## The Government to Blame.

The action of the Prime Minister in adjourning the House of Assembly on Friday afternoon last until Thursday next was a tacit admission of the incompetency of the Government, and a complete answer to the party press, which charges that the Opposition are to blame for the delay in closing the session. The real truth is that the Government has not any definite programme yet prepared, although it is now going into three months since the Legislature opened. Had the Prime Minister been ready with the necessary Bills yet to pass the House, he would not have so willingly accepted the suggestion of the leader of the Opposition to adjourn the session. But having notice served upon him by Sir Michael Cashin that not one money vote would go through, unless the Railway policy of the Government was immediately brought down, the Prime Minister saw a loophole through which to crawl and promptly adjourned the sitting. Not even a protest was uttered against this by Hon. Mr. Coaker, the man who invariably raised Cain, when in Opposition, because the House at that time was in session over two months. He acquiesced this time, and following his lead there was no objection from his adherents.

The obvious purpose of the Government was to avoid, if possible, the bringing in of its future intentions regarding the operation of the railway, the future of which will be deadlocked in a week, as the Government has given notice that the Railway Commission will not be responsible for employees salaries after June 30th, and the Company has not expressed any willingness to carry on. It can scarcely be credited that the country was to be kept in the dark regarding what was to happen to the chief transportation and mail service of the Colony. But on the face of it, there is every appearance that the Government did not intend to present any legislative matter on that subject. Otherwise it would have been ready long ago. The adjournment is the only evidence required in proof thereof. Patently therefore it was the design of the administration to get through with all the business on the Agenda Paper and close the House without mentioning the Railway. That move was blocked by the leader of the Opposition. The motion to suspend the rules of the House, withdrawn from the Order Paper some days ago, was also a move calculated to do away with full discussion on whatever business came up, but the Opposition were watchful and checkmate was called. Newfoundland had too much Executive Government during the twelve months preceding the present session of the Assembly, and has no wish for a recurrence during the coming annual period. Orders in Council may suit reactionaries, but they are not beloved of a free people. The Government has to get busy within the next forty-eight hours. Negligence on the part of the Prime Minister may land him and his party in Queer Street, toward which they are making rapid headway. Had they not the country in tow no one would mind how quickly they arrived at their destination.

## The Confusing Sales Tax.

Yesterday afternoon the Importers' Association met in the Board of Trade Rooms for the purpose of discussing the Sales Tax. The meeting did not object to an extra tax but strongly condemned the method of its application, which caused nothing but confusion. It was decided that the matter be brought before the Government for re-consideration. The Board of Trade is also taking the matter of this Squire Sales Tax up and a general meeting of the Board has been called for this evening when action will be decided upon.

## Successful Recital.

A capacity audience attended the recital given by Miss Marjorie Nightingale Hutchings at the Methodist College Hall last night. The concert which was under the patronage of His Excellency the Governor, was a splendid success, and all who were present were entranced with the delightful musical treat provided for them. In the several numbers which she rendered Miss Hutchings, who possesses a beautiful contralto voice, of more than ordinary range, charmed all her hearers, her performance defying all criticism. The violin selections of Mrs. (Dr.) Murphy were excellent and were loudly cheered whilst the recitations of Miss Alice Woods were exceedingly well received. The very fine baritone voice of Mr. Earl Spicer was greatly appreciated by the audience. The scenes and choruses from Orpheus which brought the recital to an end, was excellent. The beautiful story of Orpheus and Eurydice is too well known to necessitate its being retold, and the way in which it was rendered by Miss Hutchings and Mrs. Garland left nothing to be desired. After the performance Miss Hutchings was the recipient of a beautiful bouquet. During the evening, Mrs. W. Rendell and Mr. W. Moncrieff Mawer acted as accompanists. The stage was splendidly decorated with a profusion of flowers which added to the beauty of the setting for the Greek Tragedy.

## Smuggler Seized.

Schooner Iama, from St. Pierre, with the small cargo of twenty gallons of rum, was seized by Canadian Customs officials at Port Morien, C.B., last week. The liquor had, however, vanished when the sleuths boarded the craft, but on admission of having had it made by the Captain, who was under the influence at the time, the commander of the revenue cutter Restless seized the vessel, which becomes consigned to the Canadian Customs.

## Case Again Adjourned.

The case of Robins vs. Council, which has now been on for some time, was again adjourned this morning until this afternoon. During the morning Councillors Morris, Ayre and Peet were examined. During Mr. Morris's cross-examination, the warfare was maintained between witness and counsel for the plaintiff, Mr. G. W. B. Ayre. Up to the hour of adjournment the cross-examination of Mr. Mahony, Secretary-Treasurer of the City Council, had not been completed.

## Feildians vs. Saints.

The Saints line-up for to-night's game is as follows:—Goal, Joyce, backs, Calvert, Carmichael; halves, Elton, Foster, Clouston; forwards, Sowers, Munn, Sowers, McNeil, Young. There are no changes in the line-up. Jack Chase is "crooked" and unable to play, and it is understood that Paterson is also out of the team. He was secured, Jack Strang and Eric Jerrett will replace these two. The game should prove a very keen one.

