Varicocoele and Stricture.

VARICOCELE—If you are tired of being experimented upon, you will find our Latest Method Treatment a guaranteed cure for varicocoele without use of knife or loss of time. It absorbs the swollen condition, restores the parts, thereby bringing back lost power. If you take our treatment, you pay when cured.

STRicture—Thousands of men who have stricture and do not know it if they have been indiscreet, or improperly treated, or notice a smarting sensation, unnatural discharge, weak organs, or back, nervous debility, or if you are not the man you should be, it may be the cause of stricture. If you are in doubt, call and see us, as we will examine you free of charge. Our Latest Method Treatment absorbs the stricture, thereby making cutting or stretching unnecessary, and you pay when cured.

Kidneys and Bladder.

Don't neglect these important organs, as you will regret it. Have you a dull feeling or pain in the back, frequent desire to urinate, deposits in urine? Our Latest Method Treatment is a guaranteed cure for such conditions.

The original sworn affidavits or testimonials can be seen at our offices, \$500.00 reward for any one who can show at request of patients we publish only the initials.

Your Latest Method Treatment acted the way you said it would: my stricture is cured, and the varicocoele entirely disappeared, and I feel stronger than ever; my bladder and kidneys do not trouble me any, I can stoop all day, do a hard day's work without my kidneys troubling me as before I took your Latest Method Treatment; it has cured me after others have failed; if I had consulted you, sooner I would have saved a great deal of money which I had wasted on other doctors. I am your grateful patient.

FOUR BATTLESHIPS.

THE LATEST GREAT ADDITIONS TO THE KING'S NAVY.

Successful Launching of H. M. S. Albemarle, the First-Class Battleship Mounted First-Class Armoured Cruiser Drakes, and the First-Class Cruiser Kent—The Vessels as Shown by Figures and Descriptions.

At Chatham dockyard, says Lloyd's Weekly of recent date, H. M. S. Albemarle was successfully launched by the Commander-in-Chief at the North, christened the vessel by breaking a bottle of South Australian wine over her bows. The service was conducted by the Rev. W. Oxlund, garrison chaplain, and the band of the Chatham Division Royal Marines attended and played nautical selections. Thousands of spectators witnessed the launch, which was carried out under the superintendence of Admiral Swinton Holland. The Albemarle's launching weight, minus armour plates, was 5,100 tons.

The first-class battleship, Montagu, was launched from Devonport dockyard, in the presence of 10,000 persons, the vessel being christened with a bottle of Colonial wine presented by the Agent-General for South Australia. Upon Lady Chas. Scott cutting the ropes which held the doghouses, the ship hung for a moment owing to the grease on the cold weather, but, with the assistance of hydraulic jacks, the Montagu

H. M. S. KENT ON THE STOCKS.

was sent off, the launch being entirely successful.

Both the foregoing vessels have a displacement of 14,000 tons, are 405 feet in length, with a beam of 75 feet 6 inches, an indicated horsepower of 18,000, and are expected to make a maximum speed of 19 knots. They will each carry a crew of 762, including officers. The heavy armaments of both vessels will comprise four 12-inch breech-loading mark IX guns, which will be mounted in shield-protected barbette, the latter strengthened by a belting of 10-inch armour plating. In addition, the Albemarle and her sister ship will each carry 12 6-inch quick-firers, mounted in steel casemates, 10 12-pounders, six 3-pounders, eight 303. Maxims, and four 18-inch torpedo tubes.

In the presence of several thousand people, the first-class armoured cruiser, Drake, was successfully launched from Pembroke dockyard by Mrs. Phillips, of Lawrence Castle, Pembroke. The Drake has been built on the lines of the Tynes, and is provided with a belt of 6-inch broadside armour. The indicated horsepower of her engines is set down at 30,000, which should give her a maximum speed of not less than 23 knots.

The new first-class cruiser Kent was successfully launched at Portsmouth, being named by Lady Hotcham, wife of the Commander-in-Chief at Portsmouth. There was a large attendance, and the ship, in spite of very showery weather, the vessel took the water without a hitch, the sun shining brilliantly as she was launched. She has been built from the design of Sir William White, Director of Naval Construction, and is 463 feet 6 inches in length, and 66 feet in breadth, with a displacement of 9,800 tons. The vessel will be propelled by twin screw engines developing 11,000 horsepower. Her tube boilers are of the Belleville type. The side armour is four inches thick, and the vessel has also a protected deck. She will be fitted with two barbette, each carrying two 6-inch guns, and 10 other 6-inch guns will be carried in the casemates. Her other armament will include eight 12-pounder quick-firing guns, besides 3-pounders and Maxims, and two submerged torpedo tubes. The Kent's ram is a steel casting weighing over 13 tons. Her crew will consist of 678 officers and men.

