#### Final Regatta Meeting.

Hon. Ino. Harvey presiding. There attended with the President the following members of the Committee: V. Pres. Hiscock, Secretary Noonan, Treasurer Crotty, Mayor Ellis, Dr. Scully, Messrs, W. J. Higgins, J. R. Bennett, B. Wood, P. Laracy, W. J. Martin, R. Dowden, A. G. Williams, T. McNeil, T. J. Foran, J. W. Morris, J. L. Slattery, P. F. Moore, W. Duggan and T. D. Carew.

The minutes of the previous meetng having been read and adopted, Mr. Moore intimated that the greasy pole was in readiness- for Regatta

The President then brought under the notice of the Committee the fact that Lord Brassy, who is visiting here in his yacht Sunbeam, had donated the sum of \$25 as a special prize to be competed for at our Derby. The President regretted that Lord Brassy could not be here to witness the Regatta. He had called to thank him for his generous act, but as he was engaged on his vessel he could not see him. His Lordship wished the money to be spent in purchasing a cup to be competed for, the trophy to be known as Lord Warden's prize. Lord Brassey had succeeded the late King Edward VII. as Lord Warden of the Cinque Ports, and he would wish the cup to commemorate this. The President, through a gentleman who would see him before he left, conveyed the thanks of the Committee to His Lordship, suggesting, however, that instead of a cup, medals be struck and presented to any crew which would lessen the record time of 9.13 2-5 secs. There was a prospect soon er or later of this record being reduced, and the holding of medals for such a purpose would tend to perpetu ate interest, not alone in our great aquatic sports' day, but in the reduction of the time referred to. Mr. Higgins agreed entirely with this and held if these medals were won by any crew this season that next year others should be put up to still further reduce record time and thereby improve—which such an innovation should—the standard of rowing. I was therefore decided to adopt the President's idea and have the medals made and suitably inscribed because of the distinguished donor, to be presented to the crew breaking the local

record. A hearty vote of thanks proposed by V. Pres. Hiscock was then accorded Lord Brassey.

On motion of Mr. Hiscock it was re solved unanimously that Hon. R. Wat son, in the absence of the Premier be invited to be the guest of the Committee during the day.

Mr. Higgins impressed upon the Committee the necessity of warning coxswains of boats to come inside of the stakes in the case of close con tests, and they were asked by the President to govern themselves ac cordingly.

The Regatta will take place to morrow, weather permitting, the first race to be started at 9.45 sharp. The final entries were made as fol-

Gerful medicine. For six weeks last fall I could scarcely walk around for pains in the bank and legs, and was almost completely unfit for work. Though I tried several medicines I got no better. I saw Dr. Chase's Kidney-Liver Pills and bought five boxes. After I had used three boxes, I was greatly improved and by the time I had them all taken felt as well as I ever did. I would advise anyone suffering from kidney disease to use Dr. Chase's Kidney-Liver Pills, one by the time I had them all taken felt as well as I ever did.
