As soon as the ears have been taken from the sweet corn the stalks should be cut up and fed to the cows in as green a condition as possible.

3 Sleepless Nights, made miserable by that terrible cough. Shiloh's Cure is the remedy for you. For sale by J. Wilson, Druggist.

In buying pigs for breeding stock the best is the cheapest, though it cost a little more money. The reason why breeders justify themselves in saving runs, is because some men are thoughtless enough to buy them at a low price.

5 For lame back, side or chest, use Shiloh's Porous Plaster. Price 25 cents. For sale by J. Wilson, Druggist.

It is a question with some good wheat growers whether the manure should be applied before the first ploughing or afterward, but the prevailing tendency is toward ploughing first, then to draw and spread the manure on the surface, and afterward work it into the soil in subsequent cultivation. The manure is thus kept nearer the surface, where it is believed to do the most good.

4 Catarrh Cured, health and sweet breath secured by Shiloh's Catarrh Remedy. Price 50 cents. Nasal injector free. For sale by J. Wilson, Druggist.

How a Dude Caught Cold. A slim young man in the height of fashion was violently sneezing in a street car, when a companion remarked, "Aw, Chawles, dear boy, how d'ye catch that dreadful cold?" "Aw, dear fellow, left my case in the lower hall to-day, and in sucking the ivory handle, so dreadful cold, it chilled me almost to death." "If Charles had used Dr. Harvey's Red Pine Gum his cold would not trouble him very much. For sale at J. Wilson's prescription drug store.

The idea that chickens belong to the herring family seems to be generally prevalent with shippers. Trampled, bruised and suffering from thirst, mostly of the poultry that comes to market is wholly unfit to use directly from the coop. While it is not practicable to send chickens to market in palace cars, it is possible to ship them with some regard to the comfort of the fowls, and for the stomachs of those who pay for and who are to eat them.

7 Shiloh's Vitalizer is what you need for constipation, loss of Appetite, Dizziness, and all symptoms of Dyspepsia. Price 10 and 75 cents per bottle. For sale by J. Wilson, Druggist.

The roots of the ranunculus can be set in the open ground if care is used to protect them with litter from frost. A place somewhat shaded is preferable. If there is lack of protection, keep the bulb in the house until there is a chance in early spring to put them in the ground. The bed should be rich and deep, not dry, poor or gravelly. If dry weather should set in during the summer, a mulch of grass or hay will be found better than constant watering.

Seeing is believing. Read the testimonials in the pamphlet on Dr. Van Buren's Kidney Cure, then buy a bottle and relieve yourself of all those distressing pains. Your Druggist can tell you all about it. Sold by J. Wilson Goderich.

Gapes will seldom appear when the water supply is pure and wholesome. The continual use of sulphate of iron in the drinking water is almost a sure preventative against gapes. Take one-quarter of a pound of sulphate of iron and pound it up fine in any old vessel strong enough to stand the pounding; pour upon it one gallon of boiling water, allow the contents to stand two or three days, and then use in quantities sufficient to give all drinking water the characteristic taste of iron.

13 "HACKMETACK," a lasting and fragrant perfume. Price 25 and 30 cts. For sale by J. Wilson, Druggist.

As many of our readers may not know the value of the different kinds of feathers, we will state that, like everything else, they sell according to quality, at present prime live geese bringing 47 cents per pound; mixed white and grey feathers, 40 cents; damp and musty live geese feathers, 35 cents; mixed geese and duck, 45 cents; good duck feathers, 30 cents; dry picked chickens, 3 cents; scalded, 1 cent; turkey, from body, 7 cents; rump, damp and poor, 2 cents; turkey tail feathers, 10 cents; turkey wing feathers, 8 cents. These prices, of course, fluctuate, but they will enable our readers to form a comparison of their value. - [American paper.]

In many cases winter wheat obtains too large a growth in the fall. Pasturing is often suggested as a remedy for this evil, but one difficulty is that it is not always easy to get enough of the right kind of stock. Cattle and horses trample the ground too close. Calves will do much good and little harm, but few farmers have a sufficient number of these animals for the purpose. However, if excessive growth is being made something should be done. Rolling or harrowing the wheat in a dry time will generally have a good effect. These operations bruise the leaves, which checks growth as certainly as if they were eaten off by stock.