Yarmouth's Handy Man.

Yarmouth guardians the other day appointed a man at a salary of 25s. a week to discharge the following duties: Superintendent pauper funerals, attend board and committee meetings, serve as general assistant to the staff, attend the guardian's office daily, act under the instructions of the clerk, temporarily do duty as deputy porter, take charge of the men's dining-room at the workhouse, assist the relieving officers in removing the effects of paupers who become inmates, act as assistant in removing lunatics to the asylum, give the boys swimming lessons, and render help when necessary at the children's home.

A Martyr to Science.

Prof. Dr. Kollek, the famous rinderpest, and cholera investigator, died the other day at Tien Tsin. He was a victim of sanitary researches.

THE DISTRICT.

ELEVENTH CON., CHATHAM.

The funeral of Annie, the only daughter of Mr. and Mrs. Adam Kennedy took place on Monday morning and it was very largely attended by the relatives and friends. The deceased was eight years of age and was only ill about ten days, and her parents have the sincere sympathy of a large circle of acquaintances. The remains were interred in Maple Leaf Cemetery.

WABASH.

Mr. Carrell & Son have the contract of building a stable for Joe Anderson. Thomas Irwin sold 140 head of cattle to Mr. Watts, Thamesville, on the 23rd. Berton Blakley has been engaged with Wm. Gray & Son, Chatham. Mr. Adkins and Wm. Taylor have a lease in the Later Day Saints' Church on Wednesday evening, the 24th inst. The subject for discussion is, "Whether the world is progressing or degressing."

NORTHWOOD.

On April 23, the Rev. Mr. Hussar, of Credit will preach anniversary services in the Methodist church, Northwood. The ladies have decided to dispense with the usual tea meeting on the Monday evening following and instead a free will offering will be asked for during the day. The musical part will not be forgotten. Come and hear your former pastor. The ladies of the village will be pleased to entertain all who wish to stay for the evening services. Preaching at 11 a. m. and 7.30 p. m. The farmers of the vicinity will be pleased to see any friends from other parts of either city, town or country.

John Osterhout, the financial secretary of Canadian Home Circle, met with a very painful accident a short time ago. He was splitting a little kindling and a piece struck him in left eye, and he intends having it out, as the sight is entirely gone. We hope the members will attend the circle.

TUPPERVILLE.

The snow storm stopped the farmers working. Wm. Ruttie is building a new kitchen. Mrs. R. Campbell is on the sick list. Mrs. Robert Dunlop called on Mrs. K. R. Reid last week. Noble Lindsay left last week for Cleveland.

Lue Lopper has returned from St. Catharines. Miss Davis spent a day at Dresden. A lecture was given here by Prof. Gray, M. D., of Detroit, on Monday night.

Mr. John Wilcox spent a day at Dresden. Mr. and Mrs. Henry Tobey returned Saturday, after visiting Captain Young, of Lambton.

Arthur Dell leaves on Wednesday to take a situation in the Maple City. The public will miss Mr. Dell. As a clerk he has few equals.

CHATHAM TOWNSHIP.

Quite an excitement was aroused in this vicinity last week, there being two runaway teams. The horses belonged to Peter McKerrall. One of his men unfortunately fell from the team and was injured. The horses broke away from the plough; then another team immediately followed, rushing madly down the 5th concession and were not overcome until they reached the farm of Wm. Mills, of the 4th Con., where they were stopped by some men working near by.

The harness was broken to pieces but no other damage was done. Mrs. Stanley Arnold was the guest of her mother, Mrs. Joseph Weaver, of the 4th Con., on Wednesday.

Robert Park visited our school on Wednesday and reports excellent success from our popular teacher, Miss Wilson.

Mrs. Robert Little, of Thorncliffe, is the guest of her sister, Mrs. Wm. Arnold, of the 4th Con. James Foster, of Chatham, is the guest of his uncle, Jacob Krieger, of the Centre Side Road.

Mrs. Peter McKerrall is slowly improving from rheumatism. Stanley Arnold intends moving to his new farm on the 4th Con., on Monday.

