

FAILED TO FIND WITNESS.

New York Paper's Search In Muskoka Was Fruitless.

\$20,000 Insurance on Sutton's Life Said to be Involved

And That Is Reason For Wishing Suicide Record Obliterated.

Efforts made by a New York paper to locate and interview Miss Mary Elizabeth Stewart, an important witness in the second enquiry which the United States Government is conducting into the death of Lieutenant James N. Sutton, whose mother says he was murdered by other officers at Annapolis in October, 1907, although the late court of investigation declared him to be a suicide, has attracted considerable interest in the case among the residents and summer residents in the vicinity of Lake Muskoka, Ontario, where the girl is said to be staying.

ADAR LAL DHINGRA, The Indian student who murdered Col. Sir Curzon Wylie in London, Eng.

FIERCE RIOTS. HOME FOR HER

Trouble in Belfast and Liverpool on the Twelfth.

Hospitals Filled With Victims of the Frays.

London, July 14.—All the hospitals at Belfast and Liverpool are filled with victims of Monday's rioting between the Roman Catholics and the Orangemen, which followed the annual celebration of the Orangemen.

The rioting was continued all day yesterday and grew to its most serious stage last night in Belfast, where the rioters repeatedly turned on the police and routed them. As soon as the police were driven back the rioters separated into clans again and began fighting among themselves.

Finally a force of 300 policemen were unseated against the principal squad of rioters and a pitched battle, which lasted for more than an hour, followed. The police were compelled to swing right and left with their clubs, and cracked many a skull before the rioters were finally dispersed. The seriousness of the fight is indicated by the fact that eight policemen have been sent to the hospitals suffering from severe wounds, while every hospital in the city is filled with riot victims, six or eight of whom are so seriously injured that the physicians declare there is no chance for their recovery.

The streets of Belfast are being patrolled by all the reserves while the troops of the barracks there are under arms, ready to aid the police in suppressing another riot which may occur.

Several stores were sacked during the melee, thieves taking advantage of the disorders. Nearly all the windows in one section of the city were smashed out by flying rocks thrown by the combatants.

Officers at the barracks say that Mrs. Mary Sutton Barker, Toronto, opened yesterday afternoon at the city morgue, where the body had been taken for water preservation.

No evidence was taken at yesterday's proceedings. The coroner, Dr. M. M. Crawford, called two witnesses, Constable Wm. J. Black, and the son of the deceased woman, Mr. Geo. R. Rae, but the Crown Attorney, Mr. E. C. Sprenger, asked no questions, preferring to elicit all the evidence in one evening. Mr. Thomas Waldron was elected foreman, and the inquest was adjourned to Friday night.

TELKWA COAL.

Samuel Barker On Way Home From the Fields.

Vancouver, B. C., July 14.—Mr. Samuel Barker, M. P., Hamilton, left for home yesterday after a trip to Telkwa Valley, northern British Columbia, where a syndicate in which he is interested owns a large area of bituminous coal lands. With the advent of the Grand Trunk Pacific through Bulkley Valley, it is expected a branch will be built to the coal basin. The coal is well adapted to cooking and steaming purposes.

SENT BACK TO TORONTO.

The city was well rid of two incontinent trouble makers when Philip Weiss and Hyman Cohen, runaways from Toronto, were put on the boat by the police and sent to their native city, Toronto. The Toronto police were notified, and it is likely that the lads will be met at the wharf and taken in charge. The local officers communicated with the parents of the two boys, but they wrote back to say that they were incorrigible, and did not offer to send for them.

Direct Importation

Of our celebrated twenty-eight cent tea, packed where it's grown in air-tight packages, then shipped direct to us. No middleman's profit. That's why we can afford to offer you such splendid tea for so little money. It's being used by hundreds of the best families in the city. Sold only by us and in one-pound lead packages.—Bain & Adams, 89-91 King street east.

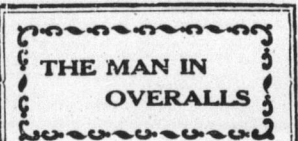

SAFETY DEPOSIT BOXES

To rent at \$2 a year and upwards, for the storing of deeds, bonds, stocks, wills, silver and other valuables. TRADERS BANK OF CANADA.

