POLICEMAN SAYS

MAN INSULTED HER
BUFFALO, April 13.—Policewoman Lillian Morrison and Lillian Hartnett, yesterday afternoon arrested August Wehlan, thirty-eight years old, of No. 220 North Division Street in a Main Street Moving Picture theatre on a charge of outraging public decency. The policewoman entered the theatre to investigate complaints made at headquarters to the effect that men were molesting women in the theatres.

Mrs. Morrison occupied a seat at one side of the theatre while Miss Hartnett sat on the other side to wait developments. Mrs. Morrison charges that Wehlan, who occupied the adjoining seat, made insulting advances to her soon after she sat down.

Mrs. Morrison signalled to her sister officer and they arrested Wehlan. He left the theatre and walked to police headquarters without creating a disturbance, the women said.

ONTARIO WANTS THIS POWER.

London Free Press.—Premier Drury is quite right in his position that Ontario claims as a right the power to be developed on the St. Lawrence river. In correcting the member for London the Premier showed the proper grasp on the subject. If Ontario has control of hydraulic development at Niagara Falls, why not also upon the St. Lawrence River? The Government at Ottawa is interested in securing the anticipated St. Lawrence river power because of its adaptability to the operation of the Federal railway system. This however, has no bearing upon the matter. If the power is required for the National Railways or any portion of it, the Federal Government can arrange for its purchase upon satisfactory terms. Ontario has showed her ability to deal with power development, and it would be most unfortunate were any interference with this policy to come from Ottawa.

Growth Shows Desire To Extend Army Work

Commissioner W. J. Richards, chief of the Salvation Army in Eastern Canada, has completed his fifth year in that capacity. During that time the Army has seen one of its greatest periods of usefulness. This period takes in the "war years." The great war had been under way since August and new problems presented themselves to the organization when he assumed command. These problems required a large measure of initiative to overcome. The task of rendering the highest and most efficient service was shouldered and Canada paid tribute to the success which attended those efforts by over subscribing the amount asked for during the Red Shield Drive.

Commissioner Richards is a forceful man. He is a man of few words. He believes in doing things. During the five years, more than 11,000 persons are recorded as having sought salvation. Notwithstanding the losses due to war, there are today nearly 2,000 more names on the Membership Roll than there were in this territory five years ago.

In July, 1915, Canada East was separated from Canada West, the dividing line being Port Arthur. Ever in view of this, there are now only forty one fewer officers in active service in the Eastern territory alone than there were in the combined territories five years ago.

In the Field Report two very striking indications of financial growth are given. In 1914, the Self-Denial total for the combined territories was \$43,726. In 1919, for Canada East alone, it was \$75,591. Harvest Festival returns have been doubled.

Shows Solid Growth.
In all the various departments recorded. This shows that as often as humanly possible every opportunity has been seized for the advancement of every branch of the organization inasmuch as every act of service means the welfare of somebody, the same rate of growth has been reposition which the Salvation Army occupies today indicates tremendously increased service to the community.

This service has been rendered under the leadership of Commissioner W. J. Richards. His five years in Canada have been five big years for the Salvation Army in Canada, and give great promise for the future.

Port Colborne went on the daylight saving plan at midnight Saturday.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if Back Hurts or Bladder bothers.

If you must have meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure and makes a delightful effervescent lithia-water drink.

SAYS PICKFORD DIVORCE FRAUD

SEATTLE, Wash., April 14.—That Mary Pickford's divorce, recently granted in Nevada, was a "palpable fraud on the courts" of that state, and is being investigated for evidence of collusion to prevent possible establishment of precedent, is the view of the case taken by Governor Emmett D. Boyle, Nevada, in Seattle today.

"The Attorney-General is investigating," said the governor. "It is so palpable a fraud on the courts that we have to take steps to discourage such collusion. Our six months' residence clause, which causes people to come to our state for divorce appeals to everybody for voting or any other legal residence and has been on our statutes since 1861. We think it is a good way but don't want it abused."

A GOOD MEDICINE FOR SPRING USE

Harsh Purgatives Should be Avoided
— Tonic Will Restore Your Energy.