McKAY'S CORNERS.

The rain did come at last, and what a storm it was! It has brought out the buds wonderfully, and made the grass put on its summer color. The wheat in our district is not very promising so far. E. Newcombe and A. Alexander have already drilled out in their wheat fields.

A very pretty and quiet wedding took place last Wednesday evening, when Robert Galbraith, of McKay's Corners, and Miss Winters, of Botany, were made man and wife. Just the relatives of the bride and bridegroom were present, and a very pleasant evening was spent. The young couple will reside on the town line. They have the good wishes of the whole community.

George Booth, the genial grocer and postmaster of the village, has been house cleaning the past week. Charlie Fluelin, proprietor of "The Wanderer's Retreat," spent Tuesday in Ridgeway on business.

The regular meeting of the Endeavour Society was held last Monday evening, instead of Wednesday, its usual time. Mr. Robertson conducted the meeting.

Alex. Clark, teacher of McCully's school, took charge of the Bible class of St. James' Church last Sunday.

A noted London club man once laid a wager with a friend that the latter could not sell a given number of gold guineas at a penny a piece. He won his wager. The people refused to buy. They thought he was offering too much for too little. It may be that the claims made for Dr. Pierce's Favorite Prescription seem almost too great to women who in years of suffering have found no help in doctors or medicines. But it is to be remembered that no claim is made for "Favorite Prescription" which is not substantiated by thousands of women cured by its use. Its effects are truly wonderful. It wipes out past years of pain as a sponge wipes a slate.

Favorite Prescription is the great medicine for women. It establishes regularity, dries encrusted drains, heals inflammation and ulceration and cures female weakness. It is the best preparation for maternity, making the baby's advent practically painless.

"When I wrote to you in March, asking advice as to what to do for myself," says Mrs. Ella Reynolds, of Guffie, McLean Co., Ky. "I was expecting to become a mother in June, and was sick all of the time. Had been sick for several months. Could not get anything to stay in my stomach, not even water. Had miscarriage twice in six months, and threatening all the time with this one. Had female weakness for several years. My hips, back and lower bowels hurt me all the time. Had numbness from my hips down. Had several hard cramping spells and was not able to do any work at all. I received your answer in a few days, telling me to take bottles, and before I had taken it a week I was better, and before I had taken it a month I was able to help do my work. On the 27th of May my baby was born, and I was only sick three hours, and had an easy time."

"We praise Dr. Pierce's medicine for it has cured me."

Dr. Pierce's Pellets cure biliousness.

day evening of the fifteenth inst. A very impressive service was held in the Methodist Church on Wednesday. Interment took place in the Sheldahl Cemetery.

Mrs. W. Bradley, of Bothwell, was in Florence on Tuesday. Mr. William Sweet has received, has received a good position in a drug store at Alvinston.

Rev. J. J. Brown, of Bothwell, occupied the pulpit morning and evening in the Presbyterian Church.

We are pleased to welcome to our village Peter McMillan, of "B" Co., First Canadian Contingent, who is in the employ of D. Nairn & Co., as chemist. Mr. McMillan volunteered from Sarnia and was one of the first men accepted in "B" Co. He served all through the campaign and was in every engagement participated in by the first Canadian contingent to South Africa. He was never ill nor was he injured although belonging to "B" Company, which lost so many brave fellows on Feb. 20th at the Modder River. Mr. McMillan was the recipient of a very fine gold watch and chain from the citizens of Sarnia.

Girls' Feet.

"Girls between the ages of 15 and 18 generally have big feet," said a fashionable shoemaker, "and they are at such periods of their lives disposed to be fat and flabby, but at 22 a remarkable change takes place. The foot then completely subsides, the fatness disappears, the flesh of the foot becomes firmer, the muscles and tendons get stronger and the bones become well set. Altogether a great difference is noticeable."

"Yes, we have great difficulty with girls of about 17 or thereabouts, for then they require a shoe large as a full grown woman. When they get older and the foot becomes settled, new boots made on the old last will be found too large, and it is only when the young ladies complain that their new shoes are too big that we know their feet have undergone the change just described. Then explanations have to be given, but the shoemaker doesn't mind that so much, for a woman as she grows older likes to be told that her foot is getting smaller."

"No, I don't think that cycling increases the size of a girl's foot. Thus, one of our own lady customers have asked us to make their new boots a shade larger, but this difficulty is got over by making them 'full.' We have never altered the length."—Washington Star.
