and transfer all their available troops for a new campaign against one or another of their enemies.

This opinion is based not on deductions from military situation, but on reports which have reached here from absolutely reliable sources of what is being said by high German officers in Belgium who may be considered as knowing something of the mind of the general staff. These officers are talking freely of the forthcoming imposing new campaign, on which tremendous hopes are based of obtaining a decisive victory. Winter in at least one of the theatres of war. But it is significant that these prophets are not discussing any operations in which they as a part of the occupation in Belgium and France are likely to take part. They know too well the strength of the allies' lines in the west to regard as probable another order to attempt breaking through in that quarter. So far as can be gathered from information from this source and from other indications a new blow is much more likely to be struck at either Serbia or Italy.