Not exactly sick but not feeling quite well. That is the way thousands of people feel in the spring. It is a sign that the trying indoor life of winter has left its mark upon you. Easily tired, appetite fickle, sometimes headaches and a feeling of depression. Pimples or eruptions may appear on the skin, or there may be twinges of rheumatism or neuralgia. Any of these indicate that the blood is out of order, and these symptoms may easily develop into more serious trouble.

Do not dose yourself with purgatives as so many people do, in the hope that you can put your blood right. Purgatives gallop through the system and weaken instead of giving strength. Any doctor will tell you that this is true. What you need in the spring is a tonic that will build up the blood and nerve. Dr. Williams' Pink Pills can do this speedily. This medicine enriches the blood, clears the skin, improves the appetite and makes tired depressed men, women and children bright active and strong. As an example of the value of these pills we give this statement of Mrs. S. M. Burnie, Tatamagouche, N.S., who says: "I have good reason to speak in the highest terms of Dr. Williams' Pink Pills. I was badly run down, failing in weight, and suffering from dizzy spells and weakness. In fact my condition was such that I was hardly able to do my housework. A friend advised me to try Dr. Williams' Pink Pills and after using several boxes there was a noticeable improvement. I continued using the pills for some time longer and found that I had fully regained my old time health and strength and was able to do my housework without feeling weak and worn out as I did before I began using the pills."

Dr. Williams' Pink Pills can be obtained from any dealer in medicine or by mail at 50c a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

THE Triplex Springs of new
Overland 4 make possible
the first light car with the stead-
iness of a heavy, long car.

Public appreciation of the new features of Overland 4 is shown in ever-increasing demand for this car. Upkeep cost is low because the Triplex Springs protect the mechanism from the usual road shocks. Light weight creates great economy of fuel and tires.

COMMISSIONER HIGGINS HERE TO CONFER ON SAL- VATION ARMY MATTERS

Com. W. J. Richards, head of the Salvation Army in Eastern Canada and Col. John McMillan, Chief Secretary are conferring with Commissioner Higgins, Chief of Staff and Second in Command of the Salvation Army for the work who arrived in

Boston from London, England, recently. Com. Higgins came to America to discuss matters pertaining to Salvation Army affairs in Canada and the United States, with Commander Eva Booth, head of the Salvation Army in the United States and with the Canadian officials. He was for many years Chief Secretary of the United States and recently succeeded

Com. Howard as Chief of Staff and Second in Command. Many matters having any important bearing upon the future policy of the Salvation Army, and its reconstruction work are to be taken up at this meeting and it is expected that on his return Com. Richards will have something to say in regard to the questions affecting the policies to be followed in Canada.

The Telephone Situation

What We Get For the Money!

On January 1st this year our total investment in telephone property—buildings, equipment, tools and supplies, plus what it has cost in actual cash to put this working equipment into service—was \$51,458,306. On the same date we had in operation 337,476 telephone instruments.

This means an investment of \$152 for each telephone instrument in service.

What has been provided for this investment of \$152 per telephone?

Here are some of the things:

An exchange telephone system in thousands of cities, towns and villages in Ontario and Quebec with substantial fire-proof buildings the last word in sanitation and convenience; 36,750 miles of Long Distance wire on 9,300 miles of poles; 587,000 miles of wire in underground cables; many hundreds of miles of wire providing party service to rural communities besides exchange and pole line facilities to give exchange connection to 720 local telephone organizations serving over 108,000 subscribers, mostly farmers.

It takes some 11,600 telephone workers to operate the system and their wages in 1919 totaled \$9,400,000.

This goodly band of faithful workers, with those dependent on them, are a substantial element in the community. They are intimately concerned in its welfare—concerned most of all that the telephone service shall be adequate to its needs. They appreciate, just like the rest of humanity, the kindly co-operation of the public.

The Bell Telephone Company
OF CANADA

Canada's National Biscuit

THE soda biscuit is a Canadian institution—it is found on the big majority of Canadian dinner tables.

And of soda biscuits, McCormick's Jersey Cream Sodas are the leaders in Canada.

They have a reputation of sixty-one years' standing. What a test of the value of a food product!

Every one of the hundreds of thousands of Canadians who eat them know that the high quality is consistently maintained.

McCormick's

Jersey Cream Sodas

Sold fresh everywhere. In sealed packages.
