Recruiting in Electoral Districts.

The table of the number of men who have joined the Naval Reserve or the Regiment which we published yesterday, gives the figures according to electoral districts, but these districts vary very considerably in population. At the last census, in 1911, Carboneau had a population of 5,114, as against St. John's 45,685. It is clear that we must take the size of the population into account when considering the number of men who have enlisted in the army or navy from these districts. In order to find out how the districts have done in relation to one another we have divided the population according to last census by the number of men now serving in the King in the Newfoundland and land forces. This gives us an average of the number of people in each district it takes to provide one soldier or sailor for the King.

The table of honourable precedence comes out as follows:

Elec. Districts	Fighter	People
St. John's	One out of 38	
Trinity Bay	One out of 59	
St. George's	One out of 63	
St. George's	One out of 72	
Bonaville Bay	One out of 85	
St. Barbe	One out of 88	
St. Main	One out of 90	
Trillington	One out of 95	
Fogo	One out of 99	
Carboneau	One out of 134	
Ferryland	One out of 165	
Burns	One out of 176	
Fortune Bay	One out of 212	
Burgeo & LaPointe	One out of 216	
Bay de Verde	One out of 329	

This table of honourable precedence emphasizes as we have many times mentioned the need of bringing before the young men of the different districts a knowledge of their duty. The need is greater in some districts than in others. Where recruiting is low, we believe the opportunities of learning and knowing their duties to King and Country are lacking and the distribution of recruiting numbers of the daily papers is to bring home these duties to young men and to their parents.

and on the reverse a picture of the King, and round it, George V. Britt. Omn. Rex et Imperator. The medal hangs from a silver brooch to which it is attached by a cardinal ribbon with a dark blue stripe down the centre. The medals were sent out to the Newfoundland Regimental Record Office in St. John's and were shown to us by the courtesy of Mr. Howley.

FINAL PICTURE OF THE GODDESS.

This pretty story is one of the most attractive ever produced for the movies, and everyone in St. John's who is fond of moving pictures has been pleased with the style and action of this grand picture. The final chapter is one of the best. It will be repeated to-day and we advise all who were unable to attend yesterday to go and see it, that they will be delighted with it there's no doubt.