The peach "curl" fungus grows within the tissue of the peach leaf. The fungus does not confine itself to the leaves, but works in the young stems, causing them to take on strange shapes and unnatural colors, and to wither or turn brown, and at last to die. This pest, though somewhat different in its manner of growth, is a close relative of the black knot, so destructive to plum and cherry trees. The only remedy for the "curl" is the knife. All the branches which are affected should be cut out and burned. This disease is propagated by means of small spores that are found in the leaves later in the season. By burning they are destroyed. Those who have had plum orchards ruined by the black knot know something of the way in which the fungus can destroy valuable fruit trees. The peach "curl" belongs to the same destructive class.

Look Here. Look here my friend don't turn up your nose. And say you're near dead. Well, well, I suppose. Asthma and bronchitis have kept you in bed. Billiousness, sick headache, O, my poor head! Now, why do you suffer such terrible ills. When Dr. Jugg's medicine and reliable pills will aid, relieve, cure whatever it be. Or no matter how long standing the case, do you see? Now go to the druggist, and it according. For sale in Goderich by FRANK JORDAN

The First Sign

Of falling health, whether in the form of Night Sweats and Nervousness, or in a sense of General Weariness and Loss of Appetite, should suggest the use of Ayer's Sarsaparilla. This preparation is most effective for giving tone and strength to the enfeebled system, promoting the digestion and assimilation of food, restoring the nervous forces to their normal condition, and for purifying, enriching, and vitalizing the blood.

Failing Health.

Ten years ago my health began to fail. I was troubled with a distressing Cough, Night Sweats, Weakness, and Nervousness. I tried various remedies prescribed by different physicians, but became so weak that I could not go up stairs without stopping to rest. My friends recommended me to try Ayer's Sarsaparilla, which I did, and I am now as healthy and strong as ever. - Mrs. E. L. Williams, Alexandria, Minn.

I have used Ayer's Sarsaparilla in my family, for Scrofula, and know, if it is taken faithfully, that it will thoroughly eradicate this terrible disease. I have also prescribed it as a tonic, as well as an alterative, and must say that I honestly believe it to be the best blood medicine ever compounded. - W. F. Fowler, D. D. S., M. D., Greenville, Tenn.

Dyspepsia Cured.

It would be impossible for me to describe what I suffered from Indigestion and Headache up to the time I began taking Ayer's Sarsaparilla. I was under the care of various physicians and tried a great many kinds of medicines, but never obtained more than temporary relief. After taking Ayer's Sarsaparilla for a short time, my headache disappeared, and my stomach performed its duties more perfectly. To-day my health is completely restored. - Mary Harby, Springfield, Mass.

I have been greatly benefited by the prompt use of Ayer's Sarsaparilla. It tones and invigorates the system, regulates the action of the digestive and assimilative organs, and vitalizes the blood. It is, without doubt, the most reliable blood purifier yet discovered. - H. D. Johnson, 323 Atlantic ave., Brooklyn, N. Y.

Ayer's Sarsaparilla,

What True Merit Will Do.

The unprecedented sale of Boschee's German Syrup within a few years, has astonished the world. It is without doubt the safest and best remedy ever discovered for the speedy and effectual cure of Coughs, Colds and the severest lung troubles. It acts on an entirely different principle from the usual prescriptions given by physicians, as it does not dry up a cough and leave the disease still in the system, but on the contrary removes the cause of the trouble, heals the parts affected and leaves them in a purely healthy condition. A bottle kept in the house for use when the disease makes their appearance, will save doctor's bills and a long spell of serious illness. A trial will convince you of these facts. It is positively sold by all druggists and general dealers in the land. Price, 75 cts. per large bottle.

The ground nut that is used by poultrymen and purchased as a fine powder is first pressed with powerful machinery in order to extract all the oil, and then ground. In order to derive all the oil the meat must be thoroughly heated, and steam is used for this purpose, the pressure being applied while the steam is passing through the meat, which thoroughly cooks it. The bones are allowed to remain with the meat, and the marrow is also extracted, and that which the poultryman procures is really just what he desires - the nitrogenous matter. The meat is the refuse of hotels, the offal of slaughter houses, and even the pickings of the slop barrels, all of which is thoroughly disinfected during the process of stamping.