Luna Park Burned

Buffalo, July 14.—Luna Park, a pleasure resort at Main and Jefferson streets, was practically destroyed by fire that broke out early to-day. Among the buildings burned were the skating rink, the theatre and a number of concession buildings on the east side of the park. Manager McBroom estimates the loss at \$50,000, with some insurance.

The grand stand, although scorched, was saved, as were also a number of buildings on the extreme north and south side of the grounds.

THE MAN IN OVERALLS

Don't forget the 5 o'clock closing hour.

Give your horse a chance these hot days.

Is there anything else the mountain people would like?

Wouldn't it be great if we had a Gore Park every other block or so?

No pollywogs in the water this season. Thank the sandusucker.

Providence is good to Canada. Fine crops and beautiful weather.

Don't fritter away valuable time. Business is business.

You never hear of anybody being arrested for swearing in the street. Has everybody quit?

If your dog's health is being injured by the confinement you can get a medical certificate to that effect and have him out on parole for a few weeks. At least I suppose Dr. Roberts wouldn't object.

The Maple Leaf forever.

As between the York Loan money and the patriotic fund I think I would choose the former.

My Liberal friends might in the meantime be thinking up some scheme to get ahead of the O.G. gang at next election.

The Cataract Company will no doubt show its good sense by coming to an agreement with the city to supply power for the mountain. There is going to be a big town up there some of these days.

Talking of drilling the policemen, the heavyweight, short breath division ought to be worked out regularly on the cinder path. The policeman who can't run a block without being winded needs trimming down.

If it is not one fake it is another to fool the people.

Why don't the Kinrade jurors get together and give Whitney a piece of their mind? They should demand union wages.

Twenty years from now people will wonder why women were prevented from voting.

Dr. Oeler was 60 years old this week. I haven't heard of his being chloroformed.

One word more. Is there any chance of us having a cattle show, or a horse show, or a flower show this year? Poor show for any of them, I am afraid.

In this Greater Hamilton movement is there to be no street railway extension? Lots of room for it.

Mother, poor dear, is beginning to wish that school was open again. Johnnie is such a trial.

The man who lives in the next block says that he finds his wife's health much better when she gets up and does her own washing. He can sleep better in the mornings too.

Well, if you would be pleasant to others, they would be pleasant to you. The world is pretty much what we make it.

If you are in good health and getting three square meals a day you needn't envy the King.

Still sleeping with your bedroom window open?

AN APPEAL.

Lookers-On at Sunday Crap Game Want to Save Fines.

Mr. T. H. Crerar has entered an appeal against Magistrate Jelfs' conviction of several negroes for violation of the Lord's day act. These men were found by the police in a room leased by one named Wamsley. Some were engaged in shooting crap, others were looking on and taking in the fun. The question arose if those who were not actually taking part in the game were liable under the act. Magistrate Jelfs took the stand that they were, and imposed a fine of \$5 on each. Mr. Crerar maintains that the conviction in the case of those who were engaged in the game was all right, but he appealed against the fine imposed on those who were not.

The appeal will be tried to-morrow before Judge Monck.

The leak in the Welland Canal was thought to be repaired, but when the water was let in the bank gave way again and the break is worse than ever.

MUST COME OFF POLES.

Unightly Advertising Placards Will All be Removed.

Inspection Shows Lighting System to be Good.

West End Sewer System Patchwork—Difficult Job Finished.

The unsightly placards that adorn telegraph, telephone and electric light poles around the city must come down. The Council sometime ago passed a by-law making it an offence, punishable by a heavy fine, for any one to nail advertising matter on poles but the Bell telephone people were the only ones who made an effort to enforce it. The Cataract Power Company has decided now to take advantage of the by-law and keep its poles clear. General Manager Hawkins, who was not aware that the city had passed such legislation, wrote asking that something be done, and was forwarded a copy of the by-law. The telegraph companies have also been supplied with copies, with a request that they enforce it.

