January Clearing Sale

ONLY A FEW MORE DAYS TO RUN

Next Tuesday will see the termination of one of the most successful sales we have ever conducted. The main reason for its success was our determination to reduce stocks before inventory by cutting prices away down to ZERO.

The Mexican Mahogany and Rubber Corporation, Limited, through its subsidiary company, the Agua Azu Mahogany Company, acquired some 460 square miles, aproximately 300,000 acres, in fee simple of mahogany and hardwood timber lands, situated in the state of Chiapas, in the extreme part of Southern Mexico. In addition to the enormous quantities of mahogany and other valuable woods, this immense tract is considered to be one of the finest wild rubber and chicle properties in Mexico.

The mahogany grown on the limits is known as "Tabasco," and commands the highest prices both in

European and American markets. EARNINGS The last audit of the Company shows an amount standing at the Credit of Profit and Loss Account, after providing for all interest charges, etc., of \$76,690, which is equivalent to nearly 8 per cent- on the common
