As the Australians were on the eve of embarking for home the other night they blocked the News office, smashed the windows, unhooked the door, which they used as a battering ram to smash the tables and other furniture. They scattered the files and destroyed typewriters. The editor escaped through a window. The next day the military authorities sent an official to pay for the damage done.

CAPE TOWN, April 25.—A despatch from Dordrecht, Cape Colony, says the Voornery under Col.
