**PURITY FLOUR**  
And Its Keeping Qualities

SOME people find it necessary to buy a considerable quantity  
of flour at one time—sufficient to last for a long period.  
Naturally they are anxious to procure a flour of the kind best  
adapted to lengthy storage.  
There are two important reasons why PURITY FLOUR  
possesses these qualities. One is that it is made entirely from  
Manitoba Hard Wheat. The other lies in the fact that the careful  
milling necessary to produce "Purity" absolutely excludes all  
low-grade particles of the wheat berry. It's the high grade  
Manitoba Hard Wheat Flour that keeps—stands longest storage.  
That's "Purity."

"Purity" flour may cost a little more,  
but is more than worth the difference.  
Try it. Watch results both for quality  
and yield.

"Octopus" Anti Incrustator.  
In the kettle insures pure soft water,  
by collecting and retaining the scales and  
fur, that without it, will adhere to the  
sides of the kettle or boiler.  
Water containing the "Octopus"  
boils with far greater rapidity, thereby  
saving time and fuel.  
Pure water means HEALTH.

**WHY** should I buy a roofing that  
needs to be painted every lit-  
tle while to keep it tight,  
when, for the same money or less, I  
can buy AMATIE which needs no  
painting?  
The outer surface is composed of  
real mineral matter, which makes  
painting unnecessary.  
With an Amattie Roof on your  
building you end your roofing trou-  
bles. When you buy a roofing that  
requires frequent painting you begin  
them.  
Smooth roofings that require paint-  
ing are a nuisance and an expense.  
When you buy them, you buy trouble  
and protection.

**Spring Announcement!**

"Like a bold champion I am sure the lists,  
Nor ask advice of any other thought,  
But faithfulness and courage."  
The winter frost and snow have lent their aid in harvesting the product of  
the forest. The logs are now rapidly bounding through the open Rivers on  
their way to meet the onslaught of Circular and Gang Saw. The result will  
be Lumber in galore, and of the best.  
The clean atmosphere, high winds and warm sun of Notre Dame Bay have  
united to provide the seasoning process in perfection, so that our 1910 stocks  
arrive here clean, bright and dry. Already several large cargoes have  
been landed at our wharves, St. John's, in spite of a late spring. Others  
are in course of transit.  
We call upon our friends in St. John's, and through the length and  
breadth of the country to send us their orders.