Secretary Brennan and officials of the Cataract Power Company made an inspection of the west end of the city the other night and found the street lighting system in good shape. As the arc lights are much higher than the gas lamps, however, a great deal of pruning will have to be done on streets where the trees are thick. Whether the Board of Works or Parks Board will do this is not known yet. The Ontario Pipe Line Company has cut the gas off from the American Street Lighting and Supply Company's pipes, and to-day the city engineer notified the company to remove its equipment from the street. It has three months to do so. The fact that the equipment has been ordered removed indicates that there is not much chance of the petition from west end residents, asking that the gas lamps be continued on certain streets, being granted.

The Sewers Department has just finished one of the hardest jobs it ever tackled—the construction of the Princess street sewer. It has been connected with the annex plant, which will be ready for operation as soon as the motor is installed. A trench had to be blasted through the rock on Princess street, which made the work very difficult. Mayor McLaren thinks the sewer system in the west end is nothing but a piece of false work, and he has instructed the city engineer to make a complete report.

Building permits were issued to-day as follows: Stewart & Witton, three storey brick fireproof warehouse, corner of O'Reilly and Walnut streets, for Storage & Transfer Company, \$9,000. Stewart & Witton, stone and brick bank building, corner of Victoria avenue and Barton street for the Bank of Montreal, \$6,000. Charles Makinson, brick house on Westmoreland avenue, \$2,000.

Vital statistics for the three months ending June 30, show births, 421, marriages, 187, and deaths 235, as compared with 400 deaths, 137 marriages and 251 deaths, for the previous quarter.

Mayor McLaren said to-day he would have to obey the law and the Council and sign the by-law to spend \$10,000 enlarging the isolation hospital, unless there was some legal technicality.

CONTRACTS WILL BE LET.

Hydro Transformer Stations to be Built Soon.

Tenders for the construction of the transformer stations at Niagara and Dundas were accepted by the Hydro-Electric Commission yesterday, and the contracts will be let in the course of the next few days. The tenders are below the estimates. The buildings will be completed by Dec. 1.

The foregoing announcement was made yesterday by the Hon. Adam Beck, chairman of the commission.

Tenders will be called for to-day for the construction of the remainder of the transformer stations to be erected in the various towns and cities where the commission will deliver power.

To-day Hon. Mr. Beck, accompanied by the chief engineer of the commission, Mr. P. W. Sothman, and Mr. Ross, of Ross & Holgate, Montreal, the consulting engineer, started on a trip of inspection of the whole line and right-of-way from Niagara Falls to Windsor. They will examine the sites and inspect the right-of-way.

"The object of the inspection," said Mr. Beck, "is to enable the commission to make a full report in the interests of the public on the progress of the work to date, and the date of the probable completion of the work."

STARTED ON TOUR.

Toronto, Ont., July 14.—With a view to enabling the Hydro-Electric Commission to furnish the public information with a full official report of the progress of the building of the line and stations, and the probable date of the completion of the line, Hon. Adam Beck, chairman of the commission, the commission engineers, and consulting engineer Ross, of Montreal, left to-day on a tour of inspection of the right-of-way of the whole line. The commission, Mr. Beck says will invite tenders for the construction of the remaining stations immediately and expects all contracts to be signed by the first of August.

Frank Fearman's cottage at Hiro Island, Muskoka, was destroyed by fire last night.

WARNING TO HOTEL MEN.

Inspector Sturdy After Those Who Sell to Indians.

He Will Likely Have to Begin All Over Again.

Late Importation Fined \$20 For Carrying a Billey.

MR. DAVID DEXTER, Elected President of the Ontario Lawn Bowling Association yesterday.

GEO. F. DRISCOLL

Who Is to Control the Bennett Theatrical Interests in Canada.