## Will Drill for Water.

The time of sailing of the S.S. Susu to the Northern Service has been postponed owing to a delay in getting on board some extra freight consisting of about \$7000 worth of well drilling material. The Government intends using in Fogo district. It is likely the ship will get away some time this afternoon.

## Successful Newfoundland.

Mr. Gordon Green, brother of Mr. R. J. Green of the Telegram staff, has recently been appointed manager of one of the Winnipeg branches of the well known shoe firm of Deck Ltd., Toronto. Mr. Green, who left here several years ago, served through the war with the Imperials and saw service in the Dardanelles. In 1917, he joined his present firm and is rapidly forging ahead in commercial life.

After an excellent repast had been partaken of the toast list, which was a lengthy one, was gone through, whilst songs by Capt. Snow and recitation by L. C. Dicks were rendered between the toasts. The affair was brought to a most successful conclusion by the singing of the National Anthem.

## Netting the Rivers.

The Game and Inland Fisheries Board report salmon plentiful in all the well known rivers. Netting on both the east and west side of the river is being carried out extensively this year owing to there being no wardens. This does not apply to the Salmonier River, where a warden has been placed by a number of gentlemen interested in preserving the fish.

## TO-DAY'S MESSAGES.

**LEAGUE COUNCIL IN SESSION.**  
GENEVA, June 20.  
The Council of the League of Nations to-day resumed its decision on the question of neutralization of the Aland Islands, urged by Hjalmar Branting, former Premier of Sweden, as necessary to Sweden's security. Consideration of the complaints of Germany on the garrisoning of French troops in Sarsa Valley, expulsion of German functionaries connected with the strike in 1920, and the use of French money, resulted in the Council approving of the presence of troops, but suggesting that they be reduced as far as possible, and naming a commission to enquire into the expulsion of German functionaries, giving it full powers to use French money.

## FATALLY WOUNDED.

DUBLIN, June 20.  
Col. Lambert, in command of a brigade at Athlone, was fatally shot this evening and Mrs. Chalonner was slightly injured. The shooting occurred when they were returning from a tennis party was fired on by six men. The driver of the car speeded up when Col. Lambert and Mrs. Chalonner were hit. Col. Chalonner and Mrs. Lambert were uninjured.

## JOHNSON BILL PASSED.

WASHINGTON, June 20.  
The Johnson Bill, to permit aliens who sailed on or before June 8 last, to land at United States ports, in spite of the percentage immigration law, was passed late to-day by the House. The number permitted to enter under the bill is approximately ten thousand.

## USED BLACK JACKS.

BERLIN, June 20.  
Thousands of unemployed workmen to-day entered the Labor Union Assembly, and demanded that Emil Kautsky, who had had steady employment, should give up their jobs, in order that idle workmen might be employed. The President of the Union Assembly was badly beaten with black jacks, and left bleeding on the floor. The fight spread, until 5000 persons were embroiled, using fists, chairs and sticks. Repeated alarms brought several hundred police to the scene, who cleared the building after the uproar had continued for two hours.

## GUERRILLA TACTICS.

DUBLIN, June 20.  
Lieut. Breeze of the Worcestershire Regiment was shot to death by a band of armed men near Dublin yesterday. Breeze was shot and badly wounded when a car, in which he was riding with three young women, was held up. The miscreants left two of the women by the roadside and forced the third to drive them into the hills, where they stood Breeze up against a wall and shot him to death. The bodies of three officers, who were kidnapped yesterday in Tipperary, were found to-day. It is officially reported they bore bullet and gun shot wounds, and had been blindfolded. A man was shot yesterday at Garrick. At Rathernack, County Cork, two civilians who failed to halt when challenged were shot and killed.

## Personal.

## Blame the Nfld. Railway Commission.

Many of the Newfoundlanders who have been arriving here within the past few days, and whom it was found necessary to deport, as they did not have the required amount of cash, were formerly employees of the pulp and paper company at Grand Falls. Through ignorance of the regulations which calls for each person to be possessed of \$200, numbers have come here in the expectation of finding employment only to learn that there are no jobs available. Great indignation is being expressed against the Railway Commission in selling tickets to laborers before first informing them of the regulations prevailing here. The Railway Commission suffers no financial loss in having the men deported, as the government bears the expense, but the men feel that the railway people are treating them unfairly and causing considerable financial loss upon them. The strike situation at Grand Falls remains unchanged, and there does not appear to be any hope of a settlement, unless the workers agree to accept the cut in wage proposed by the Company. At the present time paper can be brought to the mill in England at a price cheaper than it can be manufactured in Grand Falls. Under these circumstances the Company claim that they cannot possibly operate their mill at the old rate of wages, and compete successfully with foreign competition.—North Sydney Herald.

**STAR OF THE SEA ASSOCIATION.**—A Special Meeting of the Star of the Sea Association will be held in the T. A. Armoury on Tuesday night at 8.30 o'clock.
