We must forever part.

"Imitation is the Sincerest Form of Flattery."

The best proof that

MINARD'S LINIMENT

has extraordinary merits, and is in good repute with the public, is that IT IS EXTENSIVELY IMITATED. THE IMITATIONS resemble the genuine article in appearance only. They lack the general excellence of the Genuine.

This notice is necessary, as injurious and dangerous imitations are being produced in quantities for the purpose of chronic inflammation of the skin, are often substituted for MINARD'S LINIMENT by Dealers, because they pay a larger price.

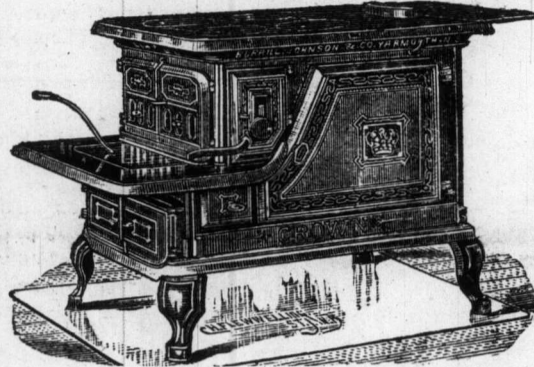

They all Sell on the Merits and advertising of MINARD'S.
One in particular claiming to be made by a former proprietor of MINARD'S LINIMENT, which simply is a lie.