Inspector Sturdy intends to enforce the law against hotel keepers who violate the law by selling liquor to men whose names are on the Indian list, and as a warning to others he had the proprietor of the Germania Hotel summoned to the Police Court this morning, charged with selling drinks to John Warran, who has been on the list for over a year. Warran was in the prisoners' dock yesterday, charged with being drunk, and when asked where he had secured his liquor he replied that it was from the Germania Hotel. He was remanded until to-day. Warran, when put in the witness box again, swore that he was served with drinks at the Germania Hotel on Saturday morning. He further said it was not the only hotel he had been in, and added that he could get a drink in almost any hotel in the city.

"How long have you been on the list?" enquired the Magistrate.

"I think it must be over a year, since I was never served with a notice, and the only way I knew I was on the list was when I was refused a drink in one of the saloons," answered Warran.

"Well, if that is so, I don't see how you can go on with the case, as Inspector Sturdy had nothing to do with the notices at that time."

The inspector was questioned as to whether he had any way of finding out whether Warran had been notified, but he said no record was kept of the notices, and it could not be definitely said whether one had been sent to him or not.

Under the circumstances the Magistrate thought the case would have to be dropped and the defendant was allowed to go. Warran still had to answer to the charge of drunkenness, but as he had been in the jail since Saturday the Magistrate allowed him to go without a fine.

George Warran, of Carlisle, did not pay any attention to the summons which was served on him on Monday warning him to appear before Magistrate Jelfs at the Police Court this morning. He was charged by Robert Brown with blocking the public highway by refusing to let a rig pass him. The complainant said he was driving to Carlisle one night last week when he overtook Warran, who would not allow his rig to pass. For over two miles every time Brown would attempt to pass the defendant, he said, would cut across his path and stop him. The defendant did not put in an appearance.

John A. Taylor, a late importation from the old country, ran amuck last night on the market square. He had worshipped too long at the shrine of Bacchus and was in a very wobbly condition when he accosted Constable William McLean and attempted to sell him a wooden billey for \$5. The officer promptly confiscated the weapon, which was a short affair, loaded with a piece of iron. They are better known in the "profess" than in civilian life, and it is a serious offence to be caught with one in one's possession. Taylor pleaded guilty to the double charge of carrying an unlawful weapon and being drunk.

"Where did you get that billey?" demanded the Magistrate.

"My father gave it to me when I left the old country."

"A nice thing for a father to present his son with who is going to a new country to start life," commented his worship, "you are fined \$20 or one month in jail."

William Trevaskis, Beamsville, Maggie Lynch, and John Crossover, Burlington, were fined \$2 each for being drunk last night.

SUDDEN CALL.

Emery Heartwell Died Suddenly at Home in Guelph.

The sudden death of Mr. Emery Heartwell in Guelph on Saturday last will be learned with deep regret by a large circle of friends and acquaintances in Hamilton and Guelph, his former home. For the past twenty-seven years he lived in Guelph. He had not been in the best of health recently. On Saturday night he passed away suddenly at his home on Park street. He was highly respected as a citizen and as a business man. For many years he was acting agent for the Home Life Insurance Company. A family of eight children are left to mourn the loss of a father who in life was greatly endeared to them. They are Mrs. Robt. Anderson, Guelph; Mrs. E. Spires, Guelph; Mrs. W. T. Heartwell, Hamilton; Mrs. J. B. Dunn, Galt; Messrs. Charles and Harvey Heartwell and Misses Grace and Annie Heartwell at home in Guelph.

TO REOPEN CASE.

A. L. Kline, proprietor of the Brant House, against whom judgment for \$16 back wages was given in favor of Kate Stevens yesterday at the Police Court, asked the Magistrate to re-open the case this morning. He said he was out of the city when the summons was served, and did not return until to-day. His Worship thought this reasonable, and the case will be taken up again on Friday.

Genuine Calabash Pipes.

South African calabash pipes are light in weight, very durable, smoke cool and color well. They are sold in all sizes, plain or silver mounted, at peace's pipe store, 107 King street east.

When Ants Invade

the house sprinkle Ants' Death around the places where they frequent. This compound is non-poisonous, but ants can't stay where it is, 25c per package. Roachbane is guaranteed to exterminate roaches and water bugs. 25c. 50c and \$1.—Parke & Parke, druggists.
