The Saturday excu-sions over the Island Railway, inaugurated has ten mar by Sipt. Usaworth, have again been revived this season. Some of the principal streets of the city were swept last week with the view of testing the feasibility of the scheme as a help towards the allayment of the dust nuisance. It seems to have worked admirably on Queen st, for during yesterday's strong breeze, and with the street only partly sprinkled, the nuisance was there hardly perceivable, while it held high carnival on those which had not received treatment at the hands of the sweepers. The Street Committee should continue the good work.
