TRANSFER OF MINISTERS OF METHODIST CHURCH

Many Eastern Ministers Have Been Transferred to Alberta

James Calvert, Alberta by Rev. C. H. Russell, Saskatchewan by Rev. J. C. Switzer, and Manitoba by Rev. A. W. Cooke. The Newfoundland conference was the only one not represented. It was stated that Newfoundland is producing more preachers than she can use, which explains why so many of Newfoundland preachers have been transferred to the west, where there is a dearth of men. HUSBAND CATCHING BY FAT WOMEN

Many a too plump lady is groaning in spirit at this moment, as she looks back with a lollipop between her fingers and thumb, at the thought of her matrimonial chances.
 She tells herself she can never give up her lolling and her lollipops and go in for exercising and dieting instead. Not even for a husband. Yet one glance over her bulging breasts, at her equally well advertised hips, tells her all hope is vain unless she reduce.
 Now, such girls are simply being the times, or they would not worry about their reducing. They would reduce and do it without disturbance of their appetite for candy or luxurious ease. All that is needed to take off twelve to sixteen ounces a day, and rapidly reduce the hips, chin, abdomen, etc. (where fat is most objectionable) is one pleasant, elegant Marmola Prescription Tablet, after meals and at bedtime.
 Get the fat off where it jellies most and see what that change will do toward attracting the men. The tablets are not injurious in any way (being made after the famous Marmola Prescription—viz. 1-2 oz. Marmola, 3-4 oz. Elix. Casarea, Aromatic, 4-4 oz. Peppermint Water), and they are not expensive, the Marmola Co., 117 Farmer Bldg., Detroit, Mich., and all druggists asking only seventy-five cents for a large case.

OBJECTS BECAUSE ROOSEVELT RECEIVED THE MASON'S

Paris, April 8.—Mr. Roosevelt's reception of Freemasons during his stay in Rome has called forth criticism from a section of the Royalist and Catholic press. The Gaulois says that the incident justifies the precaution adopted by the Vatican, indicates that Mr. Roosevelt probably would have received the Masons after his audience with the Pope, had such an audience taken place. The Vatican's attitude of working the vengeance of a disappointed tourist and punishing an ungrateful pauper by the bowing down before the idol of Masonry. The papal culture department, embassy and consulate and prominent American residents of England, will be among the guests.
 The Tablet, the organ of the Roman Catholic church in Great Britain, commenting upon the Vatican-Roosevelt incident, says that the correspondence involved affords melancholy reading, and that the public the world over thinks that the whole is a "tragedy of errors."

DISEASES CANNOT BE CURED BY COMBINATION
 Union of Religion, Suggestion and Medicine Not Successful.
 San Francisco, April 8.—The Emanuel movement, having to do with the treatment of disease by a combination of religion, mental suggestion and medicine, and in which it was hoped an effective cure had been found for neurasthenia and other disorders of the nerve system, has proved a failure at St. Luke's hospital here according to a statement made by Bishop Nichols of the Episcopal church.
 The local experiment has lasted a year, and every effort has been made to test the efficacy of the prescribed treatments. The hospital's psychiatric ward has not been discarded, but the experiment has been discontinued. The superintendent of the institution has sent in his resignation, effective May 1.
 The San Francisco experiment has been closely watched by medical men throughout the country.

TRIED TO HOLD UP TRAIN IN STATE OF MINNESOTA

But the Bandits Failed to Get a Cent for Their Trouble
 St. Paul, Minn., April 8.—Two masked bandits attempted early today to hold up the Chicago, Milwaukee and St. Paul railroad Pioneer Limited, which arrived in St. Paul at 7:15 o'clock this morning.
 The men boarded the train at New Lishon, Wis., getting in by way of the forward vestibule of the front sleeper, which had been left open when the conductor took orders to the engineer. The men passed through the front sleeper into the rear vestibule of the car, locking both doors of the vestibule. When Conductor Shumway passed through the train he was stopped by two masked men, who commanded him to hold up his hands.
 Shumway disregarded the order and leaped upon the larger of the bandits. In the scuffle which followed the railroad man was overpowered. The tall man then reached down under the steps and cut the air hose and the train came to a stop. The men jumped off and fled into the darkness. Not a cent of money and no valuables were obtained by the bandits, according to an official statement, made by Conductor Shumway.

SEVERE FIGHTING FOR THE TROOPS OF THE SULTAN

Clanmen in the District of Pristina Are Making Trouble
 Pristina, Turkey, April 8.—The arrival of heavy reinforcements has enabled the Turkish troops to everywhere check the advance of the clanmen who have been threatening Pristina, but it was only after severe fighting for two days in the vicinity of the river Mab, during which the losses on both sides were considerable, that the government troops were able to bar the victorious march of the Albanians. The latter are gathering reinforcements from the clanmen to the southwest, when it is expected the fighting will be resumed.
Trouble in Peru
 Lima, Peru, April 8.—A detachment of Peruvian troops was dispatched today to the department of Pura, which adjoins the Ecuadorian frontier. These included the young men of the best known families General Casariego and General Bergona have offered their services to the government. G. T. P. STARTS HAULING SETTLERS TO THE WEST

A Train Starts From Montreal on the Way to Edmonton.
 Montreal, April 7.—An important epoch in the history of the Grand Trunk Pacific will be marked this morning when the first immigrant special for the west will leave the Bonaventure station here. The train, the first being the new transcontinental, will carry three hundred settlers from New England and eastern Canada to points in Saskatchewan going west over the Grand Trunk, the Grand Trunk Pacific and the connections. The settlers will travel on a complete G. T. P. train of tourists and baggage cars and will reach their destination early next week. It is expected that a number of special trains over the new transcontinental will be run out from here during the season as the rush of immigration to the west has grown to a great demand for lands along the G. T. P. in the far western provinces.

NEW STRENGTH IN THE SPRING

Nature Needs Aid in Making New Health-Giving Blood
 In the spring the system needs toning up. In the spring to be healthy and strong you must have new blood. Just as the trees must have new sap. Nature demands it and without this new blood you will feel weak and languid. You may have twinges of rheumatism, the sharp stabbing pains of neuralgia. Often there are disgusting pimples or eruptions on the skin. In other cases there is merely a feeling of tiredness and a variable appetite. Any of these are signs that the blood is out of order—that the indoor life of winter has told upon you. What is needed to put you right is a tonic and in all the world there is no tonic can equal Dr. Williams' Pink Pills. These pills actually make new, rich, red blood—your greatest need in spring. This new blood drives out disease, clears the skin and makes weak, easily tired men and women and children bright, active and strong. Miss A. M. Dugay, Lower Cove, N. S., says: "I believe I owe my life to Dr. Williams' Pink Pills. My blood seemed to have turned to water. I was pale as a sheet; I suffered from headaches, and floating specks seemed to be constantly before my eyes. As this trouble progressed my limbs began to swell, and it was feared that dropsy had set in and that my case was hopeless. Up to this time two doctors had attended me, but notwithstanding I kept growing worse. It was at this juncture I began taking Dr. Williams' Pink Pills, and after taking a few boxes I was much improved. I kept on using the Pills until I had taken eight boxes, when my health was completely restored." Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockton, Mass.
